One Correction.
Army Air Mail.
Mr. Meigs Flies In.
What About Sugar?

By ARTHUR BRISBANE

TO SAVE alert young readers the trouble of writing a letter, a sentence published here yesterday which read "When Marshal Ney died, Napoleon said, etc," is now corrected to read "When Napoleon thought Marshal Ney had died in the retreat from Moscow, etc."

Ney lived to turn fawning, to the fat king who took Napoleon's place on the throne of France, thus saving his titles as marshal, duke and prince, and his fortune, and to be called a scoundrel by Napoleon, then dying on his prison island.

ONE HUNDRED AND FORTY-EIGHT army planes are carrying the mails, with more to come. Army pilots will do the work, not any better than the highly-trained air mail pilots, but just as well.

It is to be hoped that Army air mail pilots will be well paid, at least as well as the commercial pilots, and that as many of the latter as care to do so, will find employment in the Army air mail service, with pay as good as that which they had received or better.

THIS USE of Army planes and fliers for carrying mails, made necessary by the conviction of President Roosevelt and Postmaster General Farley that private air mail contracts have been vitiated by fraud, may prove of great value to this country.

It might result in building up a real U. S. air force, every Army mail plane adapted to instant fighting use in case of war, high speed fast mail planes for pursuit, heavy parcel post and passenger carrying planes to use as bombers.

The United States government air mail might well create a commercial air fleet of five thousand or more planes, that could instantaneously be changed into a fighting air fleet, INVINCIBLE.

All kinds of fliers, all kinds of planes will be used in the Army's air mail experiment.

The first 148 planes selected to carry the mail will include 36 attack, 14 bombardment, 67 observation, 30 pursuit and one transport plane.

At first 68 trips will be made each day, a total mileage of 40,830, almost twice the distance around the world.

RIFLES OF early 1776 Americans hanging over their mantels were intended primarily to shoot bears, wolves, deer and red Indians. They were useful in shooting "red coats" when that became necessary. The same might apply to Uncle Sam's flying mail service.

BEFORE LONG of course there will be so many Americans flying on their own account, with private planes adapted to fighting uses, that for anybody to attack the United States by air would be as foolish as for a doormouse to climb up a tree and attack a yellow jacket's nest.

Just before this was written a big plane landed in a heavy rain at the municipal airport at Miami, coming from Chicago. It was piloted by Mr. M. C. Meigs, "All-America" football star and publisher of W. R. Hearst's Chicago American. With him, ready to take his turn as pilot, flew Mr. Jackson, who knows all about Standard Oil of Indiana.

PRESIDENT ROOSEVELT means to do something about the sugar problem which disturbs the world from Utah to the Gulf States, from Asia to Cuba via Hawaii and Porto Rico.

An attempt will be made to allot to each sugar-producing territory its rightful share of the United States market. We cannot or do not here grow any but a small part of the sugar this country needs, and must rely on other countries, particularly on Cuba, so important in case of war because of its nearness to our shores.

It seems fair to protect the producing countries from disastrous over-production and competition by allotting to each a share of our market.

AT THE same time the President undoubtedly will bear in mind the workmen and manufacturers of the United States, more and more deprived of the opportunity to MANUFACTURE into refined sugar the raw sugar that comes from other countries.

Since we give the world's greatest market to the world's sugar growers the least they can do is to let workers, United States citizens, make the wages and profits that come with the refining of sugar.

More and more sugar refineries are springing up in outside countries, ruining the sugar industry and putting great numbers of men out of work in the United States.

Within a short time a magnificent new sugar refinery in Baltimore, Md., employing hundreds of men, has been compelled to close down, with ships from outside countries unloading tens of thousands of tons of REFINED sugar at American ports.

There should be additional tariff placed on *REFINED* sugar, to give American workers and manufacturers the right to refine all sugar used in this country. If we cannot grow it, we might at least be allowed to refine it.

It is an outrage to close up great plants in the United States, depriving workers of employment, and ruining the investment of American citizens, in order to let sugar come in from outside countries that, not satisfied with supplying us with raw sugar, also take from our

3 Doctors Back Defense Suicide Claim

AIR FRAUD DENIED BY BROWN

Former Postal Chief Appears Before Senate Quiz

WASHINGTON, Feb. 19.—(AP.)—Walter F. Brown, Postmaster General in the Hoover administration, told Senate investigators today that in awarding domestic air mail contracts "every requirement of law was observed and no evidence whatever of collusion between the bidders thereon or the holders of any other air mail contract appeared or was ever suggested by anyone."

Appearing before the Senate Air Mail Investigating Committee after charges that collusion and conspiracy had entered into the awards, Brown testified that only three out of 34 domestic contracts were let during his term of office.

DENIES WRONG-DOING

Just prior to his voluntary appearance the former Postmaster General issued a statement denying any wrongdoing in awarding contracts and saying it was "inconceivable" that President Roosevelt with all the facts before him would "sanction such a colossal injustice" as the cancellation of all contracts.

Several hundred persons thronged into the huge committee room to hear Brown relate his side of the controversy, which has stirred official Washington for weeks.

Developments of the committee hearings have included the sending of one aviation company official to jail for contempt of the Senate. William P. MacCracken, the Assistant Secretary of Commerce for Aeronautics in the Hoover administration, also faces a 10-day jail sentence for contempt, but he plans to fight it in the courts.

Brown said in another statement read to the committee there was nothing "clandestine" about the two meetings of air mail operators and postoffice officials

LUXURY PLANE SETS RECORD

By DAVID P. SENTNER
International News Service.

NEWARK, N. J., Feb. 19.—Flashing across the nation through snow, storms and bad weather, Capt. Eddie Rickenbacker, World War flying act, today brought his big Douglass luxury air liner down at Newark Airport 13 hours and 5 minutes after he left Los Angeles carrying the last transcontinental air mail cargo under the old private contract system, to set a new record for the flight for transport planes.

The "semi-stratosphere" dash, speediest on record for a big passenger ship, was made with only three stops en route, one at Albuquerque, N. M., the second at Kansas City and the other at Rickenbacker's home town, Columbus, O., where the big ship was fueled.

This correspondent, who made the flight with a party of aviation officials and newspapermen, found the traveling comfortable, even when the pilots and passengers had to take oxygen as the liner climbed to an altitude of 18,500 feet to ride over a snowstorm which obscured the dangerous Allegheny Mountain peaks.

The plane passed over Pittsburgh at an altitude of more than 17,000 feet at 11:15 a. m.

Snow, Ice Snarl Traffic in City, Zero Wave Near

Sweeping in from the Northwest a snowstorm raged over this district today, coating the highways with freezing slush that paralyzed automobile traffic at some places and resulted in numerous skidding accidents.

Behind the storm was a cold wave that was expected to drop the mercury to between zero and 5 degrees above zero tonight.

A 2½-inch snow blanket will cover this region by tonight, Assistant Observer C. A. Belt predicted. The skies are expected to clear by tomorrow.

As the snow struck the paved streets it melted, but soon froze as the temperature began falling, producing a film of ice.

Traffic crept along Bigelow boulevard. Most autoists were caught unawares and had not put on chains. On grades the going was particularly hazardous. City and state highway crews cindered dangerous stretches.

ARMY ALL SET TO FLY MAIL

Intrepid Army airmen today awaited the zero hour that will launch them in the business of carrying the nation's air mail.

They faced the hazards of bad weather in the Pennsylvania mountains and the knowledge that fellow fliers came to grief in the Pittsburgh district and Ohio while preparing to take up their duties yesterday.

Fears meanwhile were expressed by airport officials for the adequacy of some of the Army equipment in view of the notoriously bad flying conditions in this region.

PILOTS READY

Four pilots were in McKeesport ready to be called to duty shortly after midnight. Two of them will take the controls on flights east and west. The other two will await their turns over the same routes later.

Lieut. Paul M. Jacobs, of Selfridge Field, was on duty as control officer here. Upon him and

Matrimonial Rift Denied by Gloria

HOLLYWOOD, Feb. 19.—(AP.)—Back to the scene of her film triumphs to pick up her career, Gloria Swanson took time out today to issue a denial of marital difficulties between her and Michael Farmer, who she married nearly four years ago.

The report was circulated after Farmer left for Europe, but Miss Swanson explained he had gone on business.

Jeritza Recovering From Cold, Fever

NEW YORK, Feb. 19.—(INS.)—The condition of Maria Jeritza, former Metropolitan Opera soprano, who was taken ill with a cold and fever Saturday, was reported improved today at her suite in a midtown hotel. The singer was forced to cancel a benefit performance at Carnegie Hall Saturday evening.

Rockefeller Unable To Attend Church

ORMOND BEACH, Fla., Feb. 19.—(Universal.)—John D. Rockefeller was unable to attend services at the Ormond Congregational Church with other members of his household yesterday.

The aged oil magnate is reported still under the close care of his physician.

KING'S DEATH DEEPENS TURMOIL

Statesmen Worried By Tragedy to Albert

Associated Press.

As the world mourned King Albert today, hope was expressed in the capitals of the great powers that his death will not disturb the peace of Europe.

How the young Crown Prince Leopold will handle Belgian internal difficulties, including the old racial problems, and how he will act toward Europe's political troubles of the hour, one of the chief of which is Hitlerism, worried the statesmen of many countries today.

France loved King Albert as dearly as her own World War heroes for his stand against the Germans, and in official circles hope was expressed that his son and successor, Leopold III, will be as good a friend and ally.

Members of the Doumergue government were particularly shocked by the death of the ruler of the Belgians because of the efforts France has been making to steam the tide of Hitlerism in Europe.

Premier Gaston Doumergue and his two vice premiers, Andre Tardieu and Edouard Herriot, decided to express the nation's sorrow by a special visit to Brussels today. President Albert Lebrun and Marshal Henri Petain, minister of war and hero of Verdun, will attend the funeral services.

The trip was regarded here as an indication of official anxiety over the political situation in Europe which the King's death creates.

Racial difficulties among the Belgian people, chief of which is the Flemish problem, worry France. Officials consider Belgian unity is now at stake and trust

(Continued on Page Three, Col. Eight.)

Auto Injuries Fatal to Woman Pedestrian

Miss Anna Mesko, 27, of 214 Dunseith street, who was struck by an automobile at the Boulevard of Allies and Halket street January 7, died today of a fractured skull and internal injuries in the Elizabeth Magee Hospital.

J. B. Walker, of 5574 Wilkins avenue, alleged driver of the car, is being held on $1,000 bail pending an inquest.

Bill Taxing Meters Becomes City Law

The $2 tax on all utility meters in the city became law today.

Mayor McNair returned the ordinance to City Clerk Robert Clark today without signing it. The 10 days he had to veto it elapsed Saturday.

Ready to Defend Himself

ROBERT S. SOLES ENTERING THE COURTROOM TODAY

Mr. Soles, prepared to take the witness stand in his own defense against the charge of murdering his wife, pictured today as he entered the courtroom. This is a Sun-Telegraph picture.

NOTES, WIRES OF COUPLE TELL OF AFFECTION AND LONGING

The will of LaRoux Soles and her love letters and telegrams to Bob Soles were revealed in Criminal Court today.

Telegrams carrying her expressions of love for the handsome McKeesporter who is now on trial charged with murdering the lovely LaRoux were admitted in the record—telegrams she wired him while spending the 1933 season at Miami

Six letters she wrote from the same resort also were admitted as handwriting speimens, their contents to be revealed later.

The will, in her own handwriting, showed that she had left between $20,000 and $25,000 to her husband and $5,000 to a brother, John Lynch—most of it in stocks.

All this took place after three physicians had testified for the defense, that they believed the suicide note left by LaRoux could not have been written after, as Prosecutor Jack Haggerty contends, she was shot.

SUICIDE THEORY

The physicians also agreed that there were powder marks and powder particles on LaRoux's body—this to substantiate the suicide theory.

The physicians were Dr. C. B. Schildecker and Dr. Paul H. Franklin, of Pittsburgh, and William S. Wadsworth, of Philadelphia.

Three telegrams which Bob Soles sent LaRoux also were admitted. They read:

"To my Valentine. Much love. Bob."

"Three weeks are too long not to hear from you. Are you ill? Please write to me. Bob."

"House in excellent condition. Am feeling well. Leaving for France in few weeks. Can't you return and go with me? Bob."

ALL SEND LOVE

Here are telegraphic messages which LaRous Soles sent to her husband in McKeesport during her 133 sojourn in Miami:

"We all seid love and best wishes. So sorry I cannot get in touch with you by telephone. Letter will explain. Very anxious to hear from you. Miss you and sure do wish you could be with us to celebrate. Well and happy. Love."

"Please send our mail and dividends. Expect to leave April 1st. Everybody fine. Love."

"Received money. Many thanks. Decided to get enough at one time. Don't worry. I'll be careful. Am feeling much better. Hae good doctor. No reason for you to be worried about anything. We are all in good health and fine spirits. I'll write soon."

Then there was this wire to Soles signed simply "John":

"Watt Martin Mayfield Court."

Then from LaRoux to Bob:

"Shall telephone you at house Monday 9:30 p. m."

And another from LaRoux to Bob:

"Sorry if you were alarmed.

(Continued on Page Four, Col. One.)

DR. WYNEKOOP ON TRIAL AGAIN

CHICAGO, Feb. 19.—(AP.)—Dr Alice Lindsay Wynekoop today went on trial for her life for the second time, charged with the murder of her daughter-in-law Rheta Gardner Wynekoop.

Prosecutor Charles S. Dougherty announced he again would ask the death penalty.

Dr. Wynekoop's plea was not guilty.

The scene as the trial opened in the courtroom of Judge Harry B. Miller was strangely different from the start of her first trial, which was declared a mistrial because of the dangerous physical condition of the defendant, in the court of Judge Joseph B. David a little more than a month ago.

Instead of a pushing, fighting, shouting mob of murder trial fans battling for admission, there was an orderly crowd of spectators, witnesses and jurors which did not even fill the limited seating capacity of the room.

Dr. Wynekoop sat erect in her chair and looked about her with interest, a contrast to the limp figure she presented during the first trial. She said she was shaky but otherwise was feeling fine.

Dr. Catherine Wynekoop, the daughter who had sat in court ministering to her mother during the other trial, and Walker Wynekoop, the older son, were in the court room.

But Farle Wynekoop, the husband of Rheta and the younger son, was not present.

The session devoted to selection of a jury lasted but three hours, when Judge Harry B. Miller announced a recess until tomorrow.

Gets 2 to 10 Years On Larceny Charges

Benjamin Sajlansky, 36, of 2030 Bedford avenue, was sentenced to two to 10 years in the Workhouse today by Judge W. Heber Dithrich when he pleaded guilty to three charges involving larceny. Sajlansky, who was captured while robbing the P. H. Butler store at 2147 Wylie avenue, last September 22, according to police, admitted having received stolen goods and possession of a kit of burglary tools.

British Composer's Condition Critical

LONDON, Feb. 19.—(AP.)—A bulletin by physicians said today that the condition of Sir Edward Elgar, British composer, who has been ill since an operation in October, was unchanged. He was reported to be very weak.

Weather Near Zero, Coal Haulers Quit

CHICAGO, Feb. 19.—(AP.)—With near-zero weather prevailing over the Chicago region, coal teamsters throughout the city walked out on strike today for more pay.

LOST CRUTCHES FOUND IN TREE

Twelve-year-old Jimmy Everhart, of Jeannette, Pa., "scooped" Walter Winchell.

Winchell related in his broadcast last night the story of Bernice Myers, 12, of Jeannette, sufferer from infantile paralysis. Her crutches had been stolen, he said.

Hardly had the broadcast ended when offers began pouring in to Winchell, with money orders, promises of money gifts and instructions to get the little girl new crutches immediately.

But Jimmy Everhart meanwhile had found Bernice's crutches hanging from a tree a block from the little girl's home. This was Saturday. She used them to attend her school classes today. Her father had been carrying her since the crutches were taken from the porch of the Myers home a week ago.

Knickerbocker Sees Mountain of Iron Ore As Menace to Peace

EDITOR'S NOTE—A mountain of ore in Austria is one of the reasons Germany is keenly anxious that the Nazis win control in that country, H. R. Knickerbocker writes in the following installment of his series "Will War Come?" Why the Germans are so anxious to oust Chancellor Dollfuss, the enemy of Hitler, is told in the following article, the fifth in the series of 36 Knickerbocker is writing.

In tomorrow's article, Mr. Knickerbocker interviews President Thomas G. Masaryk, of Czechoslovakia, 84-year-old "father of his country," who is well known in Pittsburgh because of his numerous visits here both before and since the World War.

By H. R. KNICKERBOCKER
International News Service.

EISENERZ IN STYRIA, Feb. 19.—One billion tons of mountain rise up before us in this Alpine village of southern Austria and the sun shines brilliantly on the loveliest potential cause of war in Europe. It shines on 60 giant

JOHN M'GRAW NEAR DEATH

NEW YORK, Feb. 19.—(AP.)—John J. McGraw, one of baseball's greatest leaders and fighters, today was waging a losing battle against uremia in New Rochelle Hospital.

A bulletin issued by his doctors at 9 a. m. reported his condition as wore than last night, when they expressed hope for his recovery, and from other sources it was learned he was sinking rapidly and in a semi-coma. Drs. Louis B. Chapman and E. L. Kellogg reported in their official statement:

"The patient was restless at intervals last night. The general condition is not quite as good this morning. Temperature, pulse and respiration are somewhat increased."

McGraw's age—he will be 61 April 7—is a factor working against his recovery, his physicians point out.

NRA ACTION IN WEIRTON ROW PLEDGED IN 24 HOURS

BOARD TO CALL NEW ELECTION IN MILLS

No Poll of Employes Needed, Says Wagner In Labor Dispute

By JOHN P. COWAN
Sun-Telegraph Correspondent.

WASHINGTON, Feb. 19.—Action within 24 hours by the National Labor Board in the Weirton Steel Company case was promised today by Senator Robert F. Wagner (Dem.), of New York, chairman of the board.

Wagner reiterated the statement that it would not be necessary to hold a poll of employes of the Weirton Steel Company, but that the board would proceed at once to arrange for an election.

He said the announcement of the date for the election would be made.

At the same time he said that he would introduce legislation this week to put "teeth" in the National Recovery Act and provide for the clarification of Section 7-A. Senator Wagner said:

"Some employers—fortunately very few—seem not to understand that the holding of elections for collective bargaining is something with which they have nothing to do. These employers have not learned the new philosophy. However, after the passage of the new legislation they will be made to realize exactly where they stand."

Wagner said that he would have the full support of the administration in presenting the labor legislation for the NRA.

Green Wants U. S. Action On Ford and Weir

WASHINGTON, Feb. 19.—(AP.)—William Green told the House labor committee today the American Federation of Labor is pressing the NRA every day for action on its complaints that Henry Ford is violating the collective bargaining provision of the codes.

The federation president added he was convinced Ford never would comply until forced to do so.

The Ford - NRA - labor controversy was revived while Green was testifying in behalf of 30-hour week legislation. Green also voiced criticism of E. T. Weir of the Weirton Steel Company. Green said:

"There are two, Ford and Weir, who either will have to surrender to the government or the government to them. Weir has assumed the position he will not comply with the spirit of the letter of the NRA.

"It is inconceivable any corporation in the United States could or should be bigger than the government. We are waiting to see whether the government will establish its supremacy and authority in dealing with Mr. Ford and Mr. Weir."

DARROW NAMED TO SCAN NRA

WASHINGTON, Feb. 19.—(AP.)—A board to observe the effect of NRA codes upon small enterprises, nominated by Senator Nye (Rep.), of North Dakota, and including in its membership Samuel Seabury, New York investigator, and Clarence Darrow, Chicago lawyer, was created today by Hugh S. Johnson.

To be known officially as NRA's "review advisory board" it meets next Monday to organize in time for participation in the ensuing public hearings and code authority meetings on reorganization of NRA code policy.

Besides Seabury and Darrow the board is to include:

Samuel C. Henry, of Chicago and Washington, former operator of Philadelphia drug stores, and until last year publisher of a retail druggists' journal; Fred P. Mann, Sr., of Devil's Lake, N. D., former owner of the largest retail store in that state; W. W. Neal, Marion, N. C., hosiery mill operator; John F. Sinclair, New York attorney, former banker and authority on financial and economic subjects.

Coal Men's Head Hits Freight Rates

NEW YORK, Feb. 19.—(AP.)—C. B. Huntress, executive secretary of the National Coal Association, told the American Institute of Mining and Metallurgical Engineers today that there can be no permanent recovery until the freight rate structure is overhauled with very substantial reduction of rates on basic commodities.

He attack particularly the rates on coal.

How About That Fire Plug? -:- By QUIN HALL

PREACHER AIDS ROBBER HUNT

BOSTON, Feb. 19.—(AP.)—The Rev. Norman Brighton, 48, yesterday volunteered his help in locating his daughter and two men sought for questioning in connection with the $15,000 Needham bank holdup and the slaying of two Needham policemen on February 2.

The pastor said he was the father of Norma Brighton Millen, 19, wife of Merton Millen, who with his brother, Irving, are being sought. They disappeared a week ago and so far the hunt for them has been fruitless.

Mr. Brighton, a member of the American Christian Missionary Society, told state police, they said, that his daughter eloped with Millen last October and that he had not seen her since that time.

The pastor and his wife were divorced in Boston in 1921, police said. He retained sustody of their three children, Thelma, 23; Norma, 19, and Clarence, 22.

WOMAN'S TEETH MURDER CLUE

Solution of a mystifying murder in the mountains near Colorado Springs, Col., in which Pittsburgh police are participating, today hinged on possible identification of the victim's teeth and a corset and coat she was wearing.

Pittsburgh police learned today they had been following a false clue when Colorado Springs police yesterday located the owner of a woman's pocketbook which was found near where a woman's shot and half-burned body was discovered last June 4.

The pocketbook contained a pair of glasses sold by Dr. H. K. Gestrich, 4726 Liberty avenue, Pittsburgh, and a calling card of Martha L. Kelly, Mrs. Kelly, who lives in Colorado Springs, identified the bag as hers last night, according to Colorado Springs police.

Douds Named NRA Compliance Officer

Charles T. Douds today was named as NRA labor compliance officer to handle complaints of labor violations in Western Pennsylvania. His appointment and that of Albert Katz, Philadelphia attorney, to a similar post in the eastern part of the state were announced by E. N. Jones, state director of National Emergency Council.

CLAIRTON CWA RULE PROBED

Disclosures that political fights and radical agitation has been hampering CWA work in Clairton today brought a warning from CWA officials that projects would be closed down if inefficient.

The investigation was started after Mayor R. W. Ostermayer, of Clairton, had attempted to turn in a dismissal blank for the discharge of a CWA worker, according to Philip H. Lantz, deputy county administrator.

Ostermayer denies signing the blank but admits signing an affidavit that a Philip Gori, CWA worker, was dismissed by the city engineer on the Mayor's order. The Mayor said Gori absented himself from his job for several hours.

According to W. N. McDermott, director of CWA personnel, the investigation, which has been going on for two weeks, disclosed:

Trouble and complaints due to political strife and struggle between rival political factions.

Attempts to delay work on projects and discredit both the Clairton city administration and the federal administration.

Radical and Communistic agitation as an aftermath of the steel strike of 1933.

Alleged attempts by a J. J. Smith, head of a so-called Unemployed Council, to collect 10 cents weekly from CWA workers.

The investigator said he believed the city administration in Clairton was doing all possible to aid CWA work and had even appointed Grover Martin, assista it city engineer, to co-operate with the CWA engineers.

Smith denied collecting 10 cents from CWA workers but admitted accepting "donations" varying from 1 cent to 5 cents for carrying on the work of this group. He said:

"Since January 15 we collected about $9 from the men, and I and other members of the committee put in $6."

He denied knowing that the name "Unemployed Council" was that of a communistic organization and said the name would be changed today. He denied he was a Communist and declared his organization was merely trying to aid working men with large families, who were unemployed.

Smith said he was never offered a laborer's job by CWA.

CHILD RESCUED IN ICY RIVER

Angie Holman, 16-year-old Bellevue High School senior, was the borough's heroine today.

An expert swimmer, with three medals to her credit, she utilized her skill yesterday by leaping, fully clothed, into the ice-filled Ohio River at West Bellevue station and rescuing Dorothy Silverberg, 4, of 97 North Jackson avenue, Bellevue.

Angie and two schoolmates, Logan Mills, 16, of 141 Meade avenue, and Nelson Wanger, 17, also of Meade avenue, were strolling along the old shore wall of the dismantled Davis Island dam when they heard screams.

One of several children they had cautioned against venturing too near the edge of the wall had tumbled into the water.

Outdistancing her companions, Miss Holman threw off her fur coat and plunged in. She grasped the child and swam back to the wall, clutching the top with one hand.

Her boy companions reached down and took the unconscious child. Two men in a rowboat took Miss Holman ashore. Today, unaffected by her icy plunge, she was back in her classrooms. She resides at 123 Meade avenue.

RYAN AND HYNES MAKE PEACE

International News Service.

UNIONTOWN, Pa., Feb. 19.—Peace had returned to the troubled Fayette County bituminous fields today with the restoration of harmony between Martin Ryan, left-wing labor leader, and District No. 4, United Mine Workers of America.

At odds for several months since Ryan led miners on strike from the Colonial mine of the H. C. Frick Coke Company, the organization and Ryan were saved from what might have been a serious split by the diplomatic action of District President William Hynes.

Making an impassioned plea for unity, Hynes was able to smooth the path and won a vote of confidence for himself and the restoration of Ryan to the union in good standing.

Hynes also denounced the calling of strikes "every 15 minutes every Monday morning," adding:

"You're just making the brotherhood (company union) stronger when you talk strike."

Saves Child in River

MISS ANGIE HOLMAN, 16 . . . . . SHE LEAPED INTO THE ICE

Miss Angie, Bellevue High School girl who leaped into the ice-filled Ohio, supported herself on ice cakes, lifted out Dorothy Silverberg, 4, 97 North Jackson street. This is a Sun-Telegraph picture.

HOUSING PLANS FAIL TO WIN APPROVAL

McNair Aroused, Will Go to Capital to Explain Projects

Word from Robert D. Kohn, federal director of housing, that low-cost housing projects submitted from Pittsburgh so far are not entirely satisfactory has aroused Mayor William N. McNair.

He plans now to protest in Washington Thursday, following a Kiwanis Club luncheon in Baltimore.

PLANS STUDIED

McNair recently stated that 29 ramshackle, unsafe houses had been torn down in January. After noting this progress, a letter from Kohn today states:

"We are studying various projects presented from the Pittsburgh district. Up to the present time, we are not so satisfied with regard to any project thus far submitted."

McNair said that from this letter it was evident that Kohn did not understand what he had in mind.

PROJECTS OUTLINED

Four major projects for slum eradicatton have been submitted from this district. They include a development planned by George E. Evans in Marshall avenue, near Brighton road, North Side, to build 220 houses at a cost of $1,250,000; a proposal by the W. T. Grange Construction Company for a development on the Stanton Heights golf course owned by the Schenley Estate; a plan offered by Hermin Kamin, builder, for houses on Pioneer avenue, South Hills; and a huge apartment project between Reed, Lombard and Ruch streets, to cost approximately $3,500,000.

It is understood that to obtain federal loans for any housing project, the city has promised to raze as many old houses and apartments as would be built.

MOTHER FIGHTS FOR CHILD IN COURT

Teacher Seeks Girl, 4, Now in Care of Sister-in-Law

Mother love and mother right battled interference of relatives this morning when Mrs. Mary Welsh, school teacher of Derry, opened her fight in court to regain possession of her four-year-old daughter, Mary Jenevra, Mary, whom she "loves better than anything in the world," has been kept from her mother since Armistice Day, Mrs. Welsh testified.

Mrs. Welsh told Judge Samuel H. Gardner how her sister-in-law, Edith P. Welsh, of 221 Tipton street, a teacher in the city schools, came to visit her on Armistice Day and asked to take curly-headed Mary to stay with her grandmother for a few days.

"CRIED 3 HOURS"

Mary, her mother stated, did not want to go. For more than three hours she cried, but finally she was calmed with the promise that she could come home whenever her mother wanted her.

Since then Mrs. Welsh has been unable to see her little girl, she testified. She said she called on the phone and no one answered; she went to the house and the door was always locked to her.

Miss Edith Welsh, in defending her actions, said this morning she did not think Mrs. Welsh, who lives with her mother, Mrs. H. A. Robinson, of Derry, provided a proper home for the child. Her reason she gave as the presence of Belle Robinson, Mary's Aunt Martha, mentally deranged due to a head injury as a child.

Miss Robinson, the defense answered, is kept in her room, away from the rest of the family.

GREETS LITTLE SISTER

While the older folks fought back and forth over the matter, little Mary, a blue ribbon tying up her curls, kissed her younger sister, Edith, still with her mother, whom she had not seen since Armistice Day.

Interested spectators to it all were 30 witnesses, brought here from Derry by Attorney Charles J. Scheif to attest to the fitness of the Robinson home.

EXCHANGE HEAD TO TESTIFY

WASHINGTON, Feb. 19.—(AP.)—Richard V. Whitney will tell Congress on Thursday his objection to pending bills for federal regulation of stock exchanges.

Ferdinand Pecora and his Senate Banking Committee staff have compiled huge figures giving a full panorama of stock market operations and arguments for federal control.

Although Whitney arranged to testify before the House committee Thursday, he will be called to the Senate committee stand also for presentation of the evidence which is to wind up the current Wall street inquiry.

Pecora's picture has been gradually pieced together for months on the basis of information obtained from a questionnaire sent to all members of all stock exchanges. He said it will constitute the most elaborate and illuminating data ever gathered on market operations.

Not until next week will the Senate committee start hearings on the Fletcher-Rayburn control bill itself.

Grain Market Quiz Proposed in Senate

WASHINGTON, Feb. 19.—(INS.)—A sweeping Senate investigation of gambling practices on the grain exchanges, and on the Chicago Board of Trade in particular, was proposed today by Senator Frazier (Rep.), of North Dakota, member of the old Senate farm bloc.

Frazier prepared a resolution authorizing a specific investigation to determine "the effect of operations (on the exchanges) on the cost of agricultural commodities to producers and consumers."

Boy Ill From Worry Over Missing Dog

Because her 5-year-old son, Bobbie, is broken-hearted without his dog, "Skippy," Mrs. Frank Laspin today asked the Sun-Telegraph to help her find the pet.

"Skippy," named after Percy Crosby's comic character, is a Boston bull terrier with one black and one white eye. He disappeared Thursday night from the Laspin home, at 5217 Baum boulevard. Mrs. Laspin said Bobbie has been sick in bed since Saturday as a result of his loneliness for the dog.

'Corky,' Lost Pup, Wanted Back Home

If "Corky," Boston bull pup, could read this he'd get a reminder that he's overdue back home, and that he'd better give up his shennanigans and report to his master, 12-year-old Blair Wallace, of 3309 Francisco street.

The dog disappeared February 7. When last seen it was wearing a harness bearing the 1933 license No. 936. It also had on a blue sweater with white rings around the neck. The dog's ears are unclipped.

She's Displeased

NANCY CARROLL

NANCY CARROLL QUITS HUSBAND

HOLLYWOOD, Feb. 19.—(AP.)—Nancy Carroll, titian-haired movie actress, and her husband, Bolton Mallory, needed a "chance to cool irritated tempers," they said today, so they decided to separate. Miss Carroll said:

"We had one of those spats a few days ago, but I am sure we will get back together again when Bolton realizes he cannot displease me."

Details of the "spat" were not forthcoming, but Miss Carroll insisted a divorce is not contemplated. She said:

"Our separation has been agreed upon to give us a chance to cool irritated tempers. And I sincerely hope my friends will not believe the affair is at all serious."

Miss Carroll was married to Mallory, editor of a humorous magazine, about two years ago. He now is living in an exclusive bachelor apartment house.

Justice Department Drops 17 Aides Here

Fifteen agents and two women employes, all of the alcoholic beverage department of the Department of Justice, were notified of their dismissal from the service, effective tomorrow.

The discharges, ordered from Washington, are due to a readjustment in department personnel, according to J. M. Moss, in charge of the Western Pennsylvania and West Virginia district.

Pittsburgh District Native Reaches 113

ST. PAUL, Neb., Feb. 19.—(AP.)—Solomon Franklin Rickner celebrated his 113th birthday yesterday.

Records were received recently confirming his birth, near what now is the city of Pittsburgh, February 18, 1821. His father lived to be 102 and his mother 99, he said.

GIRL, 14, SLAIN NEAR BOSTON CHINATOWN

Attacked, Then Beaten On Way Home; 3 Men Grilled

BOSTON, Feb. 19.—(AP.)—The battered body of Victoria David, 14, was found this morning in a shallow excavation on the border of Boston's Chinatown.

The medical examiner said the girl had been attacked before apparently being beaten to death sometime early today.

A few hours after the finding of the body, police had rounded up three men whom they brought to police headquarters for questioning as to their movements yesterday. These included two residents of the second floor of a tenement house which overlooked the spot where the body was found and a taxicab driver, who was arrested in Chelsea after police expressed themselves as dissatisfied with his explanation of several stains found in his cab.

RETURNING FROM SHOW

The body was found in the section where Ethel Zuckerman, schoolgirl bakeshop attendant, recently was stabbed to death while working in the bakery salesroom.

The David girl had become separated from her sister Nellie, 12, at a motion picture theater early last night and was not seen again by any member of her family. Thinking she was visiting a girl chum, the mother, Mrs. Ryzik David, failed to notify the police of her disappearance until 2 a. m., after she had learned the girl friend had not seen Victoria.

FOUND NEAR HOME

The spot where the body was found, at the border of a parking space near Tyler and Kneeland streets, is but a short distance from the girl's home in Hudson street.

The girl's clothing was not badly disarranged. The girl had bled profusely from a long gash on one cheek and one arm appeared broken.

The death mystery developed while the police were still seeking an explanation of the apparently motiveless slaying of the Zuckerman girl, who was stabbed to death in the bakery salesroom while bakery employes were busily at work in the same building.

NEWSPAPERS' CODE ACCEPTED

WASHINGTON, Feb. 19.—The newspaper code, effective in metropolitan cities, will go into effect on February 26, it was announced today by Administrator Hugh S. Johnson, following the signing of an executive decree by President Roosevelt.

In accepting the code, the President pointed out the publishers do not surrender their guarantee of freedom of the press. Nor do they consent to any modification.

Along with the executive order, the President attached a letter to Johnson asking that editorial workers in cities of 750,000 population or newspapers with a circulation of 75,000 or more be limited to a five-day week of 40 hours.

The President also included in the letter the recommendation that child labor provisions shall not be intefered with, and that street sales by newsboys under 16 be prohibited in winter months from 7 p. m. to 7 a. m., and in summer months from 8 p. m. to 7 a. m. He made no specific recommendation in regard to home delivery, except that it should not interfere with school hours.

New NRA Price Scheme To Abolish 'Fixing'

WASHINGTON, Feb. 19.—(AP.)—The NRA has created a new price formula expected to lead to eventual abandonment of absolute price-fixing.

It is designed to prevent sales below "reasonable cost." Officials of the recovery agency feel that if the plan proves successful it will make more arbitrary price-fixing unnecessary.

The new scheme as set forth in an official memorandum not yet released to the public proposes a standard price provision for codes. It would permit an industry to determine "reasonable" costs in an "emergency" where destructive price cutting might endanger the maintenance of a code.

It would tend in the future to permit price regulation only in emergencies, and officials said it indicated a general backing away from price tampering except in a few instances.

The new provision is recommended in all new codes and may be adopted for old codes if the industry desires.

The price formula was described as based on the idea of selecting the cost of plants of average efficiency as standard "reasonable cost" for an industry.

(Continued from Page One.)

people the labor and profit of producing the refined sugar.

Uncle Sam should say to the outside countries, including our own outside territories that are on a cheap labor basis:

"You grow it, my workmen in the United States will refine it."

Gen. Johnson of NRA might look into that.

To say to American workers, "All you can do about sugar is to buy it ready-made, pay for it and eat it, you can't have any share in the labor that produces" seems a little TOO weak-minded.

CUTTING DOWN the number of CWA workers and government-made jobs, in one state, from 85,000 to 56,000, the government says, first, to drop workers in whose family another member is working, leaving only one person in each family making money.

Second "drop workers that have other resources" and, third, a welcome order:

"Make sure that needy women receive equal consideration with needy men."

The order might read "more consideration than needy men."

ONCE MORE, if the government would pay for its work with new money, instead of insisting on printing bonds and paying interest, it would save exactly half and be able to pay out twice as much, and get twice as much work done.

If this country is not rich enough, has not resources enough, to justify issuing the money, then it is not rich enough or resourceful enough to justify issuing the bonds. It takes "no ghost come from the grave" to prove that.

GOLD KEEPS pouring into this country from Europe. Thirty-five million dollars in gold that came on the steamship Deutschland on Saturday was hustled to the United States assay office to be deposited along with approximately $100,000,000 in gold bars that arrived the day before.

Would you believe that while we were on a gold basis everybody in Europe seemed to be drawing our gold away from us, and now that we are off the gold basis everybody is sending gold back to us. Who knows anything about money?

TRAGEDY RECALLS KING ALBERT'S PITTSBURGH VISITS

RULER HAILED BY THOUSANDS AFTER WAR

Royal Visitor Here Incognito on First Trip

A handsome young fellow named Alfred Mainrad hopped off a train in the old Pennsylvania Station late one spring afternoon.

His presence caused no stir, because but one man who was to meet him knew that here was young Prince Albert of the Belgians, one day to become a hero and a king.

The young prince was just 23, recently out of college and traveling incognito.

George Westinghouse, the industrialist, who had been decorated with the Order of Leopold, by the prince's father, King Leopold, met the prince at the station and they boarded his special train to reach the Homewood mansion of the inventor.

The date was May 26, 1898.

GUESTS AT DINNER

For Albert, life then was spring, too. They say that at the dinner in the Westinghouse home, and the reception that followed, the young prince was gay and charming.

At the dinner, H. C. Frick and Mrs. Frick, H. Kirke Porter, Judge Joseph Buffington, Miss Margaret Thaw and a few others had been gathered together.

At the reception and dance in the Westinghouse mansion that same night, he was the handsome, dynamic young prince who set 100 or more young Pittsburgh women and their mothers aflutter, and, it is recorded, pleased most of the men as well.

Prince Albert stayed that night, toured the mills and industries the next day with Charles M. Schwab, Robert Pitcairn, John McGinley, E. M. Herr, William McConway and other well known Pittsburghers. And then he sped on, still unknown to the public, for experiences in other places in this land.

RETURNS AS KING

And then 21 years later, in the fall of his life—October 23, 1919 he returned. He then was Albert, King of the Belgians, chivalrous and kindly king beloved of his people for his heart, and of the rest of the world for his courage during the World War.

Pittsburgh offered him, as did the rest of the nation, its unqualified adulation.

He alighted from a special train at the Pennsylvania Station shortly after 6 a. m., his train having been sidetracked at Oakdale most of the night.

Thousands jammed the station and the streets outside. Whistles screamed throughout the city; cheers and cries of "Long life," fluttering banners and flags of Belgium and the United States turned the crowded city into a day of old world pageantry.

King Albert, the hero, was welcomed.

Gov. Sproul, of Pennsylvania; Mayor E. V. Babcock and others met the King. Their wives cared for Queen Elizabeth, and young Prince Leopold, his 18-year-old son, looked on with curiosity and interest.

Prince Leopold will be the next King.

Ex-Kaiser Withholds Belgian Condolence

DOORN, Holland, Feb. 19.—(INS.)—Former Kaiser Wilhelm II of Germany will refrain from sending a message of condolence on the death of King Albert of Belgium, members of his exile household said today.

This is due to the fact the ex-Kaiser "has no relations with Belgium," it was explained.

Wales to Attend Albert's Funeral

LONDON, Feb. 19.—(AP.)—The Prince of Wales will represent King George V at the funeral in Brussels Thursday of Albert I, King of the Belgians, it was announced officially today.

'All Is Finished!' Grieving Queen Sobs

Leopold and Mother Mourn Together at King's Bier

BRUSSELS, Feb. 19.—(AP.)—"All is finished!"

A phrase breathed so low as to be almost inaudible was uttered over and over again today by the distraut Queen Elizabeth of Belgium as she mourned the death of the King.

This was revealed by persons close to the Queen as they sought to comfort her. They said she was almost overcome with grief and was unable to control her feelings.

Intimates of the royal family at suburban Laeken, site of the castle, declined to give details, however, of the heartreneding scene which marked the first meeting of the royal son and his mother upon Prince Leopold's arrival from Switzerland last night.

EMBRACES MOTHER

The expressions on their faces told the tragic story of the moving moments when mother and son sobbed out their sorrow in the lonely early morning hours.

Before they embraced after the Prince and his Princess had been taken to the castle, the mother and the man who will soon be King Leopold III knelt before the dead monarch's bier in the royal bedchamber.

Visibly shaken, his face drawn and haggard, Leopold stepped from his train for a brief moment shortly before last midnight when it passed the northeastern station at Brussels to shake hands silently with high government officials assembled to greet him.

GREETED BY OFFICIALS

Unable to speak and scarcely restraining themselves, Leopold and Princess Astrid acknowledged with nervous handshakes the silent homage paid them by various members of the government and the burgomaster of Brussels.

The train, carrying them home from a vacation in Switzerland, and interrupted by the tragedy, proceeded to the private station at Laeken castle, where the most moving events of his life awaited Prince Leopold.

Former Hungarian President Arrested

VIENNA, Feb. 19.—(AP.)—Former President Alexander Garbai, of the one-time Hungarian Soviet republic, was jailed here today.

Garbai was a Socialist, not a Communist, and for that reason figured in the old Bela Kun government, the idea being that he would attract as much Socialist support as possible. When the soviet regime in Hungary collapsed, Garbai fled from Budapest to Vienna.

Weather Conditions.

The low, central over Colorado Saturday morning, developed eastward, and is now over South Carolina, Charleston, 29.78, while the high over the Canadian Northwest, now overlies the central valleys and plains. Other disturbances appear over Saskatchewan and the plateau. During the passage of the Colorado low eastward across the southern states there were moderate rains over the southern states and snows over the northern states, and this morning it is snowing from Quebec southwesward over New York, Pennsylvania, Eastern Ohio, and portion of West Virginia, and raining over Virginia and southward over Florida. Miami reports 2.52 inches rainfall in the last 24 hours, making 3.60 since 8 p. m. Saturday. It is warmer east of the Appalachians, over Montana and North Dakota and northward into Canada, and much colder over the central valleys and the eastern plains.

River Conditions.

There was little change in the ice conditions since Saturday, the rivers being generally frozen above Pittsburgh, except at Lock No. 4, Mon., where the river is full of running ice. There are gorges at Franklin and at West Newton. Stage at Franklin is 4.6 feet; Lock No. 7, Mon., 12.1; Pittsburgh, 10.9; Dam No. 4, 4.0; Dam No. 6, 4.8; Dam No. 10, 4.3; and Dam No. 12, 4.8. The dams are down, except Dams 11, 12 and 13 were raised yesterday.

CROWN PRINCESS ASTRID

Prince Leopold, next in the line of succession, and Princess Astrid, the Swede, the new king and queen of Belgium. The coronation is

CROWN PRINCE LEOPOLD

to follow the royal funeral for King Albert I, victim of his beloved mountain-climbing. This is an International News Photograph Service picture.

TELLS OF HUNT FOR KING'S BODY

International News Service.

MARCHE-LES-DAMES, Belgium, Feb. 19.—Sixty-year-old Alfred Hennay, of this little village, typical representative of a great portion of King Albert's loyal, worshiping subjects, today told, with tears in his eyes, of finding the body of his monarch, crumpled on a ledge of a deep ravine.

Hennay and his son, Charles, who know the district well, were among the first to discover the tragedy. Hennay said:

"We were awakened in the night and asked to aid in the search for our King, who had been missing for many hours.

"We took torches and set out. Lanterns sparkled everywhere. We searched the hillsides stone by stone.

"Suddenly Count de Grunne stumbled over a rope. It was the rope the King used. Suddenly Capt. Dixmude cried out, horrified:

"'I've found him. My God, our King! He's dead!'

"We scrambled up to a ledge where the captain stood. We found him standing beside the body of our King, which lay crumpled and already cold on a layer of dried leaves."

KING'S CLIMBS AMAZED NATION

BRUSSELS, Feb. 19.—(AP.)—That King Albert should have attempted mountain climbing in his own country was in itself an amazing thing to his grief-stricken subjects.

Mountain climbing simply is not done in this country, and one who knew him said today that probably no other Belgian except the King, whose bravery has often been demonstrated, would have thought of trying to ascend the loose, shaly rocks of the famous Tuffston Cliffs near Namur.

Albert was inspired to make the fatal attempt by a cabinet decision setting aside that district as a national park. Only a few days ago the cabinet acted favorably on petitions of tourist groups urging legal methods to preserve the region forever as a showplace.

Because of this proclamation, Albert, always keenly interested in sightseeing, decided he would have another view of the picturesque region, and this time would attempt to add it to his collection of conquered peaks.

WHISPERS OF VIOLENCE

Everywhere today people were still talking almost as though they could not believe the tragedy actually had occurred. As they recounted the story of the accident, amid a few whispered rumors that he might have met with violence, ministers of the government and authorities at Namur confirmed the manner of his death.

An official report, issued by Minister of Justice Paul-Emile Janson, confirmed the story that the King left early Saturday afternoon with his valet for the Marche-les-Dames, where he had been on climbing parties previously.

He left his valet in the royal automobile. Hours passed. The monarch said he would cturn by 4. When it grew later, the frightened attendant notified officials.

Even then, however, with soldiers and peasants joining in a desperate search, it was 2 o'clock Sunday morning before the body, clad in a corduroy suit, was found in a deep ravine.

It was ascertained from an investigation of the face of the precipitate cliff that a frost-bitten rock crumbled when he grasped it and he plunged 36 feet. The skull was crushed.

ALBERT'S DEATH DEEPENS FEAR IN EUROPE

Powers Express Hope Peace Will Not Be Disturbed

(Continued from Page One.)

that Leopold will be as successful as his father in keeping the internal peace.

Articles in the Paris newspapers highly eulogized King Albert and referred to his visits to Paris on frequent occasions. He was last there in December, 1933. He was often seen standing in line to enter a Paris motion picture theater.

Belgian Throngs Mourn For Hero King

BRUSSELS, Feb. 19.—(AP.)—Belgium mourned today her nero-king and prepared for the coronation of his sorrowing son.

Albert I, King of the Belgians and the commander-in-chief of their army when, ragged, ill-fed and suffering, it stood off the forces of Kaiser Wilhelm during the World War, was killed late Saturday in a fall while mountain climbing.

It was his favorite sport, and he was an expert; but a bit of frost-bitten rock broke in his hand, and he plunged 36 feet to death.

They found him where he had fallen, 10 hours later. Death must have been instantaneous. At all events the 58-year-old king did not suffer. His skull was fractured.

With all the pomp of royal ceremony the state funeral of Albert I will be held Thursday. Within 24 hours of the obsequies, Crown Prince Leopold will become, at the age of 32, the fourth king of the Belgians—Leopold III.

LEOPOLD NOTIFIED

Prince Leopold and the princess were vacationing at Adelboden Switzerland, when word of the King's death reached them. The prince, tired by a day of skiing was sound asleep when there came a pounding at the door, urgently summoning him to the telephone.

It was thus, in Switzerland, that the young prince learned he must prepare to be king.

He went at once to the quarters of his consort and broke to her the news. They started for Brussels immediately, arriving here early today.

The crown prince and princess, the former Princess Astrid of Sweden, 28 years old, hurried to the royal castle at suburban Laeken.

Like Queen Elizabeth, prostrated by grief, the Prince and Princess remained hidden today in the castle behind the guarded, grilled fence, while a throng milled soberly about outside.

The first important ceremony during the period of mourning, which will continue until after the funeral, will be removal of the body to the royal palace in Brussels tonight.

TRIBUTE BY VETERANS

The body will be borne on a caisson between solid walls of war veterans along the route through the city—war veterans who remember the great figure of a man 6 feet 2 inches tall who risked his life almost daily to be close to his soldiers during the trying days of the World War.

The body will lie in state at the palace until Thursday when it will be taken to the Saint Gudele Cathedral. Interment will be in the royal crypt at Laeken.

In the castle, awaiting removal to Brussels, the body of the King lay today in a bed of rosewood, strewn with white lilacs, a heavy bandage around the head.

The face was unmarked, except for two cuts over the right eye. The lips were parted slightly. The light mustache was trimmed neatly. The body was dressed in the olive uniform of a general.

World Mourns Albert As 'Wise King, Fine Man'

Associated Press.

Tributes were paid today to Albert, King of the Belgians, by rulers, statesmen, diplomats, political leaders and other friends who had known and loved him for years.

Public men of many lands regarded Albert as one of the world's foremost figures. Virtually all referred to the loss to Europe which his death causes.

President Roosevelt was "shocked beyond expression" at the "loss of a ruler so universally beloved and whose energy and wisdom were so devoted to the ideals of peace and justice."

Former President Hoover praised the King as "one of the outstanding figures of the war by virtue not only of his military courage, but also for his great moral courage."

David Lloyd George, war-time prime minister of England, said he was a "wise monarch and a fine man."

King Albert's bravery during the World War caused the Archbishop of Canterbury to remark that "despite pressing danger" he refused to "betray the honor of his country."

The Bishop of Landon views his death as a 'terrible loss to Europe."

Military and naval leaders, among them Earl Jellicoe, commander of the British grand fleet during the war, spoke of his "splendid leadership" and the aid given the Allies throughout the struggle.

Thost who were his enemies during the war joined in the tributes to King Albert, the ruler, and King Albert, the man.

President Paul Von Hindenburg, of Germany, expressed deep sympathy for Queen Elizabeth and the Belgian nation, and other German officers in the World War were equally shocked.

Pope Pius, in a telegram to the Queen expressing his deep grief, said:

"We present you our most heartfelt condolences and implore from the very good God the peace of the just for the soul of so loved and worthy a sovereign and ask the grace of celestial comfort for your Majesty, the royal family and the entire nation so grievously tried."

Brand Whitloc', American Ambassador to Belgium during the war, described the King's death as a "grievous calamity."

Simple Oath to Make Leopold King

Ceremony Planned As All of Belgium Mourns Albert

BRUSSELS, Feb. 19.—(AP.)—A simple oath of two dozen words will make Crown Prince Leopold the new ruler of the Belgians—King Leopold III.

These words will be spoken by the 32-year-old crown prince Friday:

"I swear to observe the constitution and the laws of the Belgian people and to maintain the national independence and the integrity of territory."

The solemn ceremony on the day after the burial of his father, King Albert I, will be held in the Chamber of Deputies.

Members of both houses of Parliament, magistrates, lawyers, councillors of state and other officials will gather for the brilliant occasion.

The new Queen, the former Princess Astrid of Sweden, will be the first to enter the chamber. She will be followed shortly by Leopold and he will then take the oath.

Afterward, the new King will read a speech from the throne.

Preparations for the ceremony proceeded quietly today in keeping with the period of the nation's deepest mourning.

Newspapers appeared with heavy black borders offsetting the headlines, "Le Roi Est Mort" (The King Is Dead).

Royal Heir to Ascend Throne Day After Father's Burial

BRUSSELS, Feb. 19.—(AP.)—Leopold III, called by tragedy to the throne of Belgium, is assured a warm welcome from his subjects.

They know the 32-year-old prince as a convinced democrat, a soldier and a sober, serious student of government.

At the age of 13 he won the love of the Belgian people by volunteering as a common soldier in the World War. He worked shoulder to shoulder with peasants against the invading German army.

Warm affection will be extended the new queen, the former Princess Astrid of Sweden, who is expecting the birth of a third child this spring. The present children are Princess Josephine Charlotte, 6, and Prince Baudouin, 3, who becomes heir to the throne of the new king.

The "love marriage" of Princess Astrid and the Prince in 1926 won the hearts of the working classes and their family life is cited as a model of domestic virtue. Leopold wooed the Princess disguised as a servant to escape public attention.

Details of the Prince's numerous visits to the country home of the Princess' family in the summer of 1924 came to light just prior to their marriage. Each time the Prince visited Stockholm he traveled third class on the railway. He dressed in a style not to attract attention.

From the station he carried his own handbag to the royal house, where he was always welcomed as a guest. Even the gossipy villagers assumed that the modest young man was merely a butler or a pantryman traveling back and forth between the chateau and the capital.

The Princess was "the first bobbed-haired royal bride."

Like the Prince of Wales, Leopold has had wide experience as a globe trotter. He visited the United States with his parents shortly after the World War and twice went to the Belgian Congo in South Africa.

Belgian Aides Deny King Had Been Depressed

BRUSSELS, Feb. 19.—(AP.)—Rumors that Albert I, King of the Belgians, had been mentally depressed before his tragic death, were nailed as imaginative and untrue by court attaches today.

A court dignitary told the newspaper Independence Belge:

"The King was in splendid spirits when, in full Alpine equipment, smiling at the promising sunshine, he left Laeken with his valet, Van Dyck, Saturday."

King Albert, the spokesman said, piloted the car himself, arriving at the scene of his death about 3 o'clock Saturday afternoon.

Leaving the car, he instructed his valet where to await his return and told him the cliff he planned to scale. The valet was the last person to see the King alive, it was said today.

Prior to leaving the castle at Laeken, Albert gave precise instructions as usual concerning his program for the evening. The documents he was reading before he left the castle were still on the desk today—just as he left them.

LAROUX AND BOB SOLES' LOVE MESSAGES REVEALED

3 DOCTORS BACK DEFENSE CLAIM OF SUICIDE

(Continued from Page One.)

Am feeling fine. Expect a letter from me soon."

SOLES TO TESTIFY

From the witness stand tomorrow, McKeesport's handsome Bob will have an opportunity to tell Judge and jury just how much he knows about the death of LaRoux.

He has much to tell besides that oft-retold story of the "suicide note" and his finding the shell and the gun, the defense has indicated.

These incidents he will relate under the expert guidance of his attorneys, Oliver K. Eaton and William H. Coleman, as well as some of the events leading up to that tragic night last June when he maintains he returned from the apartment of Rose Hardy, two flights up from his real estate office in the heart of McKeesport.

And after this he will face a merciless cross-examination at the hands of Assistant District Attorney John F. Haggerty—a grueling questioning intended to clinch the charge of murder.

FACES STATE GRILLING

He will look upon the gun—that heavy service pistol he carried in the Army as Capt. Soles—and relate once more how he found it in LaRoux's bedroom after doctors and his father-in-law had searched for it in vain. He will look upon the blood-stained clothing taken from his wife's body and he will look once more on that special delivery letter—a request to his wife from the "other man" linked in the case, for the loan of $40 to help him go to a hospital.

Under cross-examination he will have to answer questions while Prosecutor Haggerty flaunts in his face words which the state contends he dictated in an alleged confession to the slaying of his wife. His attorneys have inferred, perhaps, he was not in his right mind when he gave it. By his actions on the witness stand, his demeanor in the courtroom, perhaps, the jury of six men and six women will determine this along with his fate within the next few days.

DOCTOR RECALLED

This morning Dr. Victor Cowan, McKeesport obstetrician, was recalled for cross-examination, Haggerty seeking to determine from the doctor's records what medicine he had given LaRoux. The prosecutor became involved in a word battle with the physician, which was halted by Judge Frank P. Patterson with a reminder that Dr. Cowan's testimony was intended to show only that LaRoux had been in a despondent state of mind.

Several other witnesses were called by the defense in support of the contention that powder marks showed on the left hand of LaRoux, then Dr. William S. Wadsworth, Coroner's physician and ballistic expert from Philadelphia, was called. He declared that in his opinion, based on a study of the evidence heretofore heard and a study of the clothes LaRoux was wearing on the night she was shot, LaRoux held the gun in her left hand with her hand over the cylinder and pulled the trigger with her right hand.

DEFENSE TO SPEED CASE

Defense Counsel Eaton today indicated he would be able to windup his case probably by tomorrow night. If the prosecution spends much time in its cross-examination of Soles, in all probability it will go over until sometime Wednesday.

Prosecutor Haggerty has indicated he will require possibly another day for rebuttal. The state's attorney wants to delve further into that Miami vacation of La Roux's and for this purpose likely will recall William Sibley Martin, the self-admitted writer of the begging letter to Mrs. Soles and her companion in medical treatment at the office of Mamia's Dr. Eugene Lowe.

Martin, on Saturday, testified that he had met Mrs. Soles in Miami some time in the latter part of January, 1933. He testified that he went down to Florida some time after Christmas, 1932.

From his home in Teaneck, N. J., have come reports that Martin was in jail in Bergen County, Hackensack, N. J., in January, 1933, on charges of non-support of his wife and three children. He is reported to have been in jail for several weeks.

CHARACTER WITNESSES

It was expected that the defense, today, would begin laying the groundwork for establishing the defendant's unimpeachable record and fine character in McKeesport, where he has lived practically all of his life. More than two-score witnesses stand ready to testify for him. They include business and professional people, friends of the family and men and women high in the civic and business life of the community.

Soles spent an uneventful weekend in the county jail, the jury meanwhile remaining locked up in the courthouse just across the way. It had been planned to take the jury out to the McKeesport home of the Soles family for the purpose of examining the room in which the tragedy occurred, but this plan was abandoned at the last minute because of the fear of a mistrial in case noisy crowds should gather. Prosecutor Haggerty asked that the jury be taken out Saturday afternoon and a motor bus was drawn up in the courthouse yard, but at the last moment the trip was canceled.

Mrs. Soles' Doctor

DR. EUGENE C. LOWE . . . HE TOLD OF HIS TREATMENTS

Dr. Lowe, who came from Miami, Fla., to testify for the Soles case defense of how he treated Mrs. Soles and William Sibley Martin in his office at Miami. This is a Sun-Telegraph picture.

ITALIAN RULERS TO MISS RITES

ROME, Feb. 19.—(AP.)—Neither King Victor Emanuel nor Queen Elena, it was said in court circles today, will go to Brussels for the funeral of King Albert I.

The death of the Belgian ruler is regarded here as would be the death of any reigning monarch and not as that of a relative by marriage, it was explained.

Prince Umberto expected to leave Naples today with Princess Marie Jose, the late king's daughter, for Rome. Later, it is understood, the prince plans to continue to Brussels alone.

The princess received the news of her father's death with great courage.

In court circles it was explained the reason she was not going to Brussels is that she expecting to become a mother within six months. Princess Mafalda went to Naples to be with her on the trip to Rome.

'Numbers' Suspects Freed at Hearing

Harry Schwartz, 47, of 5410 Guarino road, Squirrel Hill, and four other men arrested in his home Saturday, as numbers lottery suspects, were freed by Magistrate Howard B. McNutt in Morals Court today. Schwartz testified that a satchel filled with numbers slips found in his home, was merely being kept by him for a friend in McDonald, Pa.

Balch to Speak At Safety Meeting

The fourth and final lecture in a series sponsored by the Western Pennsylvania Safety Council will be given tomorrow evening by G. E. Balch, general storekeeper for the Philadelphia Company, in the Moose Temple, Penn avenue. John A. Oartel, chief of the safety bureau, Carnegie Steel Company, will preside.

Former Tech Coach To Address Forum

Robert N. Waddell, former football coach at Carnegie Institute of Technology, will speak at a meeting of the Parents' Forum tomorrow night at the East Liberty Y. M. C. A. His subject will be "The Place of Athletics in Developing Your Child." Hodson G. Sampson is chairman of the forum.

Hoover and Mills Have 'Social Visit'

PALO ALTO, Cal., Feb. 19.—(AP.)—Former President Herbert Hoover and Ogden L. Mills, secretary of the Treasury in the Hoover cabinet, who recently arrived from the East, met Friday at the Mills' home at Millbrae, it was learned here today.

Mr. Hoover's secretary said the meeting was a social engagement between the two families and had "no political significance." Mr. Mills announced on his arrival at Millbrae that he had no intention of becoming a Republican candidate for President in 1936.

Too Many Giants, Scientists Assert

WASHINGTON, Feb. 19.—(AP.)—Dr. Ales Hrdlicka, of the Smithsonian Institution, wants people to stop telling him every time they find a skeleton.

Altogether too many "prehistoric human giants" are being discovered in America, he contends, and investigation proves that not only are the bones not those of giants, but they aren't even interesting.

Councilman Kane To Address Traders

Councilman John J. Kane will be the principal speaker at a meeting of the Washington Heights Board of Trade at 8 p. m. today in the Diller Post V. F. W. Hall, 24 Prospect street. The St. Mary's of the Mount High School Orchestra will provide music for the affair.

'Devil Chasing' Slayers Sent To Asylum

SEATTLE, Feb. 19.—(AP.)—Oscar Hestnes, 37, fisherman, who strangled his two young sons to death here last month, "to drive the devil out of them," and his wife, Marie, today were under sentence by Superior Court to the state prison insane ward until a jury finds them sane.

Emmett G. Lenihan, chief deputy prosecutor, explained this means they will have to stand trial before a jury again if they ever seek freedom on the ground they are sane.

Change of Judges Allows Smoking

DENVER.—(INS.)—The ban on smoking in Denver's West Side Criminal courts was raised recently when District Judges Charles C. Sackmann and James C. Stalkweather were transferred to the two criminal divisions. Use of tobacco in all forms had been forbidden while District Judge George F. Dunkles was on the criminal bench.

Beech Appointed Acting Postmaster

George VV. Beech today was appointed acting postmaster for East Pittsburgh, according to an International News Service dispatch from Washington.

Beech, elected to the State Legislature in 1932, is the son of James Beech, East Pittsburgh Burgess.

Women Attorneys Ban Divorce Cases

JASSY, Rumania, Feb. 19.—(INS.)—Women lawyers here have started an anti-divorce campaign and expected to make it pay. They have pledged themselves, it was learned today, to take no more divorce cases and to dissuade prospective clients.

To insure themselves against loss of income, they intend to charge fees for reconciling estranged couples.

Thompson's RESTAURANTS

FOR TASTY SANDWICHES!

Anybody can make sandwiches and call them by the name ...but there's a world of difference in the way they *taste* ...in *nourishment* value...in the actual *amount* of food your money buys. Sandwiches are Thompson's specialty...have been from the beginning...Try them and you will recognize the difference. Such selections as these:

* HAM	5c	* EGG	5c
CORNED BEEF	10c	AMERICAN CHEESE	10c
IMPORTED SWISS CHEESE	10c	WISCONSIN BRICK CHEESE	10c
HAMBURGER	10c	PIMENTO CHEESE	10c

'Q' AND 'A' DRAMA OF SOLES TRIAL

(Following is the question and answer account of the Soles murder trial.)

Dr. Victor Cowan, of the McKeesport Hospital, was called back to the stand today with records of treatments he had given Mrs. LaRoux Soles.

Prosecutor Haggerty and the obstetrician became involved in an argument as to the prescriptions given LaRoux, but Judge Patterson halted the word bout with a reminder that Dr. Cowan's testimony was intended to show only that LaRoux had been in a despondent state of mind

Haggerty then announced that he wanted the defense star witness, William Sibley Martin, produced but there was no indication that he would be. Defense Counsel Eaton pointed out that Haggerty had not subpenaed Martin.

Andrew Zoll, embalmer for B. Volk, Jr., McKeesport funeral director who buried LaRoux, then took the stand for the defense.

Q.—Did you notice anything about the body to attract your attention?

A.—Yes. There was no ring on the left hand (Previous testimony was that LaRoux' rings had been removed in the hospital).

Q.—What was unusual about the left hand?

A.—I noticed something just like brush burns.

Q.—Were there any marks on the chest?

A.—Yes—they looked like powder marks (this to support the suicide theory).

Cross-examining the witness, Haggerty implied that the marks on the hand were not present when LaRoux was taken to the hospital. But the witness was unshaken in his testimony.

PURCHASE OF AUTO

Clarence Budd, McKeesport auto salesman, took the stand and testified that in the fall of 1932 (shortly before LaRoux went to Miami) he sold her a second-hand car.

Q.—Did you give her instructions in driving?

A.—I did—about five lessons.

Q.—Hadn't she driven before?

A.—Yes, but not for a number of years.

Q.—Did you have any discussion as to her health?

A.—Yes. She referred to her ill health.

Q.—Why did she want a roadster?

A.—Her main motive, she said, was to get out in the sunshine and regain her health.

Budd then testified that once, after LaRoux had postponed a lesson because of illness, she said to him:

"Sometimes I feel like shooting myself."

On cross-examination Haggerty brought out that the illness was a cold, also that the witness had advised Mrs. Soles not to shoot herself.

The defense ballistic expert, Dr. William S. Wadsworth, also a physician, of Philadelphia, testified there was looseness in the barrel of the death gun. He added:

"From the facts shown it is indicated that the gun was held in the left hand (he demonstrated this to the jury) and held close to the skin of the chest."

POWDER BURN THEORY

Under direct examination the physicians explained that because of the barrel being loose there would necessarily be an escapage of gas which would cause a powder burn on the hand of anyone holding the gun as he had demonstrated.

Examining the slip worn by LaRoux on the night she was shot, he declared that in his opinion the flimsy garment bore evidence of powder marks on both sides. He testified he had much experience in similar cases of suicide (where the victim had held the gun with the left hand over the cylinder) and declared:

"They prefer to pull the trigger with their right hand."

He also examined the suicide note from the standpoint of a physician that a person suffering from a wound such as LaRoux' might or might not have written it.

WILL, LETTERS OFFERED

Eaton then offered in evidence LaRoux Soles' will and four letters she wrote her husband from Miami last winter. The document provides that her husband is to receive between $20,000 and $25,000 in stock and her brother John is to receive $5,000. Dr. Wadsworth was asked to compare the handwriting. Eaton questioned:

Q.—Dr. Wadsworth, I want to ask you your opinion as to whether this (suicide) note was written before or after she received the bullet wound?

A.—Before.

Haggerty cross-examined:

Q.—Doctor, do you expect the defense to pay you for coming on here from Philadelphia?

A.—I suppose so.

Dr. C. B. Schildecker was colled by the defense.

Q.—You and Dr. (Paul H.) Franklin attended the autopsy on LaRouz Soles last fall?

A.—I did.

Q.—You observed the chest?

A.—I did . . . I saw some burns.

Q.—In your opinion what were those burns?

A.—Gas and powder burns.

Dr. Paul Franklin was the next witness called.

Eaton questioned:

Q.—What is your opinion as to the range from which the gun was fired?

A.—A very close shot.

Q.—Do you believe LaRoux Soles wrote this note after she was shot and in bed?

A.—I do not . . . I do not think it possible for a person so wounded.

Haggerty, cross-examining, brought out that Dr. Franklin, too, expected to be paid for coming into court to testify for the defense.

TOY GUN HOLDUP TRAPS MAN

Cornered by store employes after he was alleged to have held them up with a toy pistol, a Negro who said he was James Hunt, 22, of 1052 Blackadore avenue, Pittsburgh, was held today by Braddock police.

Employes of a Kroeger market at 1006 Braddock avenue, Braddock, said the Negro entered the store Saturday night, pointed a gun at them and took $39 from the cash register. They pursued him after he left, and caught him when he showed no disposition to shoot them, they said.

Neither weapon nor money was found on the suspect, but a toy pistol was found along the route of his flight. Police were told the man apparently threw the toy and the money away.

Lutheran President Banquet Speaker

"The Place of the Church in the Community," is the subject of a talk to be made by the Rev. Dr. W. E. Schutte, president of the Eastern District of the American Lutheran Church, at the thirteenth annual banquet of the Brotherhood of St. Luke's Lutheran Church, West View, this evening. Other speakers will be the Rev. Luther Spoehr, pastor of St. Luke's, and Chester L. Smith, Pittsburgh sports editor.

SOLES TRIAL SIDELIGHTS

Reported "worn out" by the first week's testimony in the trial of his son-in-law, H. B. Lynch, father of LaRoux Soles, today was confined to his bed in the Pittsburgher Hotel. According to Attorney William Dunn, Lynch stayed away from the trial today for the first time since it started, "because he was too upset."

Mrs. Rose Hardy, the so-called "other woman" in the life of Robert S. Soles, remained away from the courtroom Saturday—the day William Sibley Martin, alleged "other man" in the life of LaRoux Soles, made his first appearance as a witness.

Mrs. Hardy was excused Friday noon on the plea of her sister, Mrs. J. Evans, of Buffalo, that she was too ill to remain.

* * *

Attired in a dark suit and well groomed, Martin approached the witness stand amid an electric silence. Rigid questioning, replies to which left spectators stunned, failed to ruffle his poise. He told his story in a low, clear voice.

* * *

District Attorney Andrew T. Park frequently dropped into the courtroom to listen in on the proceedings during the day, taking up a stand directly opposite the jury box between the counsel table and the bench.

* * *

Standing room inside, banned to spectators all day Friday by an order from the court, was restored Saturday. Scores of persons crowded into the released space, packing the courtroom to capacity, for—in the words of corridor loiterers—"an earfull."

* * *

Even while a chartered bus waited in the courtyard, plans to take the jury to the Soles home in McKeesport to survey the scene of the shooting were postponed to avoid the crowd. The jurors filed back into their box and testimony continued as usual.

* * *

Situation: Cries of a corner newsie breaking shrilly into the courtroom:

"'Other man' witness for Soles! Read all about it! Pa-ay-pree!"

* * *

Between-sessions chatter:

"What d'ya think the verdict will be?"

$1000.00 FOR YOU

Read how YOU can secure this sum for yourself . . . and protect your loved ones with Life Insurance while doing so.

The Peoples-Pittsburgh Trust Company presents the highlights of its

PEOPLES Insured Savings PLAN

. . . a unique combination of a regular Savings Account with the Peoples-Pittsburgh Trust Company and Life Insurance with the Equitable Life Assurance Society of the United States.

THE PLAN:

You agree to save $7.79 monthly for a period of 120 months—or the total sum of $934.80. At the end of that period you are repaid $1,000 by the bank.

If, at any time during the 120 months period, you should happen to die, your heirs will receive not only the amount that you had already saved, but also an **additional** amount from the Equitable to equal the $1,000 which you had hoped to accumulate.

In other words—You receive the $1,000 if you live—your heirs receive $1,000 if you do not live to complete the program.

The above example holds for those in the Plan who are between the ages of 18 and 40. The monthly payments are $7.92 between ages 41 and 45, and $8.17 between 46 and 50.

In all cases, when the program is completed, you are repaid **more** than you put in, in addition to enjoying the insurance feature, the cost of which is more than earned by the compound interest which the bank pays on your monthly deposits.

Many questions will suggest themselves which cannot be answered here. They are all answered in the booklet **"$1,000 for You,"** which you may have, without charge, by a personal or telephone call to the bank, COurt 5600, or by mail request.

Requirements of joining: Good health, residence in Allegheny County, non-hazardous occupation.

SIXTH AVE. AT SMITHFIELD ST. SHOPPING SERVICE GRANT 8400—OTHER CALLS ATLANTIC 4400

We Do Our Part

POETESS SLAIN, LOVE PROBED

NEVADA, Mo., Feb. 19.—(AP.)—Mystery clung today to the fatal shooting of Mrs. E. Pearl Dancey, 38-year-old writer of romances and poetry, as peace officers pressed an inquiry into her relationships with two men, one identified only as "Jean," the other Virgil Wells, handsome ex-convict.

Sheriff C. N. Button said his inquiry indicated that Wells and Mrs. Dancey were acquainted and that the writer's husband, a railroad machinist, was not aware of it. The Sheriff said:

"They have gone out together."

The second man, whom Prosecuting Attorney Dewey A. Routh said has been a Nevada visitor, was mentioned in letters in the motor car in which Mrs. Dancey was found shot to death in Deepwood Cemetery yesterday.

A blanket about her body, she had been killed by a single bullet—which did not puncture the blanket—and the pistol and car keys were missing.

POTTERY STRIKE PERILS JOBS

EAST LIVERPOOL, O., Feb. 17.—President James M. Duffy, of the National Brotherhood of Operative Potters, at noon today warned 500 East Liverpool (O.) and Chester and Newell (W. Va.) pottery moldrunners, battersout and cupballers, who called what he termed an "unauthorized strike," that their jobs would be filled with other union men if they did not return to work by 7 a. m. Wednesday.

Duffy also declared the strike was a violation of the two-year wage agreement with the United States Potters' Association, composed of all general ware manufacturers.

Secretary Charles F. Goodwin, of the manufacturers' organization, said a checkup showed that fellow craftsmen in potteries in 12 cities in Ohio, Pennsylvania and West Virginia had failed to join the walkout. The only town outside the East Liverpool district affected was New Cumberland, W. Va., Goodwin said.

NEW FOOD BILL INTRODUCED

International News Service.

WASHINGTON, Feb. 19.—A new pure food and drugs act was introduced in the Senate this afternoon by Senator Copeland (Dem.), of New York, with provisions giving the Department of Commerce broad powers to regulate the sale of food and drugs.

Copeland explained the measure differed widely from the Tugwell bill. He said public hearings would be held upon it Tuesday, February 27, by the Senate Commerce Committee.

The bill carried strict provisions, governing labels and advertisements. Publishers, however, would be relieved of criminal liability for false statements in advertisements, providing they first report to the Department of Commerce the source of claims made in the advertisements.

COUNCIL BEATS SPRAYER VETO

Eight members of Council today voted to override Mayor McNair's first veto. The Mayor disapproved a bill for purchase of a $1,500 power sprayer to protect the city's shade trees on the ground that it would mean "using machinery to put men out of work."

Councilman P. J. McArdle said the machine would not deprive anyone of work but would permit spraying of tall trees which otherwise could not be reached. Councilman W. A. Magee was absent. All the others voted to pass the measure despite the veto.

Peanuts, $226 Loot In Store Robberies

Peanuts and $226 were taken from the Auteureith's home, 339 Eighth avenue, Homestead, in two robberies, within the past 24 hours, Manager H. C. Weichel reported to police.

Late yesterday afternoon a group of boys threw a brick through the plate glass window and escaped with several bags of peanuts, he said. Then during the night thieves jimmied a rear window and took the cash from a money box, according to Weichel's report.

Printing Devices Inventor Dies at 77

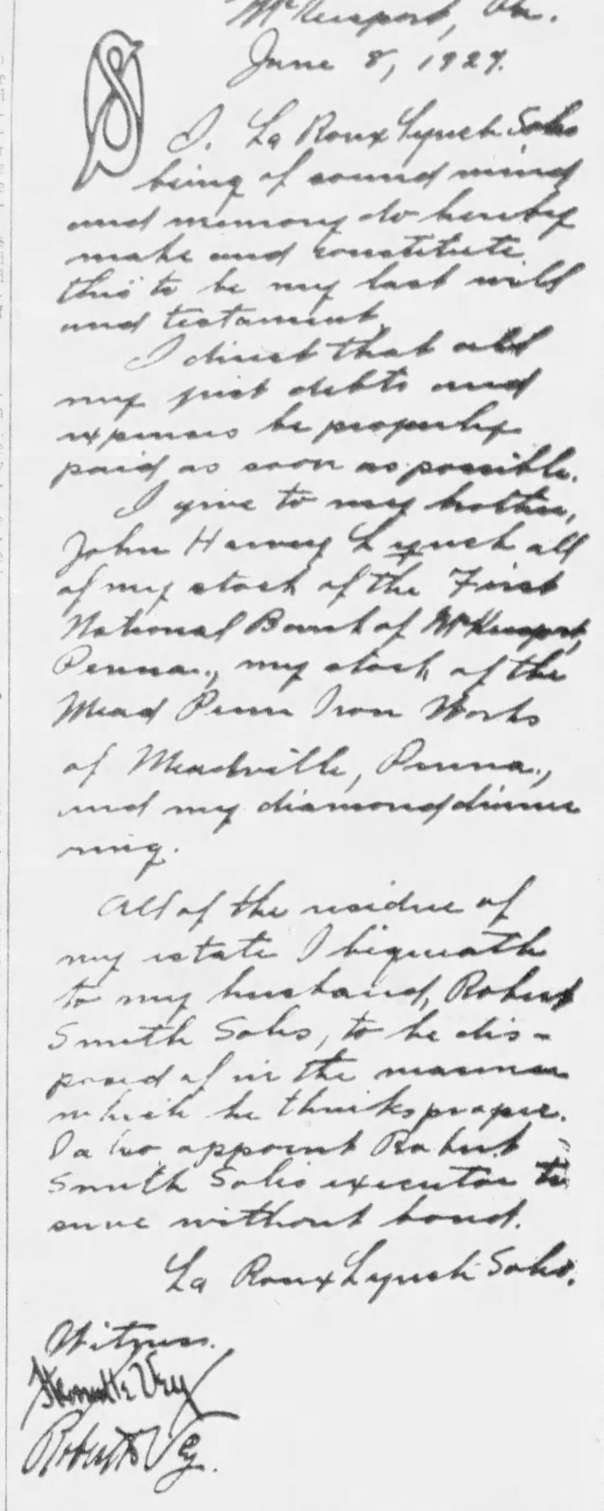
BROOKLYN, Feb. 19.—(AP.)—John Raphael Rogers, whose inventions aided Ottmar Mergenthaler in developing the Mergenthaler linotype machine, died yesterday at his home at the age of 77.

Since Mergenthaler bought the rights to Rogers' inventions 39 years ago, Rogers had been chief inventor of the Mergenthaler Linotype Company. Rogers patented more than 500 devices for type-setting machines since 1895.

Pool Room Owner Fined for Dice Game

Charged with operating a disorderly house, Peter Holler, 53, proprietor of a pool room at 3809 Penn avenue, was fined $25 or 30 days in jail today in Morals Court by Magistrate Howard D. McNutt. Eleven youths who, according to police, were in a crap game in the pool room when it was raided last night, were discharged.

LaRoux Soles' Will



McKeesport, Pa.
June 5, 1927.

I, La Roux Lynch Soles being of sound mind and memory do hereby make and constitute this to be my last will and testament.

I direct that all my just debts and expenses be properly paid as soon as possible.

I give to my brother, John Henry Lynch all of my stock of the First National Bank of McKeesport Penna., my stock of the Mead Penn Iron Works of Meadville, Penna., and my diamond dinner ring.

All of the residue of my estate I bequeath to my husband, Robert Smith Soles, to be disposed of in the manner which he thinks proper. I do not appoint Robert Smith Soles executor to serve without bond.

La Roux Lynch Soles.

Witness.

LaROUX SOLES' WILL . . . INTRODUCED AS COURT EVIDENCE

WILL DISPOSES OF $230,000

In his will filed for probate today, W. A. Somers, formerly of 5936 Wayne road, leaves an estate valued at $230,000.

The bulk is left in trust, half of the income to be paid to a sister, Mrs. Carrie P. Humphrey, and half to Mrs. Julia A. Stearns, who also receives the use of his residence for life. Mr. Somers had lived with the Stearns family for many years.

Nephews and nieces receive minor bequests, and will inherit the principal after the death of Mrs. Humphrey and Mrs. Stearns.

Charitable gifts include $1,000 to the Children's Hospital, $1,000 to the Industrial Home for Crippled Children, and $2,000 to St. Barnabas Home. Attorney H. C. Ploger is named executor.

Pastor to Speak At Noon Worship

The Rev. A. A. Love, pastor of the Mt. Washington United Presbyterian Church, will speak at the Wednesday noon worship service at the Downtown Y. M. C. A. Music will be furnished by Vernon Herrity.

NEW ART CLASS AT TECH

A class in sculpture for high school students is a Carnegie Tech contribution to Pittsburgh art progress which has attracted favorable city-wide comment.

Every Saturday morning, the class of 46, all art students recommended by their teachers, meets in the Tech Fine Arts Building for instruction by Prof. Joseph Bailey Ellis, department of sculpture head.

Through the week, the students form small figures in modeling clay. Then, in class, both the students and the professor pass judgment, naming their first, second and third choices. A candy bar is first prize, humorously known as "The Leather Medal."

A genuine art enthusiasm keeps students hard at work, according to Prof. Ellis, and some remarkably good work has resulted.

Thieves Steal $2.50, Register in Store

Thieves broke into his fruit store at 92 Logan street early today and carried away a $135 cash register containing $2.50, M. Katz reported to police. Entrance was gained by forcing the front door.

INSURANCE MEN HEAR U. S. AIDE

John Dickinson, assistant secretary United States Department of Commerce, today was guest of the Insurance Club of Pittsburgh as the principal speaker at its annual dinner.

Insurance practices and management features discussions at an all-day business session held in the Hotel William Penn. O. E. Lane, president of the Fire Association of Philadelphia, was the luncheon speaker. He spoke on "Insuring Human Time Values."

The legal and underwriting aspect of the Pennsylvania automobile liability act was discussed by A. E. Spottke, of New York. William Quaid, of New York, spoke on the future demands in selling fire insurance. Harold R. Gordon, of Chicago, and E. M. Allen, New York, also were speakers.

3 KINGS NAME BURIAL ENVOYS

NICE, France, Feb. 19.—(AP.)—Three kings, resting in the sunshine of the Riviera, today ordered special envoys to represent them at the funeral of King Albert I.

King Gustaf V of Sweden, the uncle of Princess Astrid, the future queen of the Belgians, telegraphed his grandson, Prince Gustaf Adolf, son of the Crown Prince, to attend the rites on behalf of the family.

King Christian X and Queen Alexandrina of Denmark, likewise arranged to be represented.

King Prajadhipok and his Queen, of Siam, who intended to visit King Albert late in March en route to the United States, were prevented from attending the funeral by the King's physicians and dentists, who daily are treating his eyes and teeth. The Siamese royal couple ordered special representation in Brussels.

VOTE ON BONUS DUE IN HOUSE

International News Service.

WASHINGTON, Feb. 19.—A vote on cash payment of the two billion dollar soldiers' bonus appeared assured in the House today when the petition to call the bill from the Ways and Means Committee was signed 121 members. Only 145 signatures are needed.

Leaders in the fight for the bonus bill declared there will be no difficulty in completing the petition.

$48,000 Estate Willed to Husband

Marian M. Shepherd, formerly of 420 Emerson street, leaves an estate valued at $48,000 to her husband, Alexander B. Shepherd, in her will filed for probate today. He is named executor.

BANK TO OPEN AT BRENTWOOD

Five thousand shares of stock in the proposed Bank of Brentwood to take the place of the Brentwood State Bank, have been sold, clearing the way for reorganization, John K. Blair, cashier, announced today.

The sale of shares brought $77,500, of which $50,000 is new capital, $25,000 is surplus and $2,500 is undivided profits under the reorganization.

The Brentwood State Bank has been operating on a restricted basis since the bank holiday last March. Deposits tied up totaled $350,000. Application for a charter for the new bank has been filed, Mr. Blair stated. Each deposit of $2,500 or under will be fully insured under the Federal Deposit Insurance Corporation plan, he added.

HUNT HIGHBALL DEATH WITNESS

By WILLIAM G. GAUDET
International News Service.

GREENWOOD, Miss., Feb. 19.—A mystery witness who professes to have "mighty good evidence for the defense" was the center of interest today as the late Dr. J. Preston Kennedy's divorced wife resumed her testimony in the murder trial of Dr. Sara Ruth Dean.

The identity of the new witness was not disclosed. The exact nature of what he has to tell is obscure. But the anonymous letter he wrote from Jackson, Miss., to Defense Attorney A. F. Gardiner so impressed the lawyer that he inserted a classified advertisement in a New Orleans newspaper asking that the man get in touch with him at once by long distance telephone.

The third week of the trial opens with Dr. Dean apparently in much better physical condition, in spite of the ordeal to which the state subjected her by reading a new series of love letters she wrote the brilliant young surgeon she is accused of poisoning.

Blind Typists Win Speed Prizes

BERLIN, Feb. 19.—(AP.)—Twelve blind typists were for the first time admitted to a public competition in typewriting by the German Federation of Stenographers.

Of these, six won prizes in a group that wrote 160 syllables a minute and four in the group for 140 syllables.

The blind competitors took dictation in Braille shorthand and transcribed it on regular machines which differed from typewriters for sighted persons only in that they had certain devices for guiding the hand and for spacing and erasing.

'Typical Boy Scout'

ARTHUR M. JOHNSON, JR., 15 . . . THE TYPICAL BOY SCOUT

Eagle Scout Johnson, Chicago, selected as the typical Boy Scout of the Middle West. He was selected by various councils as the best-fitted. This is a Wide World News Photograph Service picture.

BROTHER HELD IN THEFT CASE

Louis Silverblatt, 34, of 1331 Locust street, brother of Mrs. William Winer, a proprietor of the Winer Style Shop, at Fifth avenue and Stevenson street, was held for court today after a hearing in Central Police Court by Magistrate Howard B. McNutt.

He was arrested in connection with the $5,000 robbery of the Winer shop January 21 and warrants charging him with conspiracy to cheat and defraud, and with conspiracy and accessory after the fact to the entering of a building and larceny.

McNutt set bail at $1,000 on each charge. By payment of the $200 "ransom" most of the stolen goods were recovered several weeks ago.

City detectives have arrested five men in connection with the robbery. They are looking for two others and a blonde woman, they said today.

1,100 MINERS STRIKE

UNIONTOWN, Pa., Feb. 19.—More than 1,100 miners of Vesta Nos. 4 and 6 mines of the Vesta Coal Company, subsidiary of the Jones and Laughlin Steel Corpotion, walked out today.

Officials of the company said it was in sympathy with miners of the Bobtown mine of the Shannopin Coal Company, who have been out since November over a dispute as to whether the company or the men should drill holes for blasting.

Vesta No. 5 mine was being picketed and a walkout there was believed imminent.

Palestine Pilgrim To Address Women

Mrs. Goldie Meyerson, recently returned from Palestine, will be the principal speaker at a meeting of the Pioneer Women's Organization in the Y. M. & W. H. A. at 2 p. m. tomorrow. Mrs. Ben Danovitz will preside.

KIDNAP BARED BY TOUHY PAL

International News Service.

CHICAGO, Feb. 19.—Isaac Costner today told a jury how he and the rest of the Touhy gang kidnaped John (Jake the Barber) Factor.

Costner's testimony came with dramatic suddenness and was believed to be a smashing blow to the defendants, Roger Touhy, Albert Kator and Gus Schaefer, on trial for the second time. Costner, captured in Baltimore, is described by Factor as the man who treated him kindly during the stock promoter's imprisonment last July.

The witness pointed to each of the defendants and declared they were members of the mob that "snatched" the one-time Halsted street barber as he left the Dells roadhouse early the morning of July 1, and held him for 12 days until a $70,000 ransom was paid.

COURT OUSTS POWER SUIT

WASHINGTON, Feb. 19.—(AP.)—If the Appalachian Electric Power Company builds a hydro-electric plant on the New River in Virginia, it must either apply to the Federal Power Commission for a license or institute further legal proceedings.

The Supreme Court refused today to review a case the company filed to challenge the authority of the commission to regulate the operations of hydro-electric power companies on non-navigable streams.

This had the effect of throwing the case out of the courts, as a lower court had held the suit should be dismissed.

Harmuth Named Chief Engineer

J. T. Harmuth, former plant engineer for the Vanadium Corporation of America at Bridgeville, has been made chief plant engineer at the Selden Chemical Company, also at Bridgeville, it was announced today. Harmuth, who is a graduate of Carnegie Institute of Technology, is a brother of Charles Harmuth, member of the State Legislature.

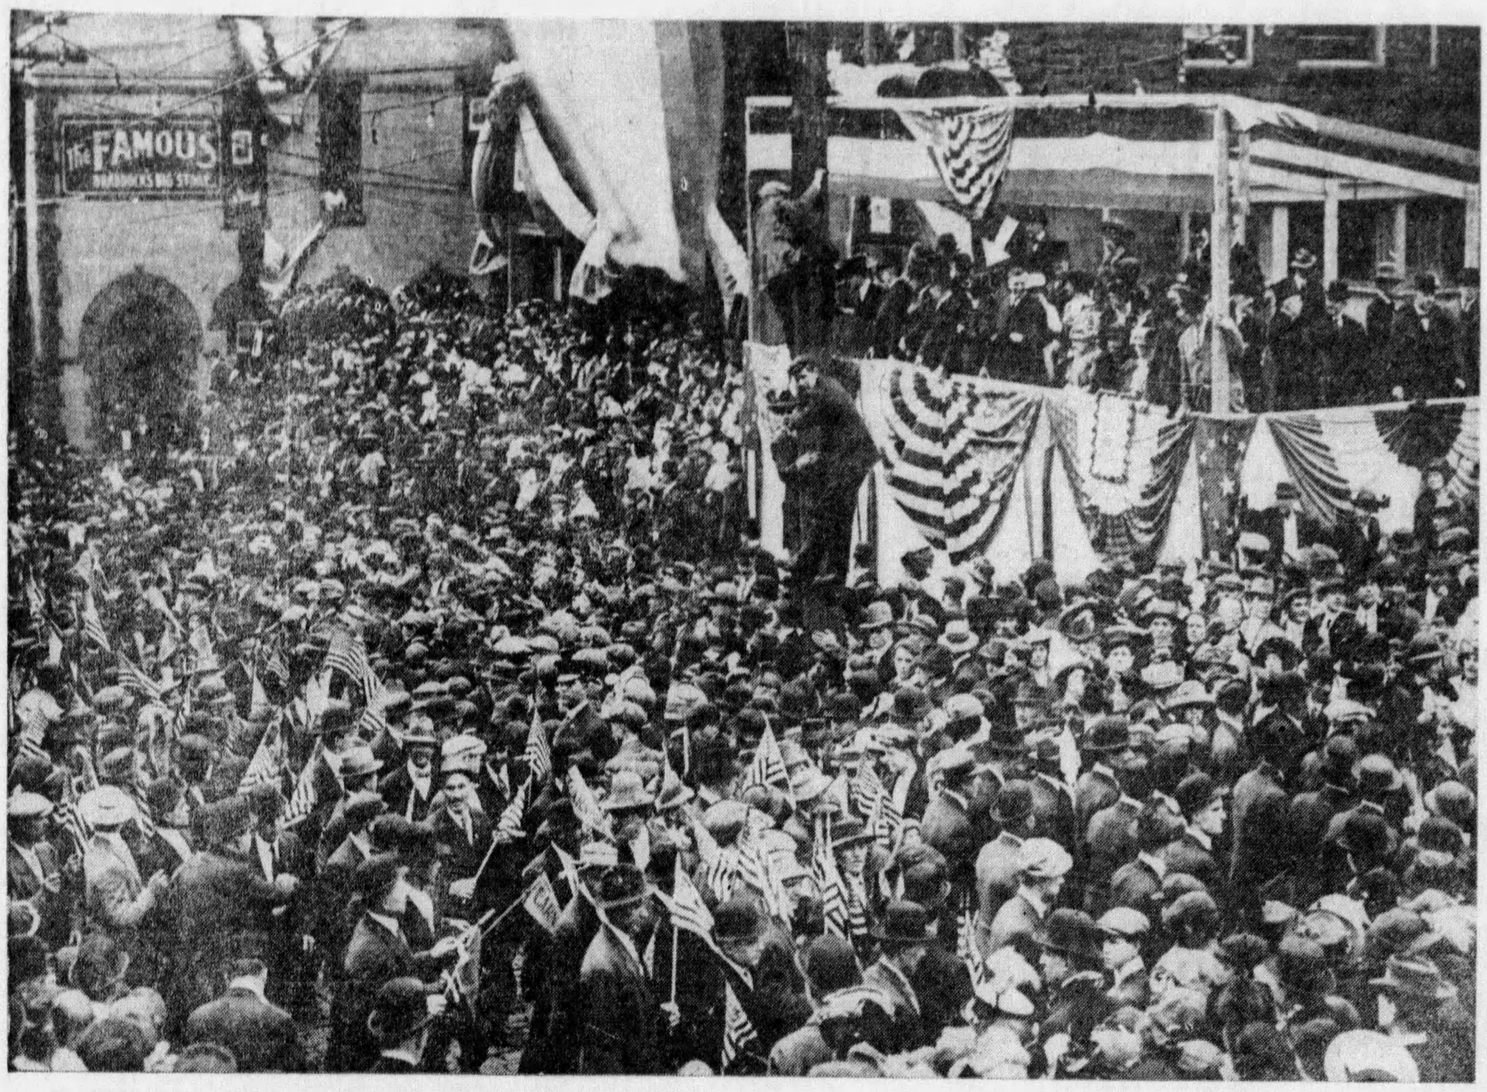
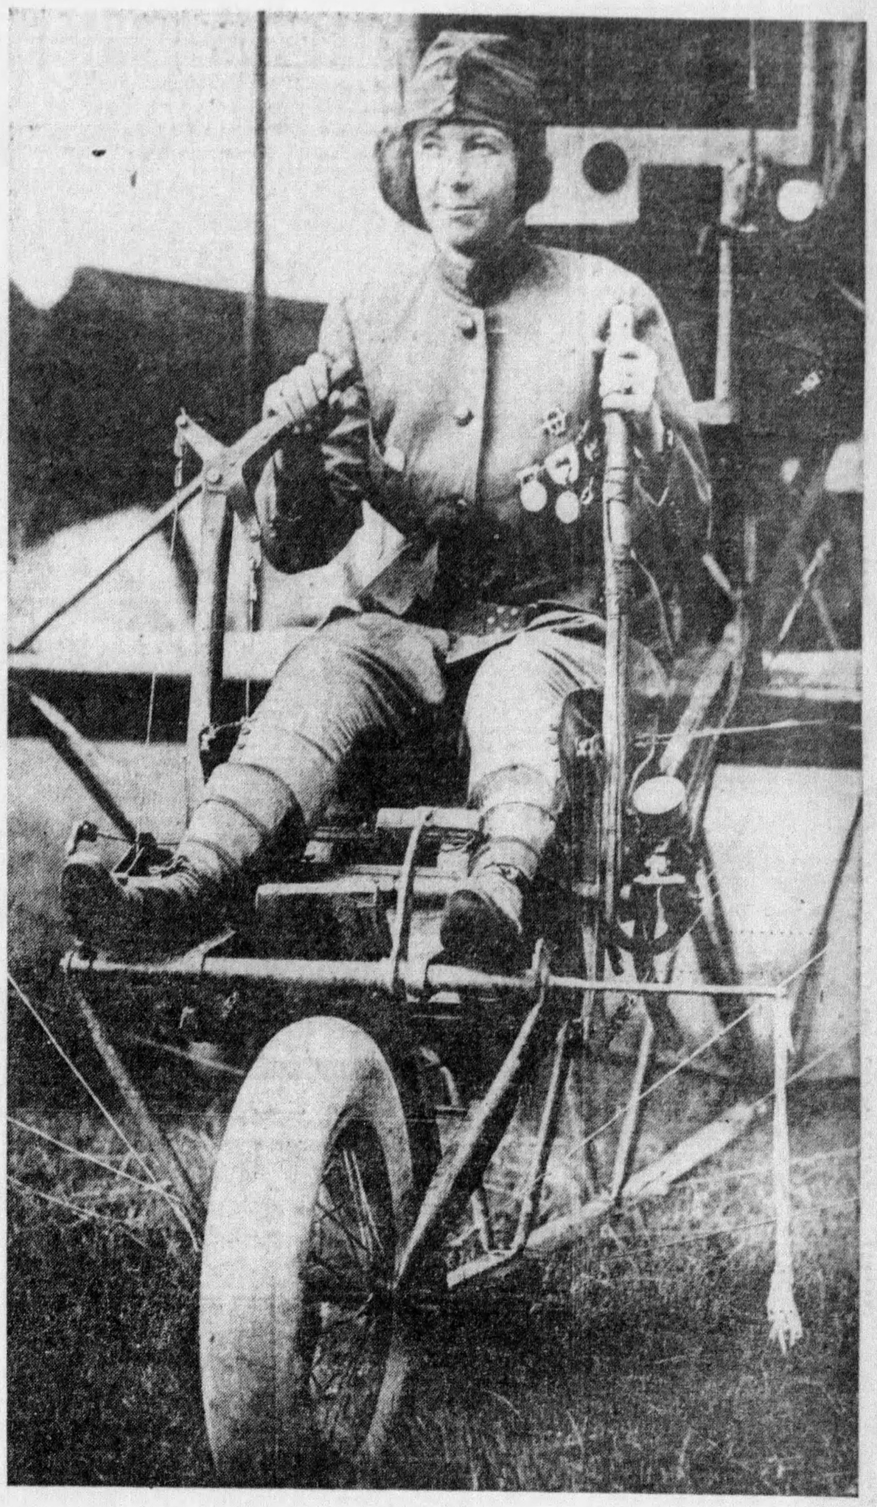
REMEMBER WHEN ANDREW CARNEGIE WAS ACTIVE?

This is a Picture-Story of Dramatic Events, Personalities, Beauties, Customs and Fashions Within the Memory of Living Americans



Remember when Andrew Carnegie, Pittsburgh's world-famous ironmaster and philanthropist, made his last visit to Greater Pittsburgh? Here were the great crowds and marching workmen from his mills who turned out to welcome him "home" to Braddock in October, 1914.

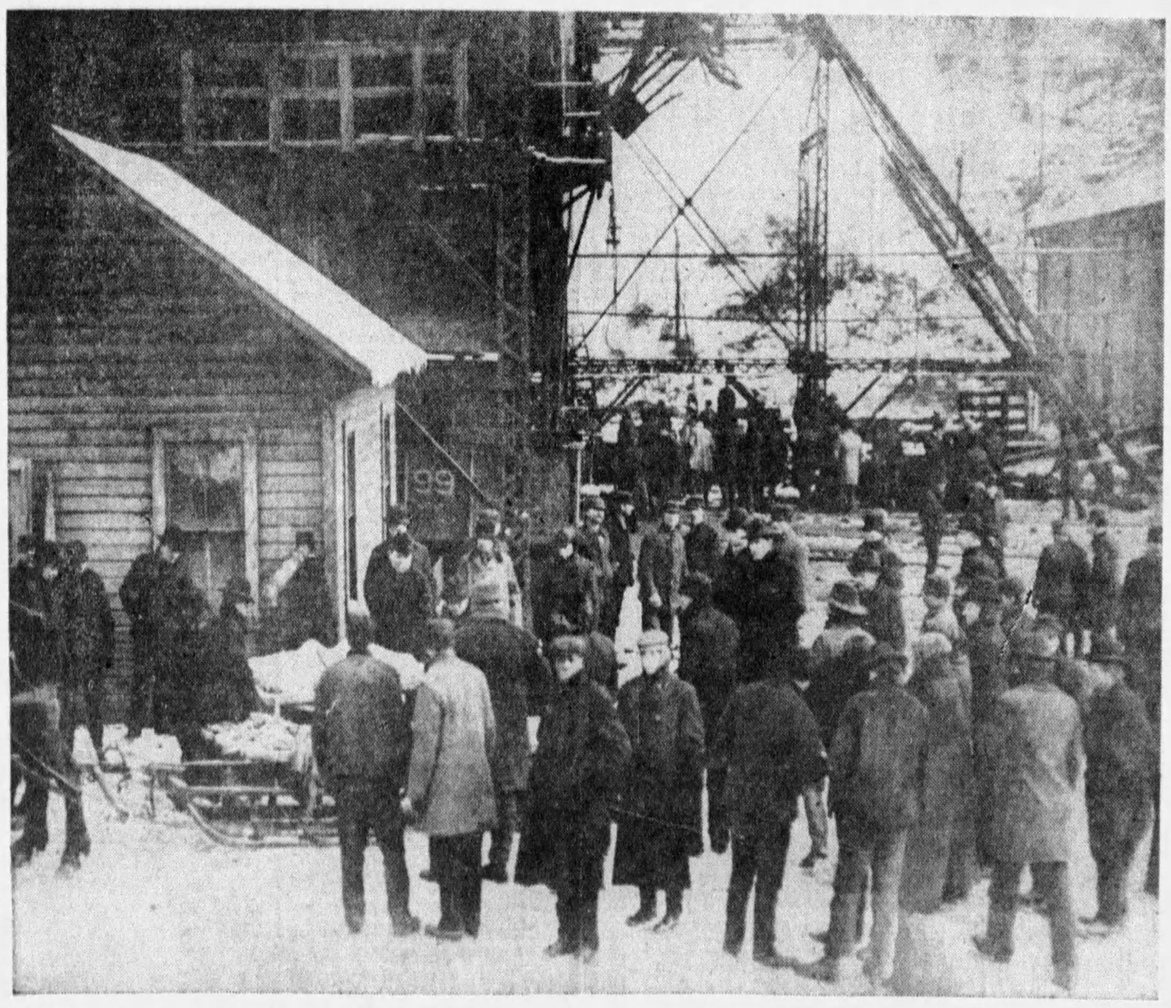


Remember when Ruth Law, first woman flier, in November, 1916, flew 542 miles non-stop Chicago-to-New York—in an open plane such as this one with no heated suit, no mechanical pilot? This picture was made in Pittsburgh later.

Remember when (1912) Andrew Carnegie appeared this way? He's pictured at Carnegie Tech that he founded.

Remember when Dr. John Brashear, the Allegheny astronomer who won world fame, was active? Here he inspired soldiers in July, 1917.

Remember when a fire alarm meant racing horses, flying manes, and the rumble of wagon wheels? This was a City of Allegheny Company responding to an alarm back in 1902.



Remember when the Harwick Mine was blown up—thirty years ago now—and how death visited the homes of 187 coal miners? Here was the scene around the coal mine mouth as rescuers doggedly worked, relatives anxiously waited.

Remember when such scenes as this were common? H ere in the open at Braddock in 1904 this religious sect baptized its converts. Notice especially the clothing the women wor e, the straight pantaloons on the little boys.

Chopper Canaries $3.35

Young and beautiful birds—all males—guaranteed to sing. Bird Cage and Stand, $3.95.

Walter Winchell + ON BROADWAY +

A Columnist's Sec'y Jots Down a Few Notes

Dear W: Frances White has retained Philip R. Davis, Chicago att'y, for a breach of promise action against William Girard. The charge will include "taking her car and stranding her in Chi" . . . She is the Frances White, who popularized the song: "M-eye-ess-ess-eye-ess-ess-eye-p-p-eye" . . . Gene Tunney and Ed Anthony deny any collaboration on a series of pieces. But a relative of Ed's, I understand, was the one who passed that talk about town . . . Ann Dvorak, the movie lady, called from the coast . . . To assure you the story about finding her father after 14 years was not phoney—and that your informant was the one who made you look like a dope, not she . . . The rest of the story was true, however—she really hadn't seen him or known his whereabouts for that many years . . . I told her I'd tell you. She is also grateful to the press which helped locate him for her . . . John S. Cohen, the movie critic, is ailing in a Vermont sanitarium . . . It's a boy at the I. Rubines . . . Len Golos says after reading some of J. M. Josefsberg's jokes—does the J. M. stand for Joe Miller?

I hear some chatter that Jack Benny's contract—which is up in March—may not be renewed, although it seems early to discuss it . . . I was thinking how ironical it would be if it weren't renewed—considering how good he is and that he just won the radio editor (around the country) poll! . . . I was thinking about that item you had regarding the Soviet's new palace—3,000 feet high . . . What a swell target for the Japs? . . . That albatross story about von Luckner is impossible—he fell overboard and would have drowned but an albatross thought he was something to eat and dove at him—and von grabbed its legs and held on till help came . . . von Luckner himself will admit it was concocted by Lowell Thomas—one of the better story tellers . . . A guy called to say he learned that marriage is a lot of static . . . David Freeman says in Miami the girls used to go on the beach dressed like Mother Hubbard. Now they dress like her cupboard.

Billy Rose is doing a new torch song called: "The House Is Haunted" (by the echo of your last good-bye) . . . Lou Holtz is back and a chap remarked that Holtz was through with Hollywood. To which a wag snapped: "Or vice versa!" . . . Tammany Young is now W. C. Fields' caddie in those golf comedies . . . George Bricker is out there doing a movie called "Ink Gets In the Blood," a newspaper story, of course . . . It isn't known around that "Fox Follies" was written by Will Rogers. He inserted a character named George Bernard Shaw—played by Stephen Fetchit! . . . Janet Gaynor's favorite fan magazine writer (Frances Desner) is back in charge of that dep't at Fox. . . Description of Harry Ruby—the one successful songwriter who'd rather be a second baseman . . . Tell Dan Parker and the other sports editors about Art Lasky, 192-pounder from Minneapolis. I hear he packs a deadly wallop and can lick them all—and probably Preemo . . . Anita Stewart, who in the silent days was a star and lent enough coin to a man now a big power there to get started, is trying a comeback as a scenarist.

Eddie Dowling's play "Big Hearted Herbert" at the Biltmore is one of two plays on the Catholic selected "White List" (there are 33 shows on the boars!) . . . Jim Jeffries, one-time heavyweight idol, now runs amateur fights weekly in his California barn—for 75 cents. The movie stars are giving it a big play . . . Lionel Barrymore at the Capitol Theater has no valet or dresser, comes there alone, too. When he's not on the stage he locks himself in the dressing room and heaven help anyone who disturbs him!

Rudy Vallee's cook, Nora Sullivan, married Roland Young's doorman, Pat Mundi, one day this week. Rudy was at the wedding, sang several songs and left after leaving too much likker for the newlyweds! . . . Dave Murray phoned. Said the trouble with borrowing money is: You meet so many uninterested people! . . . Kenneth Perkins says "Didja ever see a dream walking? Well, I did! During the taxi strike!" . . . Did you see that terrible boner the French police allowed to happen when pictures of Stavisky were taken? . . The body of the "suicide" is shown with four bullet holes, each of which is fatal! . . . Last week you suggested dipping a ciggie in wine for a different kick. I learn that if you dip the smoking end of a cigar in whisky it makes a five center taste like a Corona-Corona . . . How about having people submit columns called "If I were Walter Winchell"—let Ben Bernie start it with one . . . And other critics can write them, too . . . I'm trying one myself.

Hepburn Buys Way Out Of Play

By GWYNN

HOLLYWOOD, Feb. 19.—Looks as though Katie Hepburn's troubles are just about starting with the closing of her misadventure into the legit field, "The Lake." Hepburn had to use her own money to buy her way out of touring with the show because Radio refused point blank to do anything about it.

Miss Hepburn

That must have hurt, because there was a good sum of Hepburn money tied up in the original production of the play. And now it seems there's going to be some difficulty between Radio and Hepburn, and everybody is now wondering whether Radio will be foolish enough to let Katie, one of the picture industry's biggest boxoffice bets, slip through their fingers over the matter of a few thousand a week.

There is a strong possibility that she will not finish her contract with Radio for two more pictures unless they come through with the big raise that she earned and deserves or unless they will come through with a large amount for an extra picture that will sort of even things up. Hepburn's plans for going to Europe are also way up in the air at the moment.

* * *

Frank Craven, who deserted the stage to come out here and write for Fox, is about to take up acting again. For this he moves over to the Paramount lot, where he will have a featured role in the Charles Rogers production, "In Conference." The picture will be directed by Harry Joe Brown.

Mr. Craven

* * *

Jean Arthur is still another person who had to leave the screen when the talkies came in and who turned to the stage to make good and is now about to make good again in pictures. The gal has just been signed by Columbia for the leading role in "The Most Precious Thing in Life," production on which has been held up for four weeks while the studio searched and searched for the right person.

* * *

The fact that "I Am Suzanne" is making such a terrific hit is causing plenty of satisfaction to a couple of people who really should no longer care, since the company that produced it and their own interests are no longer identical. However, the story in back of the story is an amusing one. It seems that a couple of fellers got a sudden inspiration on seeing the Piccoli players, and, knowing that the Fox studio was looking for a Janet Gaynor story, they rushed over to see a certain executive about it. They went into his office bursting with the good news that at last a story had been found for Gaynor.

Miss Harvey

The executive looked at them and asked:

"Is it a play?"

"No," came back the answer.

"Is it a book?" asked the exec.

"No," came the answer again.

"Is it an original?" came the question from the exec in shocked tones.

"Yes," answered the boys.

"Then I don't wont it," thundered the exec and forthwith refused to hear any more about it.

The idea was then promptly submitted to Jesse Lasky and just as promptly accepted by him. Mr. Lasky then tried to get Janet Gaynor for the starring role but was refused and offered Lillian Harvey instead. The switch to Miss Harvey made some story changes necessary, but make it she did and made it her very best American picture to date.

* * *

Good heavens! "Biography," which was essentially and solely the story of one gal and some of her difficulties in getting married, has suffered a change of title and now is called "Biography of a Bachelor." Robert Montgomery has been given the lead opposite Ann Harding in this one and it's someone's bright guess that eventually that title will be "Biography of a Bachelor-Girl."

* * *

It looks now as though the screen's most "Hotcha" team will be together again for another picture. At the present moment MGM plans to co-star Jean Harlow and Clark Gable in "Repeal," story by Charles Francis Coe, that ran serially in the Saturday Evening Post and a sort of 1934 version of racketeers and what they turned to when their best bet, bootlegging, was taken away from them. Harlow, by the way, is writing a novel, yeah, no fooling, and without a "ghost," too. The name of it is "Today Is Tonight" (you figure that one out), and it's due to appear serially in a national weekly any minute now.

Saga of Steel In Enright

Jack Holt progresses from a furnace foreman to the office of president of a steel company, stock exchange operator and promoter of mergers in "Master of Men," first run picture showing in the Enright. At the beginning he appears as spokesman for the workmen, but toward the last they want to mob him because he has closed the mill as part of his "big business" plans.

Fay Ray, whom Holt meets first as a millhand, and who later becomes his wife, is at cross-purposes with her husband during his period of financial-empire building, but everything is hunky-dory at the finale.

Berton Churchill, Walter Connolly and Theodore Von Eltz are prominent in the action, much of which hinges on stockholders trying to trim each other in efforts to control a steel company.

Comedy

Lupe Velez has a prominent role in "Palooka," comedy featuring Jimmy Durante and Stuart Erwin on the Fulton screen.

Gorgeousness Continues

DOLORES DEL RIO IN "WONDER BAR," ANOTHER FILM OF GORGEOUS SEQUENCES, SOON HERE

Laurel, Hardy Deny Split

HOLLYWOOD, Feb. 19.—(AP.)—The persistent rumor in Hollywood that the comedy team of Stan Laurel and Oliver Hardy was to be spit has been denied by both comedians.

Laurel, reported to have negotiated a contract for personal appearances in England and France, said he had taken a few weeks leave from the Hal E. Roach studios for a rest.

"I wouldn't think of negotiating a contract on my own hook," said Laurel. "I realize my value as a comedian lies in the fact that I am teamed with Hardy."

Hardy also said there was no impending split.

Mamoulian to Direct Anna Sten's Next

For Anna Sten's next film, "Resurrection," opposite Frederic March, a man who has directed Marlene Dietrich and Greta Garbo in turn has been selected. Since Miss Sten inevitably falls into the same classification of exotics as the German and the Swede, it would seem only logical that Rouben Mamoulian, successful with "Song of Songs" and "Queen Christina," now should be conscripted to try his skill with the blonde Anna.

On Stage

Ben Bernie and all the lads will greet "all youse guys and all youse gals" from the Stanley stage, beginning next Friday.

Pitt Laboratory Nears Completion

Work on the University of Pittsburgh's laboratory for instruction and research in natural gas engineering will be completed within the next few weeks, it was announced today by the University's school of mines. The laboratory is located in the Cathedral of Learning.

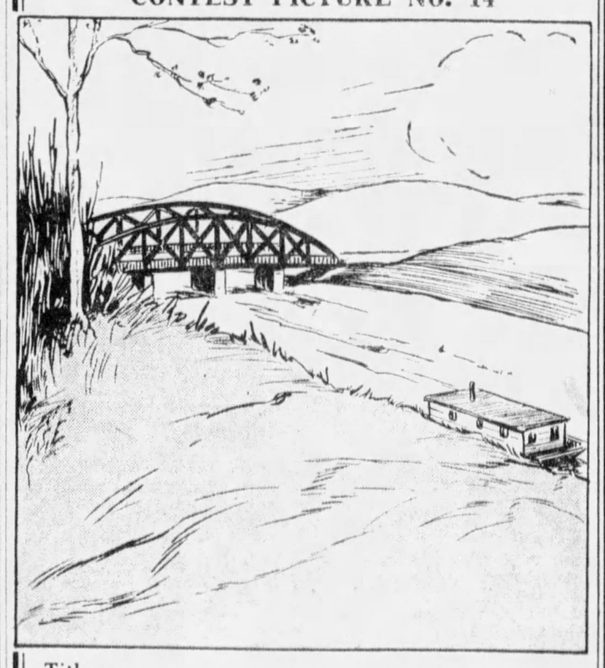
'KNOW YOUR OWN CITY' CONTEST
$1500.00 In Cash Prizes
For Men, Women and Children
CONTEST PICTURE NO. 14



Title . . . . . .

Select the Correct Title from This List of Street Names

The correct street name for this picture is included in the list below. To simplify the contest the terms "Street," "Avenue," "Road," etc., will not be required in the answers.

Morewood	Amethyst	Omega	Beacon
Post	Library	Cheyenne	Pearl
Water	Diploma	Bigelow	McIntyre
Bayard	Juliet	Idlewild	Webster
Bridge	Lincoln	School House	Prospect
Hermitage	Hiawatha	New Haven	Vulcan
Bidwell	Toboggan	Mirror	Industry
Hunter	Woodstock	Album	

Here is the Complete List of the 441 Cash Prizes:

FIRST PRIZE	$300.00	SIXTH PRIZE	$ 25.00
SECOND PRIZE	200.00	10 PRIZES @	$10.00 Each 100.00
THIRD PRIZE	100.00	25 PRIZES @	5.00 Each 125.00
FOURTH PRIZE	75.00	125 PRIZES @	2.00 Each 250.00
FIFTH PRIZE	50.00	275 PRIZES @	1.00 Each 275.00
		441 Prizes Totaling	$1,500.00

READ THESE SIMPLE RULES:

(1) Under the title, "Know Your Own City," the Pittsburgh Sun-Telegraph will inaugurate a Cartoon Contest beginning Sunday, February 4, 1934, which will continue in the DAILY EDITION ONLY thereafter until 40 contest pictures have been consecutively printed. Beneath or contiguous to each contest picture there will be printed a list of Pittsburgh street names and within this list will be found the correct title of each picture.

(2) The Pittsburgh Sun-Telegraph will pay $1,500.00 in cash prizes to the entrants submitting the neatest and most nearly correct sets of answers. In case of ties equal awards will be made to the contestants so tied. There will be 441 cash prizes in all, as noted above in this announcement.

(3) The contest will close Wednesday, March 21, 1934, and all sets of answers must be in the office of "Know Your Own City" Contest Editor before midnight Saturday, March 31, 1934. Prize winners will be announced just as soon as the judges can complete checking of the entries.

(4) "Know Your Own City" contest is open to all men, women and children living in the area of the Pittsburgh Sun-Telegraph, except members of the families of Sun-Telegraph and Radio Station WCAE employees are not permitted to enter. Incidentally, it is understood and agreed by all entrants that the decision of the judges shall be final. Entries will not be returned under any conditions.

(5) You do not have to buy the Sun-Telegraph to enter this contest. You can see the files of this newspaper at the office of publication or at the Public Libraries, and, if you wish, make tracings of the contest pictures, which will be accepted as contest entries.

For Love or Money

It is an easy matter to understand why Dottie fell for Jake. Jake had dough, and Jake spent his dough on Dottie. Jake installed Dottie in a pleasant apartment, bought her jewels and a car and clothes. And everything was bright and rosy—while the money lasted.

But Jake's business went the way of most small businesses during the past few years. Bad debts and lack of customers came very close to ruining him. Dottie's apartment became meaner and smaller with each move. The clothes and jewels were no longer forthcoming. And Dottie was forced to fall back on the subway once more as a means of transportation.

The reason why Dottie stuck to Jake is simple enough. Nothing better presented itself. But the hardships were not borne with noble fortitude. Dottie did plenty of beefing about the situation. Not, however, while Jake was within hearing, lest he cast her out on her pearly-white ear. Jake, Dottie realized ruefully, was nobody's sap.

It was enough to get a girl's goat, though, she sometimes thought discontentedly. She was still young—well, young enough. She was good-looking. She knew that she was attractive to men. The way they stared at her on the street was ample proof of that.

There was one man in particular. She had met him through Jake and knew him only slightly. Yet every time they met, his eyes gleamed with a light that she understood very well, and he always managed to find an opportunity to touch her. Herman Potts wasn't the most attractive man in the world, but something told Dottie that it might be worth while to become better acquainted with him.

She had her chance late one afternoon. She was stepping out of the apartment on her way to get a glass of beer when Herman waddled along.

"Jake in?" he queried while his gaze traveled up and down her person.

"No, he ain't. And I'm on my way out for a drink, so I gotta be pushing along."

"How about me going, too?" Herman suggested. "About time, ain't it, we two got to know each other better?"

They marched down to the corner together, and Dottie was glad that it was no further. The man was certainly a mess, and as soon as she had her drink, she'd leave him pronto.

Herman sat opposite her and wriggled his feet against hers. She was, Herman told her, a mighty sweet woman. There wasn't anything he wouldn't do for a girl like her.

"But," he sighed, "I suppose you're in love with Jake."

"Yeah," responded Dottie. "I guess I am, anyway."

She picked up her purse and prepared to leave. But she didn't leave. Herman pulled out a wallet to pay the check and Dottie very nearly fell under the table. The wallet was thick with bills. There was more money there than Dottie had seen in her entire life.

"Listen, brother," she asked curiously, "you got much dough there? Kinda foolish, ain't it, to be parading around with all that money on you?"

"There's quite a lot," Herman confessed. "Plenty of thousands. I stopped on my way down here and got it outa the bank. That's why I happen to have so much on me right now."

Dottie didn't pull her foot away this time. For this put a different light on matters. A bird who could saunter into a bank and march out with a few thousands was exactly the kind of man in whom she was most interested.

"What were you saying, Herman?" she cooed. "That you like me? You don't know how happy that makes me!"

By the time they had finished their fourth drink, the details were all arranged. Herman would call for Dottie in an hour's time. That would give her ample opportunity to collect her things at Jake's and be ready to go with him.

Dottie moved with considerable speed after Herman had left. Jake would be home soon—and she didn't want to be around when he got there. She shoved her clothes into a suitcase and labored over a note to him in the accepted manner of eloping wives and sweethearts.

Herman was prompt to the minute. He squeezed Dottie's arm enthusiastically as they rode uptown. The ride was fairly long. That annoyed Dottie. Where was he taking her? She had an idea she wasn't going to like the neighborhood.

She was right in that respect. The neighborhood was far from the best, and the apartment that Herman ushered her into was her idea of a first-class hovel.

"Say, what's the idea?" she demanded. "Listen, you don't expect me to stay in a dump like this? Even Jake wouldn't have the nerve to ask me to live in this hole."

Herman patted her arm soothingly.

"Now, baby," he murmured, "don't get excited. Times are bad. This is the best I can do right now. When things are better—"

"You mean," Dottie asked slowly, "that you haven't got any dough—is that it?"

"Well, not much," the man confessed. "Enough to take care of this."

"But what about that money you had?" Dottie shrieked. "You told me you had thousands."

"I did," Herman smiled blandly. "But I had to pay a debt with that. I've owed that money to Jake for almost five years. I gave it back to him at his office this afternoon while you was getting ready to come with me."

Star of Opera In Film

Victor Schertzinger, signed by Columbia to direct Grace Moore in a picture for that company, will write several selections for the operatic star to sing in the production.

Schertzinger was famous in the music world before he became affiliated with the screen. He was a concert violinist and a composer. "Marcheta," his most famous composition, sold into the millions of copies. As an accompanist, he traveled with Eames, Calve and Melba all over the United States.

Miss Moore has expressed herself as delighted with the choice of Schertzinger as director, as he is thoroughly familiar with operatic technique. The picture, tentatively titled "Don't Fall in Love," deals with the life of an operatic star.

In the picture, in addition to Schertzinger's numbers, Miss Moore will sing arias from "Traviata" and "Carmen," the sextet from "Lucia" and "One Fine Day" from "Madame Butterfly."

Amherst President To Address Alumni

The annual meeting of the Alumni Association of Amherst College will be held Friday evening, March 2, at the Pittsburgh Athletic Association. The guest of honor will be Stanley King, president of the college.

The committee in charge includes J. H. Caughey, Thomas Trimble Jr., Robert Munroe III, Alva Stewart, Lawrence Wood, Kenneth R. Cunningham and Mitchell B. DeGroot.

MIDDLE AGED HAIR IS YOUTHFUL AGAIN

"I'M DISGUSTED WITH MY HAIR. IT'S ALWAYS SO DULL, LIFELESS AND OLD LOOKING. HOW DO YOU KEEP YOURS SO LOVELY?"
"MY HAIR WAS THAT WAY UNTIL I USED GERAL THE ORIGINAL MAKE-UP FOR THE HAIR. WHY DON'T YOU TRY IT?"

Doing one thing now makes dull hair gleam with lustre

If you would like to see your dull, faded hair take on a lustre and beauty it has not had in years—just do this one simple thing. Comb your hair with Geral—*the original make-up for the hair.* Geral is ***not*** a dye, bleach or henna. It contains no oil. Geral beautifies the hair as rouge, powder and lipstick beautify the face. No matter what the color of your hair—blonde, auburn, brown, brunette or gray—no matter how lifeless and drab, Geral will impart NOT an ***artificial*** look but the ***natural*** life, sheen and softness of youthful girlhood. Obtain Geral at all good toilet counters and drug stores.

HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men

Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you.

But don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all.

Only a free flow of your bile juice will stop this decay poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today. 25c at drug stores.

Refuse "something just as good", for it may gripe, loosen teeth or scald rectum. Ask for Carter's Little Liver Pills by name and get what you ask for. ©1933, C.M.Co.

A BODY BUILDER

WHEN you feel rundown, when your blood is thin or stomach gives trouble, with gas, or "sour risings," try Dr. Pierce's Golden Medical Discovery. If you are thin-blooded, need to put on healthy flesh—this is the tonic for you. Read what Mrs. Sallie Beaver of 214 W. Walnut St., Lancaster, Pa., said: "My blood was impoverished, circulation poor, and my stomach was weak and upset. I took Dr. Pierce's Golden Medical Discovery and it improved the condition of my blood and circulation and helped my stomach—I could eat without distress."

Write Dr. Pierce's Clinic, Buffalo, N. Y. New size, tablets 50 cts., liquid $1.00. Large size, tabs. or liquid, $1.35. "We Do Our Part."

Players and Plays

By WILLIAM J. LEWIS

Boy, will Harry Brown, manager of the Nixon, be glad when this particular theatrical season is ended! Or, maybe it is. Mr. Brown's latest headache was the notification, wired from Boston late Saturday, that "Double Door," booked for the Nixon next week, has cancelled the remainder of its road tour, having closed in Boston Saturday night. Yet, head bloody but unbowed despite the blows of fate, Mr. Brown looks hopefully to the future, convinced that somewhere the sun is shining.

* * *

According to a studio note from Hollywood Gov. Gifford Pinchot is "Gov. Clifford Pinchot," his niece, Rosamond Pinchot, is his "noted actress daughter," and "The Miracle," in which she achieved success a few seasons ago on the stage, is a "Miracle Play." Oh, well, as some one has remarked, such is fame! The report was occasioned by the fact that Miss Pinchot was the honor guest at a dinner given in her Beverly Hills home by Grace Moore, operatic star now in the movies, other guests including the George Brents, the Richard Barthelmesses and Kay Francis.

* * *

John Barrymore was on the books to begin the filming of "Twentieth Century" in Hollywood today, after a cruise in Mexican waters with his family on his yacht, the Infanta. In order to be back on the job in time, he disembarked from the yacht at Guaymas, Mexico, and returned to the movie capital by train.

* * *

The next feminine star to have Clark Gable as a fellow luminary will be Constance Bennett, and an original story, "Indo-China," is being authored for them by Leon Gordon, the production to bear the Metro lion as its trademark. "The Firebrand," Twentieth Century production, now being filmed with Miss Bennett and Fredric March co-starred, will be followed later by other productions with the same stellar team. One story for them, "Half Angel," is being written by Fanny Heaslip Lea.

'Our Gang' Released, All But Two

Only "Spanky" McFarland, the chubby "hero," and "Stymie" Beard, the little Negro menace, will be retained in a studio shakeup of "Our Gang," to get new faces. The others will be released to go into obscurity or to try for further success in films, emulating the example of Jackie Cooper. So far Jackie is the only one-time "gangster" to achieve screen stardom, although several others, including Mary Kornman and the famous "Farina" (Allan Clay Hoskins) are seen occasionally.

CARROLL LAUDS 'HICK' BEAUTIES

HOLLYWOOD, Cal., Feb. 19.—(AP.)—At the end of his first month in Hollywood, Earl Carroll, producer of the "Vanities," observes that America's most beautiful girls never reach the stage or screen. They remain undiscovered in small towns. He said:

"An age-old fear of the stage keeps parents from permitting their daughters to come to the great beauty centers. A girl must come either to New York or Hollywood to be seen.

"Many people still retain the erroneous belief that the stage and screen are not places for decent young ladies. They will not permit their daughters to become affiliated with either.

"In truth, both Hollywood and New York offer a girl the equal of a finishing school education. She learns how to keep youth and beauty."

Is This Your Problem?

You need more life insurance

You cannot afford sufficient at usual rates

WE HAVE THE ANSWER

A policy guaranteeing $5000 to the beneficiary at the death of the insured.

The premium from the sixth year on is unchanging for the rest of life ($112 annually, for $5000, age 30).

But the premium for the first five years is ONLY ONE-HALF that figure ($56 annually for first five years).

WE DEVISED THIS POLICY IN 1924. INSTANTLY POPULAR AND ESPECIALLY IN DEMAND DURING THESE DAYS.

It is the ideal policy for all who have faith that they will be in improved circumstances five years from now, and who want ample insurance in the meantime.

Patricia Pitt's Sprightly Comment on Pittsburgh Society Happenings

In Mayfair
—With—
Patricia Pitt

No matter where she goes, Mrs. W. Harry Brown, who a few decades ago would have been called a dowager, always plays a brilliant part in society wherever she happens to be.

In London, on the Riviera, where she spent many years, and in Pittsburgh, too, during her rather brief visits here, she has entertained lavishly. And by the way, she will probably entertain next fall for her granddaughter, Margaret Painter, daughter of the junior Charles A. Painters, who is on the list of debs for the autumn of 1934.

She's now in Palm Beach for the remainder of the northern winter. She's taken the imposing ocean-front villa there, owned by Mary Duke Biddle. Mrs. Brown has a villa at Cannes, and her Pittsburgh home is in Fifth avenue in the fashionable East End district.

Mrs. W. Harry Brown to Fete Prince, Princess

This week Mrs. Brown will have as her guests at Palm Beach the Prince and Princess Christian of Hesse, who are repaying a visit Mrs. Brown made last summer at their princely chateau de Marlois in the Haute Savoie near Aix-Le-Bains.

Another grandmother who is playing a leading role in the social life of Palm Beach is conservative Mrs. Henry R. Rea, of Sewickley Heights. She gave a dinner recently at Lagomar, her Palm Beach home, for the George R. Hanns, whose marriage took place a short time ago in St. Louis, Mo. The Hanns will live in Sewickley Heights. Mrs. Hann is the former Mrs. Oliver Anderson, of St. Louis.

Palm Beach, which has become the American Riviera, is attracting many of those who formerly wintered on the French Riviera—the international decline of the dollar and the internal political turmoil in Europe, writers say, are causes.

Symphony Attracts Many Registerites

The Pittsburgh Symphony receives, and justly, as much patronage as one of the famous visiting orchestras—the Minneapolis and the Boston symphonies, for example.

At Syria Mosque last night, when Richard Crooks, tenor, appeared with Pittsburgh's own symphony orchestra, the audience was large and enthusiastic, and in addition to those who never miss a concert, many new faces.

The Donald Briens were there—she's Louise Lerch, who appeared with Tito Schipa Tuesday night. She wore a black crepe afternoon dress with a small fabric hat.

The long sleeves of Mrs. Edmund W. Mudge's black velvet dinner dress had insets of bands of gray velvet—very striking. Mrs. F. C. Irish chose black satin, and Mrs. John W. Lawrence wore a black crepe dress with a vest effect in rough bright green crepe, with the vest extending a bit over the shoulder. Mr. Lawrence was there, too, and William Maclay Hall.

A coral satin scarf was used by Louise Reed for accent with her black lace gown. Her mother, Mrs. W. Edgar Reed, wore beaded black velvet. Mrs. George Singer Ebbert was there, Mrs. Samuel Harden Church in bright orange crepe, Mrs. John A. Byerly in brown and beige velvet.

Helen MacCloskey chose a bright red crepe dress with a small fabric hat to match. Mrs. Stone Bailey was there, Mrs. T. Clifton Jenkins, Mrs. Ferdinand T. Weil, William R. Shulgold and many others.

'Y.W.' Evening Classes To Start on New Term

The evening classes at Central Branch, Young Women's Christian Association, will begin their new term this week. The curriculum includes psychology, advanced first aid, nursing, cooking, sewing, language, modern manners and social conduct, dramatics and public speaking. Classes meet Mondays, Wednesdays and Thursdays.

Brookside Women Will Hear Lecture Tomorrow

H. O. Lehman, of the Davy Tree Expert Company, will give an illustrated lecture before the Brookside Woman's Club tomorrow in Mrs. E. Burchell Nutt's home. Mrs. R. C. Barron will assist the hostess and the club choral will sing, under the direction of Mrs. William Weiss.

Perry Woman's Club Meets on Wednesday

The Perry Woman's Club will meet Wednesday afternoon. Frederick G. Rodgers, Mrs. C. Ellsworth Parker, Miss Mildred Young, Dean S. Babcock and Mrs. O. C. Laudig will entertain with music. Miss Florence Bollen will give a reading and Mrs. J. H. Adams and Mrs. S. J. Chatam will pour.

Mrs. Smith to Speak Friday at Settlement

The senior council of the Irene Kaufmann Settlement is to have Mrs. R. Templeton Smith as speaker at its next open forum, Friday evening, in the Theresa L. Kaufmann auditorium. She will speak on "Reducing the City's Budget." Samuel W. Lebowitz is chairman.

Fort Pitt Chapter Will Serve Supper

Fort Pitt Chapter, No. 130, Order of the Eastern Star will hold a supper in Moose Temple tomorrow evening at 5:30 o'clock. Miss Dorothy Broemeier is in charge of the entertainment program.

SOCIETY GIRLS AS AIDES FOR WOMAN'S CITY CLUB

Photo by Pittsburgh Sun-Telegraph.

MISS ELIZA CRANNELL MISS GEORGETTE CASSELMAN MISS POLLY BUCKMASTER

SOCIETY GIRLS AMONG THE AIDES AT THE MUSICALE AND TEA SPONSORED YESTERDAY BY THE WOMAN'S CITY CLUB

Miss McGeary's Engagement Announced

At a tea which she gave in her home yesterday afternoon, Mrs. G. H. McGeary, of Wilkinsburg, announced the engagement of her daughter, Miss Louise McGeary, to Andrew J. Kaelin, Jr., son of Mr. and Mrs. Andrew J. Kaelin, Sr., of Bellevue. Miss McGeary is a daughter of the late Dr. G. H. McGeary.

She has named March 31 as the date of her marriage, which will take place in the Second Presbyterian Church, of Wilkinsburg.

Women's Press Club Celebrates Forty-Third Year

Movies were represented by members of the Women's Press Club who attended its forty-third anniversary dinner in the College Club Saturday night. The prize went to Mrs. John A. Shoemaker for her impersonation of "Lady for a Day," and the prize for guessing the greatest number was won by Mrs. John F. Collins, secretary of the club. Florence Fisher Parry went as "Another Language;" Miss Margaret Russell was clever as "Tillie's Punctured Romance;" Mrs. Vincent Drayne's "Three Little Pigs" was especially ingenious; Miss Bernice Shinet was "The Front Page;" Mrs. Charles M. Bregg, "Cradle Song;" Miss Mary Hay, "I'm No Angel," and Mrs. Anne Ryan Lesh, president of the club, was "Lily Turner."

Potted red cyclamen, used in the decorations, were made to do double service in that they were the prizes. On the long table they alternated with a beautifully decorated birthday cake and tall red tapers in low crystal holders.

Mrs. H. G. Sands Club Program Hostess

Three departmental programs of interest are being planned for this week by the Women's Club of Mt. Lebanon, beginning this afternoon when Darrell V. Martin, radio editor of the Post-Gazette, is speaking on "Radio Stars" at the guest day tea given by the drama department in the home of Mrs. H. G. Sands.

The educational department's program tomorrow evening in the Washington School is being designed to interest both parents and teachers. Talking pictures will be shown featuring Dr. Harry Kitson, of Columbia University, in a lecture on "Choose Your Vocation," and Dr. Arnold Gesell, director of Yale Psycho-Clinic, demonstrating the study of child development in a film titled "The Study of Infant Behavior." Vocal solos will be given by Mrs. Edna Todd Batz and S. Powell Middleton.

Mrs. T. F. Christopher will be hostess for the Friday afternoon meeting of the music department when the program will feature the string ensemble of the Crafton Women's Club.

Boys' Club Auxiliary Meets This Afternoon

The Women's auxiliary to the Boys' Club of Pittsburgh is holding a meeting at 2:30 o'clock today in the clubhouse in Butler street.

MAKING A POINT OF GLOVES

The gloves on the model are grap suede clipped with metal above two cut-outs over the backs. Below, left, is a navy blue suede glove tucked to simulate smocking. The white glove, center, is hand-sewn white doeskin.

Below, right, navy suede with a split, silk-lined cuff, linked with gold buttons, and a hunter's green suede model with a strap applique.

By PRUNELLA WOOD

GLOVES WILL be giddier in a nice way this spring than they have been since those pastel dainties came out to wrinkle over the arms when wearing a flowered chiffon frock.

But it is the gloves to wear with the tailleur which are news this time. The glove that picks up the bright point of a tweed or silk ensemble, ties up a hat and scarf into a triple accent, or offers a show-off accent to a color scheme is the newest thing. Not gloves made of fabric that matches exactly one's suit, frock, hat, or scarf, mind you, but one that marches hand in hand with it instead of being blue, gray, brown or black with no fooling about nuances.

So we will see green suede, and dark red; navy blue kid and suede, brave with trick metal clasps and buttons, stitched as fussily as a quilted throw, and all the usual glove colors jacked up to similarly new highs.

(Copyright, 1934, King Features Synd., Inc.)

Voter League Gatherings This Week

By MRS. CHARLES M. BREGG

A variety of subjects will come up before the various League of Women Voters' Units this week—taxes, the New Deal, world friendship and city government among them.

Members of the Wilkinsburg League of Women Voters will meet tomorrow in the Penn-Lincoln Hotel to hear Dr. Marion K. McKay, of the University of Pittsburgh. His subject will be "Playing the Cards in the New Deal."

The Twenty-third Ward League will meet tomorrow evening in the Schiller School, with Harry Workmaster speaking on "Your Taxes and Mine."

Another unit, the Sheraden League, will meet that afternoon in the Episcopal Church rooms, at Ashlyn and Sherwood avenues. "World Friendship" is the subject in which this group is interested and on which Mrs. C. E. L. Bapprich, who attended the Cause and Cure of War Conference, will speak.

On Wednesday in the Dormont New Century Club the Dormont League will have its meeting and will be addressed by the Rev. H. B. Hudnut. He will speak on "Crossing Racial Border Lines." and Mrs. J. O Miller will talk on league activities. Mrs. Carl Cappel, Jr., has charge of a musical program. Tea will be served by the members of the committee on international relations.

Mrs. George Grier will be hostess to the Ben Avon League at her home, Irwin avenue, on Wednesday, when Mrs. Carl J. Behrhorst will give her impressions of the Cause and Cure of War Conference.

Mrs. R. P. Keenoy, chairman of the county league's city government committee, will speak for the Twenty-second Ward on "Important Facts in Our City Government" at its meeting in the home of Mrs. Mary Blanchard, Arch street, on Wednesday.

Pittsburgh Folk Sail On Cruise to Miami

Pittsburghers who sail from Baltimore Friday on the SS Chatham, for a Miami cruise are: Dr. and Mrs. W. M. Marshall, Mrs. F. B. Haid, Miss Alice F. Leech, Miss Lucy B. Smoot, Mr. and Mrs. W. C. Rice, W. P. Gregg, Mrs. George M. Heinitsh and daughter, Elizabeth Anne, L. A. Hatheway, Miss Jean and Miss Eloise Hammer, John B. Gordon and mother, Mrs. Blanche Gordon, Gregg L. Neel, Mr. and Mrs. A. D. Nicholson, George E. Walton and Ma and Mrs. Thomas W. Pomeroy.

* * *

As a benefit for its welfare work, the South Hills American Legion Auxiliary, Unit No. 156, has planned a musicale-tea at the home of Mrs. S. A. Romain, Vernon drive, Mt. Lebanon, for tomorrow.

On the program will appear Eda Shaffer Kreiling, contralto; Helen Hunt Allen, violin; Gertrude Robinson Dodds, piano; Lillian Anderson McDonald, soprano; Neal Morris, trombone; Dorothy Devlin, reader, and Henrietta Robertson, accompanist.

* * *

The Ladies' Aid Society of the First United Presbyterian Church, Crafton Heights, held a dinner at high noon Wednesday in honor of Mr. and Mrs. S. J. Thompson, who celebrated their golden wedding anniversary. The same evening the members of the all-star class of the society held a party in the Thompson home in Crafton Heights.

* * *

Miss Rose Stein, secretary of the League for Social Justice, will address tomorrow morning's meeting of the Legislative Council of Western Pennsylvania in the Board of Education Building. Miss Stein's subject is "Welfare Efficiencies" and there will also be a discussion of consumers' problems.

* * *

Miss Frances Smurthwaite, of Swissvale, was honor guest at a Valentine party Tuesday evening in the home of Miss Mary Kohlhepp, of Edgewood.

Crafton Juniors' Club Schedules Many Events

A white elephant bridge, contract bridge lessons, reciprocity night, a meeting with the seniors, a three-act play, the spring dance and a benefit for the Girl Scout camp fund are future events listed by the Crafton Junior Woman's Club.

Friends are invited to the white elephant bridge, which the welfare committee is sponsoring at the home of Mrs. John McGhee, Oregon avenue, tomorrow evening. The hostess committee is managing the bridge lessons and, together with the social committee, will have charge of reciprocity night, March 6.

The senior-junior meeting on March 21 will be featured by an operetta called "The Ladies' Aid." The play will be presented by the drama section in April, the welfare committee has planned the spring dance and the Girl Scout committee will supervise the bridge benefit, which will take place at McCreery's on April 6.

Open Rushing At Pitt on Thursday

Women's fraternities at the University of Pittsburgh have passed upon the dates and regulations for their annual spring rushing period. This will extend from Thursday to Saturday, inclusive. Eligible freshmen women will find themselves in a whirl of teas, luncheons, dinners and every kind of novel party. Men will be excluded from all rushing events.

Following the last rushing party at midnight, Saturday, silence week will be in effect until Saturday noon, March 3.

Bids will have been extended by the various fraternity groups on Friday, March 2, and pledging of the new members will take place on Monday, March 5. Open bidding will begin on Monday, March 10, and will continue until the end of the semester.

Plum Creek Valley Club To Hear Mrs. McJunkin

The Plum Creek Valley Women's Club will meet in the Unity United Presbyterian Church tomorrow evening. Mrs. H. K. McJunkin will be the speaker.

The Western Division of the
GARDEN CLUB
Federation of Pennsylvania will present
Miss Anne Wertsner
tomorrow at 2:30 in the Auditorium, 11th floor

Miss Wertsner, Professor of Floriculture at the School of Horticulture for Women, Ambler, Pennsylvania, will speak on the "Care and Arrangement of Cut Flowers," demonstrating her talk with original arrangements.

ADMISSION FIFTY CENTS

Kaufmann's Invites Garden Club Members and Friends to a

All Remaining Furred Cloth Coats, HALF PRICE and LESS

BROWN DENIES AIR MAIL FRAUD

(Continued from Page One.)

here May 19 and June 4, 1930, at which Black has charged the air mail map was "divided up" and contracts let without competitive bidding. Brown said:

"No suggestion of dividing air mail operators among the companies represented at these meetings was ever made or contemplated, and no agreement or understanding with respect to bidding on air mail contracts or refraining to bid on air mail contracts by any of the operators present was made at either of those meetings or at any other time."

All of the consolidations authorized by him, he said, were in the public interest and all resulted in improved service.

Brown said during his term no contract was awarded to the Pennsylvania Railroad for carrying the mail. He said he owned 225 shares of Pennsylvania stock.

Senator Black, lazily smoking a cigar, sat directly facing Brown across a table about 10 feet away.

Brown expressly stated he waived all immunity from legal prosecution arising from his committee testimony.

Senator King then entered the room, completing the committee membership.

Black began his inquiry with the appointment of Brown in 1921 by Former President Harding as chairman of a committee to investigate the desirability of changing and consolidating the duties of governmental departments.

In 1927, Brown said, he was appointed Assistant Secretary of Commerce by Calvin Coolidge. William P. MacCracken was Assistant Secretary of Commerce in charge of aeronautics.

Asked if he had anything to do with air mail contracts while in this job, Brown said he had paid no attention to them. Black asked:

"MacCracken was subordinate to you, was he not?"

Brown replied:

"I wouldn't say so."

Black turned to the subject of Brown's relations with the late Joseph Bagley.

The former Postmaster General said he had no business transactions with Bagley before 1928. He added he might have "paid some trifling bill" for Bagley prior to that time.

In a previous committee session, Bagley's secretary had testified to a partnership between his employer and Brown in a million-dollar brokerage account.

Later, other witnesses told the committee Bagley had been Washington representative for a flooring concern whose product was used in postoffice buildings.

Brown agreed under Black's questioning that he did arrange for Bagley to invest $5,000 in 1924 in the Frazier Electric Transmission Corporation in which he (Brown) and some other Ohio persons were interested.

PRODUCES CHECK

Black produced a check for $5,000 drawn in Brown's favor by Bagley on July 31, 1924. Brown said:

"Oh, yes, I remember all about that."

He added he arranged for Bagley's investment.

In his statement Brown said "all of the extensions and consolidations authorized by me were in the public interest" and "every such action resulted in improved public service and ultimately in lower flying costs which were passed on to the government in the form of reduced mail pay." He said:

"Payment for service on the extensions authorized was in every instance approved by the Comptroller General then and now in office, and the validity of such extensions was repeatedly recognized in appropriations for the air mail voted by Congress."

AIR TALKS SET ON DEFENSE

Today's radio talks, in connection with Pittsburgh's observance of National Defense Week, will be broadcast from all five local stations. At 6 p. m., Lt. Col. Frederick A. Prince, chief of staff of the 99th (Reserve) Division, will speak for five minutes from KDKA.

Other schedules are:

KQV, 1:45 to 2 o'clock, Col. W. W. Gill and Lieut. Vincent C. Neeson; WCAE, 2 o'clock, Capt. Jack E. Sugden, Jr., five minutes; WWSW, 4:45, Attorney John W. Cost, 15 minutes, and WJAS, 5:15, Maj. William W. Hague.

Attorney Cost has completed his preparatory courses and is about to be commissioned in the Judge Advocate General's Department Reserve.

Indictments Loom In War Supply Quiz

WASHINGTON, Feb. 19.—(INS.)—Entering its third week, the grand jury investigation of the reported "sale" of War Department contracts by a group of lobbyists will end this week. The indications were that several indictments would be returned.

The accused lobbyists were reported to have claimed they could "get army contracts because of their influence with the department."

Codos, Rossi Plan New Record Hop

ISTERES, France, Feb. 19.—(AP.)—Paul Codos and Maurice Rossi have arrived to prepare for a flight to Buenos Aires in which they will attempt to break their own non-stop distance airplace flight record. They plan to take off as soon as the weather is satisfactory.

President to Handle Mail Subsidies Openly and by Right Name, Capital Believes

By RICHARD WASHBURN CHILD

Noted Author and United States Ambassador to Italy Under Two Administrations

WASHINGTON, Feb. 19.—Almost certain is the prospect that the President intends to deal in a wholesale way with our ship subsidies and our support of aeronautics.

The probability is that he will ask for measures to put an end to the indirect subsidies given by means of ocean mail and air mail contracts and call subsidies by their right names and give them in such a way that everyone knows what is given and how.

Those, who pretend to "influence" in Washington who have been chortling that the withdrawn work of air mail and ocean mail contracts is to be operated by government agencies only for a little while and then let out again in a Roman hoilday for lobbyists, are beginning to realize that the administration cannot and will not allow any such "racket."

THE SITUATION so far as concentrated government control or actual engagement in business by government, will no doubt turn out to be another of the steps taken away from private initiative and toward revolution by purchase.

Subsidies given by any government which is openly opposed to state socialism may be devoted to building some protection or necessity for the state, but such subsidies have no strings on them. They are just GIVEN.

If, however, they are given with the strings of government control or joint operation they are to all intents a step toward buying into the merchant marine and aeronautic industry.

These two industries are not only of vast importance to our commercial prosperity; they are vital as auxiliaries to our effective velocity defense. They are indispensable to our security in a war-threatened world.

THERE NEED be no criticism of the President because he feels that aeronautic and merchant marine subsidies must be clean.

But, what Washington is learning is that the country feels most strongly that two industries, vital to our prosperity and security, must not be tampered with merely by a rush of political impetuosity.

What have these industries to say for themselves, after all the mud-slinging?

What is ther case?

Let us have it.

Army Fliers Ready To Face Mail Perils

Officials Worried Over Inadequate Equipment

(Continued from Page One.)

the pilots will depend the decision whether conditions are such that the mail may be flown.

The Army will take over the task of flying the mail at midnight, when cancellation of all commercial air mail contracts becomes effective.

None of the pilots stationed here has had extensive experience with "Hell's Stretch"—the "Graveyard of Aviators"—Lieut. Jacobs said, but they have been over the territory that stretches north, east, south and west of Pittsburgh, and undoubtedly know its reputation as a most formidable flying country.

MENACING WEATHER

The Army mail authorities kept well posted on the weather conditions today, and they knew they were bad. An Associated Press dispatch from Newark, N. J., quoted the weather bureau there as saying the storm along "Hell's Stretch" will be so bad by midmorning flying will be practically impossible.

Commercial planes, meantime, were maintaining their schedules in and out of Pittsburgh.

The Army's ace pilot at Newark, Lieut. Elwood R. Queseda, was docketed for the first run over "Hell's Stretch" between Newark and Cleveland, leaving Newark at 9:30 p. m.

Six soldier mechanics were at the City-County Airport as maintenance and service men. One reserve plane also will be kept here.

While the 148 Army ships are equipped with army radio, the new service will use Department of Commerce radio equipment at the airports.

148 PILOTS ASSIGNED

One hundred and forty-eight Army pilots were assigned to the job—the Army's biggest since the World War. They will fly over 21 routes criss-crossing the country, but these routes are fewer in number and shorter than the lines operated by private companies.

Seventy cities will be contacted, compared with 167 touched by commercial lines.

Instead of the 18 air mail flights out of Pittsburgh under private operation, there will be but eight operated by the government. There will be one east to Newark, one west to Kansas City, three to Cleveland and three to Washington.

Two of the pilots here are to be assigned to the Pittsburgh-Indianapolis flight, and two to the Pittsburgh-Newark trip.

A United Air liner bound from Newark to Chicago was unable to reach Cleveland because of the weather last night and put in at the City-County Airport. Three passengers were put aboard a train while the mail was carried through by Transcontinental and Western Air, Inc.

Lieut. Corley McDarment, commandant of Rodgers Field, was preparing to repair a ship forced down near Bettis Field late yesterday and to dispatch a new propeller to another that cracked up near New Cumberland, O.

PILOT BAILS OUT

Another pilot bailed out in a snowstorm near Mansfield, O., last night while en route to Middletown, Pa.

Maj. Hal R. Bazley, manager of the City-County Airport, and Lieut. William Kessler, of Selfridge Field, Michigan, had narrow escapes in the crash near Bettis Field. The ship was forced down on a hillside near the Duquesne road and soldiers stood guard over it today. The damage was reported to be slight.

Lieut. McDarment last night telegraphed Maj. B. Q. Jones, zone commandant at Newark Airport, recommending that a certain type of pursuit ship not be used in night runs into Pittsburgh when fog prevails.

Lieut. McDarment said the army ships are not equipped with the best radio and his observation of the type to which he objected was that it carried both poor radio and compass.

STRICT INSTRUCTIONS

An International News Service dispatch said ranking Army officers emphasized that the pilots were under strict instructions to "take the mail through," but not to take unnecessary risk to maintain schedules.

Maj. Gen. Benjamin Foulois, chief of the Army Air Service, who was expected to see the first plane off from Newark, was quoted as saying:

"There may be a few delays and interruptions, but everything will be smoothed out quickly. The Army can and will do the job well."

LINDY'S PROFIT FROM STOCKS $187,838

International News Service.

NEW YORK, Feb. 19.—In the six years in which he has been actively indentified with commercial aviaton, Col. Charles A. Lindbergh has made a profit from stocks and warrants of $187,838.55, a statement issued by him through his attorney, Col. Henry Breckinridge, today had revealed.

These profits, the famous flier declared, did not include deductions for "business expenses such as purchases of airplanes, equipment, office maintenance, cost of survey flights and many other items" and were exclusive of reinvestments in stock and warrants.

DENIES STOCK GIFT

In addition, Lindbergh denied flatly that he had ever received a gift of stock, stock options or warrants from the companies with which he had been associated, Pan-American Airways, Transcontinental and Western Air and its predecessors, Transcontinental Air Transport.

A previous denial of such reports, he said, was contained in his answer to a questionaire from the Black Senate committee investigating air mail contracts over a month ago. On January 10, letters introduced as evidence before the Senate committee indicated that Col. Lindbergh had received a gift of 25,000 shares of Transcontinental Air Transport stock, valued at $250,000.

In explanation of this, Col. Lindbergh stated that, by the terms of his employment contract with the company, he had received in May of 1928, $250,000 in cash and an option to purchase stock in the concern. All the cash, he said, he re-invested in the company's stock and his total profit from the sale of stock was $195,633.75.

The sale of warrants to purchase stock in Pan-American Airways, the aviator said, netted him a profit of $150,884.80, which he re-invested in the company's stock, along with several thousand dollars more. This stock, he declared, he still holds.

SALARY CUT BARED

The statement also disclosed that Col. Lindbergh took a salary cut from Transcontinental and Western Air in 1932. In 1931, he said, he received a salary of $7,194.45, while in 1932 and 1933 he received $6,000. His present salary from Pan-American Airways, he said, was $10,000 a year.

On Saturday, it was estimated by the Senate investigating committee that Lindbergh had made a "paper profit" from his aviation securities of $2,800,000.

Lindbergh was not present when his statement was given to newspapermen, as was the case last week when his now famous "protest" telegram to President Roosevelt was made public.

Yesterday the committee on air law of the Federal Bar Association of New York, New Jersey and Connecticut announced the adoption of a resolution criticizing Lindbergh for his telegram to the President "as well as the motives behind the message."

GEORGIA PUPILS HONOR HEARST WITH TREE

Staff Correspondent.

ATLANTA, Feb. 19.—Public school children of Atlanta—more than 35,000 of them—are to honor William Randolph Hearst today by planting a tree in the honor grove of the Georgia Bicentennial Forest.

An American beech will be named after the publisher and staunch friend of education. An impressive gathering will assemble with the children as they bestow the highest honor in their power upon the distinguished publisher.

SON AT CEREMONY

John Randolph Hearst, son of the publisher, was to be present at the ceremony to represent his father. He is well known in Atlanta, being president of the Atlanta Georgian Company, which publishes the Atlanta Georgian and Sunday American here. He also attended Oglethorpe University here, and that institution will turn out en masse for the program.

Since the tree planting was announced by Dr. Willis A. Sutton, superintendent of education, and Miss Hattie Rainwater, supervisor, scores of leters have been received from educational authorities lauding the plan and honoring Mr. Hearst for his fight for the public schools system. Dr. Sutton is a former president of the National Educational Association.

SUTTON SPEAKER

During the bicentennial year the school children planted trees in honor of President Roosevelt and his wife, and to other great Americans. The honor grove in the forest is the highest tribute the children can pay, and these living memorials will be preserved with care through succeeding generations. Tablets on the trees will tell the deeds of the men and women so honored.

The principal addresses were to be delivered by Dr. Sutton and by Dr. Thornwell Jacobs, president of Oglethorpe University. The large Tech High Band was to play as the children sing "America" to open the formalities.

FLAMES PERIL LUMBER PLANT

Four fire companies were called early today to extinguish a fire that threatened the Evans & Tressler Lumber Company, 2540-60 Library road, Overbrook.

Firemen battled the blaze for almost two hours and succeeded in confining it to the plant. The fire was believed to have started in the two-story frame office building of the company.

Deputy Fire Chief Frank Jones estimated the loss at $5,000. The fire was discovered by police operating a South Side radio cruiser.

Garage Gas Victim Revived by Police

Overcome by carbon monoxide gas when the door of his garage blew shut, Otto Holtzhauser, 40, was revived early yesterday by Bellevue firemen with an inhalator.

Holtzhauser had gone to the garage back of his home, 231 West Riverview avenue, to repair his car, he said.

Hearing on Milk Costs Tomorrow

The State Milk Control Board will conduct its first public hearing on milk costs in this vicinity tomorrow at the Hotel Schenley.

The hearings are held to determine the costs of production and distribution, whether uniform prices should exist throughout the state, and whether prices should be fixed by classes. An additional hearing will be held Wednesday if necessary.

MUSIC

Pittsburgh Symphony Orchestra and Richard Crooks

Syria Mosque

PROGRAM

Overture, "Academic Festival" ..... Brahms
Die Nacht, Morgen, Zueignung ..... Richard Strauss
"Indian Suite" ..... MacDowell
"Kiki-Mora" ..... Liadoff
Lohengrin's Farewell ..... Wagner
Symphonic Poem, "Les Preludes" ..... Liszt

The Pittsburgh Symphony Orchestra, Antonio Modarelli conducting, gave its third concert of the season in Syria Mosque last night. It was one of the lightest programs so far offered by the orchestra, but no less enjoyable for that, and reaping more applause than usual.

Mr. Lissfelt

After looking forward so long to the MacDowell "Indian Suite" I feared almost to hear it in the light of good American music, after Hanson's "Merry Mount" of last week's broadcast. In 30 years American composers have made many a stride. And yet in Modarelli's hands last night MacDowell's work took on real life.

MacDowell still remains an excellent composer for piano, and in less careful hands the "Indian Suite" might have taken on the features merely of piano music. There is little padding in the music, and the niceties of his orchestration were accurately expounded. It is purely lyric music; luckily Modarelli avoided the chance of overburdening it with tone volume.

The Brahms overture was not so successful. There were many holes and I missed the humor of the student songs entirely. On the contrary, the Liadoff fairy story of "Kiki-Mora" was played with all the piquancy of which our orchestra is capable.

The climax, in Liszt's "Les Preludes," was the orchestra at its best, sonorous and lusty in tone and vigor.

Richard Crooks, popular American tenor, was soloist and won a triumph. Strange how all the audience agrees when the singer is so strongly on the right track!

Dignified, stooping not for a second to any bombast nor triviality, this young singer gave us a demonstration not only of excellent singing as vocal art but also as great music. To keep those three Strauss songs within the frame of beautiful miniatures when singing against orchestra was a feat in itself. With it, however, he sang phases of unusual good taste and grace. A slightly faster tempo in "Zueignung" would have made it still finer.

His "Lohengrin" air would be the envy of any German tenor. Diction, sharply defined rhythms, and tenderest declamation marked it above most interpretations. The storm of applause then burst, and Crooks happily gave "Le Reve" from Massonet's "Manon" the finest singing, with no exception, which we have had in Pittsburgh in many a day. He was generous enough to add further the "Una Furtiva Lagrima" from Donizetti's "L'Elisir d'Amore," as fine a bit of Italian bel canto as the "Manon" was from the French school.

J. FRED LISSFELT.

GERSHWIN, CROOKS -:- Composer Heads New Program -:- ON AIR TONIGHT

Composer in New Radio Series

George Gershwin brings a personally selected orchestra to the air in the first of a new series of concerts over an NBC-KDKA network, tonight at 7:30.

Although Gershwin has been heard on the air many times as guest artist, this is the first time he has appeared in a series of programs of his own making.

* * *

Jim Weir, former local newspaperman who has been behind the scenes in radio for several years, begins a series of daily broadcasts over KQV this afternoon at 5:45.

The series, titled "Famous Screen Flashes," will bring to light a collection of a little-known stories of filmfolk.

* * *

BING AND GUS

Bing Crosby and the Mills Brothers, supported by Gus Arnheim's Orchestra, sing for the WJAS listeners at 8:30 p. m.

* * *

Burt Wydener and his Sylvanians are heard over KDKA late tonight (12:30 a. m.) when the pioneer station picks up part of the annual frolic of the Insurance Club of Pittsburgh.

Lynne Overman, musical comedy star; Helen Ford, of New York and London stage fame, and Pianists Fray and Braggiotti are guest stars of the "Big Show," staged over WJAS tonight at 9:30.

* * *

CROOKS

Richard Crooks, heard at the Mosque last night, is heard again this evening at 8:30, over WCAE.

* * *

The Melody Singers; Lucien Schmit, 'cellist, and Bruno Labate, master of the oboe, are featured on the Melody Moments program, heard over KDKA at 9:30 p. m.

* * *

A new series of weekly broadcasts picturing modern college life, begins over WWSW tonight at 7.

The program is presented by the "Tartan," Carnegie Tech paper.

Children's Program On Air Today

The Sun-Telegraph Family Children's Program is heard over WCAE this afternoon at 4:45.

The Globe Trotter broadcasts over WCAE-WJAS this afternoon at 12:15 and 2:15.

"Aircaster" is heard over WCAE-WJAS at 6:30 this evening.

THE CHEWING-GUM LAXATIVE

Connie Gates

Miss Gates, one of radio's youngest artists, sings over CBS-WJAS tonight at 10:45, with Mark Warnow's orchestra.

200 Attend Mormon District Meeting

A special district conference in the Church of Jesus Christ of Latter Day Saints, 4928 Wallingford street, yesterday was attended by 200 delegates from Mormon congregations in Western Pennsylvania. The principal speaker was President Don B. Colton, of the Eastern States Mission, former Congressman from Utah.

Arrangements for the conference were in charge of a committee headed by the Rev. John L. Riley, pastor of the Pittsburgh congregation.

Millionaires Plan New Network

Maybe the third time's a charm. Twice now, they've tried to form a new major network with New York's WMCA as key station. Ed Wynn decided, after a few months, that as a new network president, he was a swell comedian.

A second venture proved equally sad.

And now, it is reported, a group of 27 New York and Detroit millionaires are signing an agreement to expend their kale on the kilocycles, feeding it to WMCA for distribution over an eight-station hookup. More stations are to be added from time to time.

* * *

Ann Lindbergh has been nominated for the annual award by the wireless operators, and if she accepts, will acknowledge the honor with an NBC address . . . .

* * *

CARTUNES

Raymond Paige, director of one of radio's swellest bands, has just been given exclusive rights to introduce all the music scores produced in connection with Walt Disney's animated animal cartoons.

* * *

The studio audience fever has reached a new high temperature.

The Revellers report that people are writing in for permission to witness their rehearsals.

* * *

Ethel Waters made her final appearance with the WJAS oil show last night.

* * *

Donald Novis makes his first plunges into the kilocycles in a year, with the troubadors on Wednesday.

* * *

SUNKEN GOLD

A deal is on by which, pretty soon, audiences will hear the actual hunt for sunken treasure in Delaware Bay.

* * *

February 27 will be a Henry W. Longfellow anniversary, and John Brewster will read poems . . . The music back of this WJZ broadcast will be furnished by Henry and Peter Peterson, who play fiddle and zither . . . Both musickers are Long Island grave-diggers.

Globe-Trotting

Hello, Ladies and Gentlemen:

Hurray for spring. What do we care about the cold weather? The birds know when spring is due, and these are the latest reports:

Elizabeth Patton saw a robin February 12. Glen Germon and John Martin saw one a couple of weeks ago up in Brookline. Mrs. T. J. Stewart, Wilkinsburg, saw a couple of them in company with several red birds hobnobbing on her front lawn the other day.

* * *

And if all that isn't convincing enough, how do you account for the grasshopper sighted by John Swaney, on Chartiers avenue, McKees Rocks?

* * *

Don't forget, friends, that the "Signs of Spring Department" is now going full blast. Send your signs to the Globe Trotter. We haven't had any reports of butterflies yet.

* * *

D. W. Bierer comes to the rescue with information as to the location of White Valley and Harrisville, towns that figured in a recent broadcast. White Valley is in Westmoreland County and Harrisville is in the northern part of Butler County.

"Pittsburg" INSTANTANEOUS GAS WATER HEATER
The Most Economical Heater Money Can Buy!

It Costs Less per Gallon to operate than any other heater

The "Pittsburg" has meant a welcome economy to homes everywhere. It is the most economical water heater you can buy . . . costs you *less* per gallon of hot water . . . gives a lifetime of trouble-free, highly satisfactory service. It is *THE* outstanding heater value!

$66 and up

Why Tolerate Rusty Hot Water?

A nuisance, pure and simple—rusty hot water has been needlessly tolerated too long! No need to worry and fret over its damages. The "Pittsburg" is positively rust-free, because there is no tank to rust—and its copper coils are rust-proof, guaranteed to deliver only pure, steaming hot water—as much as want, *whenever* you want it.

Surprising Economy!

Install a "Pittsburg"—watch your gas bills lower! No tank to keep hot, to use gas. Only as you demand hot water is gas used. Water that is not drawn is never heated. See the "Pittsburg" tomorrow at our sales rooms.

GET THAT COLD OUT— ROOTS AND ALL!

Give it No Chance to Sprout Anew!

A half-cured cold is a cold never cured! And once a cold gains foothold in your system it can make serious trouble for you. Many remedies merely suppress a cold only to have it pop out again. A cold, being an internal infection, requires internal treatment. And it requires a remedy that is distinctly a cold remedy and not good for half a dozen other things too.

Grove's Laxative Bromo Quinine is what a cold calls for. It is expressly a cold remedy. It is internal and direct. It is complete in effect. It does the four things necessary. It opens the bowels, gently but thoroughly. It combats the cold germs in the system and reduces the fever. It relieves the headache and grippy feeling. It tones the entire system and fortifies against further attack.

Grove's Laxative Bromo Quinine contains nothing harmful and is absolutely safe to take. For more than forty years it has been the standard cold and grippe tablet of the world, the formula always keeping pace with Modern Medicine. Every druggist sells Grove's Laxative Bromo Quinine, 30c and 50c. Good druggists will not try to talk you into a substitute for the sake of a little more profit.

When a cold threatens, don't wait or delay, but go right to your druggist for Grove's Laxative Bromo Quinine. Always ask for it by the full name and look for the letters L B Q stamped on every tablet.

Local Highlights on WJAS Tonight

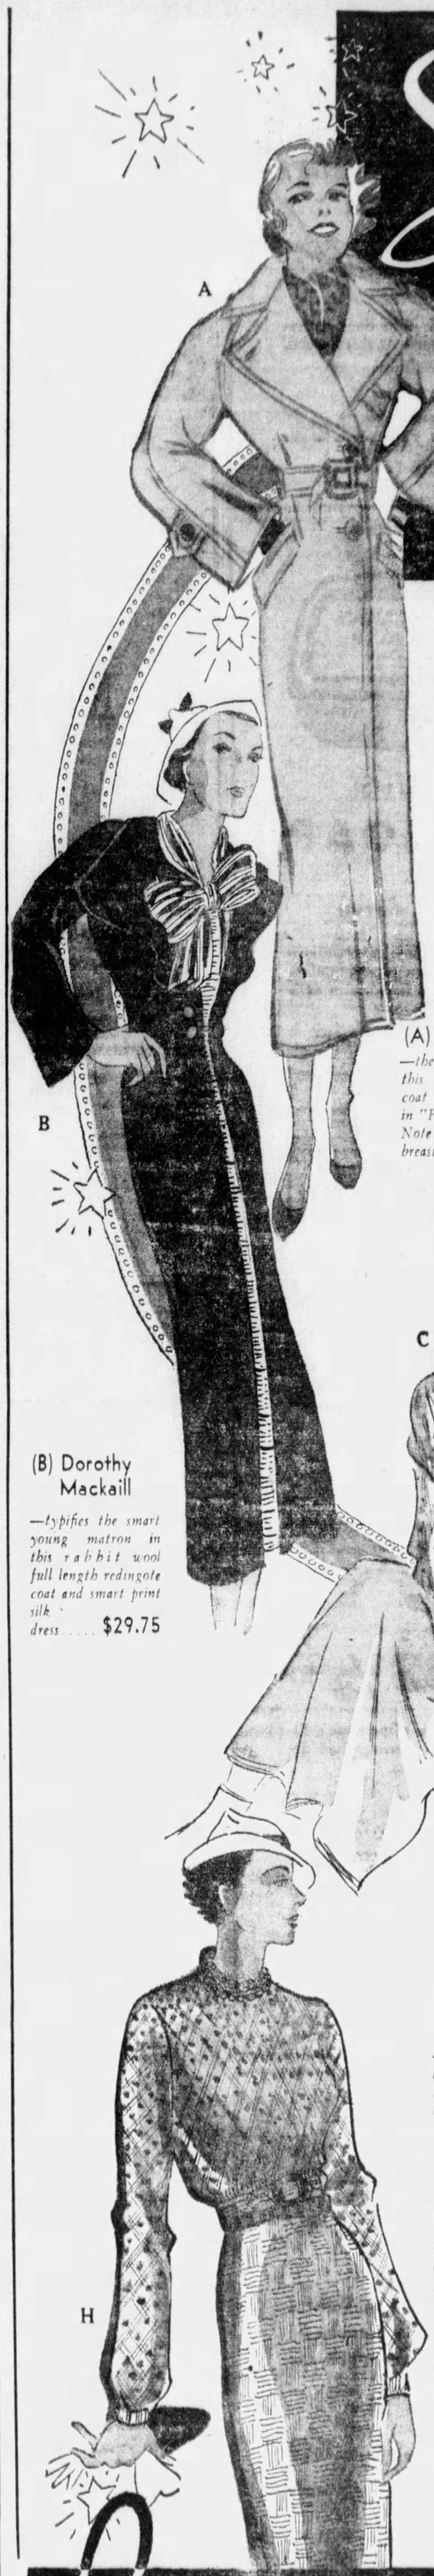
Boake Carter discusses all that's new in sports during his 10:45 broadcast.

Worthy of attention—Moyer's Hawaiians at 6:15; Paul Gannon's songs at 6:45 and Barnyard Frolics at 8.

Eddie Peyton's band, under the baton of Brother Jimmy, plays a medley of Isham Jones' tunes as the feature of the 11:30 Frivolities.

Screenland Fashions

Wearable Styles from the Wardrobes of the Stars!



FASHIONS to be worn by leading actresses in forthcoming productions! Fashions selected for private lives of the stars! The ladies of the screen are fashion plates of the new era. PLIGHT OF GERMAN REFUGEES TO BE STRESSED HERE

U. S. SALES TAX FAVORED BY BROOKS

Joins Muldowney and Dunn in Backing Proposed Levy

Congressman J. Twing Brooks, Democrat, of Sewickley, today indorsed the enactment of a federal manufacturers' sales tax.

Speaking of the proposed sales tax legislation now before the House Ways and Means Committee, in Washington, Congressman Brooks warned that governments must keep their taxing requirements within the limits of the earning capacity of the people. He warned that when this limit is exceeded hardships are created, private enterprise and self initiative are curtailed and industrial developments cease.

Sharing this opinion also are Congressman Matthew A. Dunn, Democrat, and M. J. Muldowney, Republican, both of the Allegheny County delegation in the House of Representatives.

FAVORED BY REED, DAVIS

The two other Allegheny Congressmen: Clyde Kelly, Republican, and Henry Ellenbogen, Democrat, oppose the manufacturers' sales tax.

The Pennsylvania representatives in the Senate, David A. Reed and James J. Davis, favor the enactment of the legislation.

Congressman Brooks said:

"The present economic conditions of the world have compelled our government to enter nearly activity of our lives, including banking, industry and commerce, as well as general welfare work. It is the duty of any government to care for its people in emergencies such as we are now passing through. Consequently, our governmental expenditures have increased.

"Taxation is the instrument used by governments to maintain their expenditures. It is a delicate instrument, which if not handled properly will excite public opinion quicker than any other influence. Governments must keep their taxing requirements within the limits of the earning capacity of the people. When this limit is exceeded hardships are created, private enterprise and self initiative are curtailed, and industrial developments cease.

"As revenue from income in the higher brackets is inadequate, I believe a restricted, controlled manufacturers' sales tax, excluding the necessities of life, would bring about an improved condition and increase our revenue.

Retail Hardware Men, Era Club Back Sales Tax

Convinced that a federal manufacturers' sales tax will produce a larger national revenue with a minimum of disturbance to the economic structure of the nation, the Retail Hardware Dealers Association of Pittsburgh and the New Era Club of Western Pennsylvania today had adopted resolutions urging Congress to enact sales tax legislation.

F. A. Hegner, of Sewickley, is president of the Retail Hardware Dealers and Mrs. V. A. Sandles is president of the New Era Club. The latter organization has as its members many women prominent in Pittsburgh society. It was founded in 1889.

In their resolutions both organizations held that the income tax discourages industrial and commercial enterprise, lessens employment of labor, thereby reducing payrolls and purchasing power.

SCHOOL HEAD APPROVES

Dr. C. E. Dickey, superintendent of Allegheny County schools and president of the Ohio Valley Building and Loan Association, in an individual indorsement said:

"Personally, I'm in favor of the sales tax, because it distributes the tax burden over the entire population and relieves real estate, which is overloaded. Real estate represents about 40 per cent of the wealth of the state, but is bearing about 85 per cent of the taxes. This is most unjust."

J. H. Freese, of Erie, president of the Veterans' Association, Headquarters Company, 320th Infantry, 80th Division, who is presenting the legislation to his organization, believes in sales tax legislation as does John B. Nicklas, former county commander of the American Legion and present thirty-sixth district commander, who said:

"Thoughtful men will favor the sales tax because it is equitable."

O. C. Greenawalt, president of the Workingman's Premium and Loan Association, said:

"The income tax is out-moded. Its revenue is insufficient to run the government. The sales tax is working fine in Canada where everyone helps support the government."

Woman Injured In Fall Down Steps

Josephine Becktold, 32, of 408 Orwell way, was in St. Francis Hospital today with a fractured leg received when she fell down a flight of steps in her home. Her heel is believed to have been caught on a step.

Shorts for Strollers

MISS LOIS MORAN MISS BETTY MORAN

Miss Lois, former Bellefield girl who rose to film and stage stardom, and her younger sister as strollers at Miami Beach's Roney Plaza Cabana Club. The shorts are the fashion this season.

ATTACK BLAMED ON STRIKE

Strike activity was blamed by police for the breaking of four windows in the residences of William Shot and Frank Smola, 1129 Voskamp street, early today. It was the second time within a week, police said, that bricks have been thrown through the windows of the house.

Smola, who lives on the second floor, is employed at the Hotel William Penn. Shot lives on the first floor, and has a daughter employed at the hotel, police said.

Senator Brandt Out for Re-Election

Senator Herman P. Brandt of the Fortieth district is in the field as a candidate for re-election.

The Senator, whose district embraces all the boroughs and townships north of the Allegheny River and beyond the Pittsburgh city line, says he has not been aligned with or dominated by any political group or faction. Referring to his record in Harrisburg, Senator Brandt points out that he voted for all progressive social and economic legislation.

WILL ROGERS SAYS

To the Editor, Sun-Telegraph:

SANTA MONICA, Cal., Feb. 19.

Well, wasn't that too bad about the King of Belgium? I think he had always appealed to us. A fine human man, with great love and concern for his people.

Will Rogers

Well, England has great love for their King George, too. And Italy, too. Mussolini runs everything, but their king stands mighty high with 'em. And Mussolini is smart enough to just handle it right.

Say, did you hear that little fellow Dollfuss talking on the radio from away over in Austria? He must be a pretty keen little "hombre."

Yours, WILL.

(Copyright, 1934, McNaught Synd., Inc.)

SHORT CAR LOOP HELD ILLEGAL

Contending that short-looping of Route 95 cars at Ninth street and Penn avenue is illegal, a committee of Lawrenceville citizens today is preparing a launch a three-way protest.

The protest, in the form of petitions and resolutions from various organizations, will be presented to the Pittsburgh Railways Company, the Traction Conference Board and City Council.

Alderman Frank T. Halloran and Michael H. Kennedy, former member of the Legislature, declared they had investigated for the committee. They traced the charters to the act of Assembly and ordinances of Council in 1859, they said, and found:

"In all of these, the route of the car line is described as beginning at the intersection of Market street and Fifth avenue, to Liberty street, crossing to Cecil alley and along Penn avenue. It is our belief that the company is obliged to continue to operate the Butler street cars down to Fifth avenue.

GOEHRING OUT FOR ASSEMBLY

Declaring he favored consolidation of many overlapping tax-levying authorities so that some of the "layer-upon-layer of taxes may be eliminated," former Representative Edward B. Goehring, today announced as a candidate for the Legislature from the Fourth District in the Republican primary.

Goehring, a lawyer, explained that in his previous service he had supported mothers' assistance, aid for hospitals and schools, favored permanent registration, amendments to the workmen's compensation laws, codification of divorce laws, cash bail legislation, helped defeat proposals to increase the legal rate of interest on loans, and assisted in passage of bills designed to protect shareholders and investors in building and loan associations.

Sacred Lily Blooming In Mt. Lebanon Home

Probably the oddest and rarest plant in this section is spreading its annual bloom today in the home of H. M. Jones, of 216 Edward street, Mt. Lebanon.

Botanists call it "Amorphophallus Rivieri," or the Sacred Lily of India. It has a massive red flower 14 inches across the cup. From it rises a 36-inch spadix that looks like an enormous tongue.

A sickening tropical odor that nearly drugs anyone nearby comes from the pollen when the flower bursts open. The flower lasts a week to 10 days.

Jones brings the plant into his home only at this time of the year when it blooms. In the spring he puts the bulb in his garden. In 30 days the stalk grows from it to a height of four to five feet. In the fall he keeps it in his basement.

The bulb, which is 12 inches in diameter, never needs earth about it. It uses the moisture stored within it.

SYSTEM URGED HERE TO END ABUSES

Constitution Must Be Redrafted, State Official's Plea

(What Ohio is doing toward home rule for counties is reviewed in today's article, the thirty-sixth of a series being published by the Sun-Telegraph. The articles are printed as part of the Sun-Telegraph campaign to reduce taxes through elimination of waste and duplication in government.)

Pennsylvania taxpayers who wish to cut taxes through elimination of waste and duplication in local governments would do well to study the action taken by residents of Ohio who are now in the midst of modernizing their archaic local governments.

County home rule was restored to the people of Ohio in a referendum vote last November, thereby permitting voters to modernize their local governments. The system had not been changed for more than a hundred years.

County home rule for Ohio did not come immediately, economists of that state point out. Instead it took an intensive campaign of more than 16 years to induce the citizens to permit themselves to decide whether or not they wanted to consider home government.

CHANGES NEAR

The way is now open in the neighboring state for changes in the 86 counties and political leaders, civic groups and taxpayers' associations are planning many changes to simplify government in each of the sub-divisions.

Pennsylvania is rapidly nearing the same step as taken by Ohio state officials, and leaders in every community are now of the opinion that some definite change must be made in Pennsylvania's 60-year-old constitution to permit simplification in local governments. The leaders in the movement for a constitutional convention point out there is no sense to provisions which state that a county of 5,000 population must have the same number of constitutional officers as one with a population of between one and two million.

Pennsylvania's constitution prohibits special or local legislation for any one county. It also prohibits any legislation which would

(Continued on Page Eighteen.)

Bellevue Man Burned When Home Blazes

Clayton Roach, 36, is in a serious condition in the Suburban General Hospital today, suffering from burns received when fire damaged his home at 62 North Harrison avenue, Bellevue, yesterday.

Bellevue firemen rescued Roach from the burning home. Damage was estimated at $1,000.

Homestead Boy Injured by Auto

Kenneth Armstrong, 11, of Eighteenth avenue, Homestead, is in the Homestead Hospital today, suffering bruises received when he was struck by an automobile last night, driven by James Lambert, of Ninth avenue, Homestead, according to police.

Home Wrecked by Gas Explosion

Photo by Pittsburgh Sun-Telegraph.

THE BETTS HOME AT 513 SIXTH STREET, CLAIRTON . . . A GAS EXPLOSION SHATTERED IT

GAS KILLS MAN, 2 OVERCOME

Peter Weldy, a musician, of 733 Maryland avenue, was found dead in his room yesterday, a victim of carbon monoxide fumes from an open stove, according to a Coroner's report.

Miss Agnes Elizabeth, 30, of 1330 West North avenue, was treated at the Allegheny General Hospital after she was overcome by fumes from a hot water heater in the basement of her home, late yesterday, it was reported.

Gustave Voight, 60, a roomer at 1718 Hatteras street, was revived at the Allegheny General Hospital where he was taken when he was found unconscious.

Stricken at Station, Dies in Wilkinsburg

J. W. Shearer, 65, of 500 Kelly avenue, Wilkinsburg, died this morning following a heart attack, according to a police report. He was stricken on the platform of the Wilkinsburg station of the Pennsylvania Railroad. Police removed him to the Columbia Hospital where he was pronounced dead.

Tell Street Man Hurt By Hit-Run Driver

Struck by a hit-and-run auto driver while crossing Cedar avenue, near Suismon street, last night, Hugh McShane, 48, of 1309 Tell street, was taken to Allegheny General Hospital with a possible skull fracture.

$50 in Prizes Weekly for News Tips

Are you alert? Do you wish to make your alertness pay? The Sun-Telegraph is presenting the opportunity. Every week it is offering a total of $50 in prizes for NEWS TIPS telephoned to the News Tip Editor, Grant 6500.

If you know of any accident, of a business merger, of a big building project—that is NEWS. Watch especially for unusual stories about children and animals and for stories that lend themselves to interesting pictures.

For the best exclusive news tip of the week $15.00 will be given, for the second best, $10.00, and for the next 25 best, $1.00 each.

FIREMAN DIES, BATTLE FAILS

Efforts of policemen failed to save the life of Fire Capt. John P. Joyce, of Engine Company No. 45, today. He died shortly after 5 a. m.

He had been suffering from pneumonia since February 8, and last night, when his condition became worse, police were called to administer oxygen. The tanks from Woods Run Station failed to function properly and the Duquesne Light Company rushed a first aid crew to his bedside.

Capt. Joyce joined the department 17 years ago. He was injured seriously in December, 1932, while fighting a fire in a North Side church. He lived at 1329 Goebel street.

BLAST WRECKS HOME, 1 HURT

Mrs. Sarah Betts, 34, is in a serious condition in McKeesport Hospital today, suffering burns received when a gas explosion destroyed her home at 513 Sixth street, Clairton, last night.

Mrs. Betts hastened home from church ahead of her three children, Christopher, 4, Garnet May, 7, and Willia Alvin, 14. She had just entered the house when the explosion occurred. Her husband was at work in the Carnegie Steel Company plant.

George F. Howe, a neighbor, of 511 Sixth street, whose home was damaged by the blast, carried Mrs. Betts from her flaming home and sent her to the hospital.

The home of John F. Dowd, another neighbor, 515 Sixth street, was also damaged.

The Air Above Us Is Now Strictly On a Gold Basis

By ARTHUR (BUGS) BAER

Air mail contractors discovered you cannot sue the government without its permission.

We thought they knew that before. Anyway, the contractor's day in court consisted of eight hours in the lobby.

The decision puts the Army in the souvenir postcard business.

In the meantime we must find out how a private flying official ran a shoestring into five million dollars.

Not that we want to punish him. But a recipe like that is too good to be lost. We can buy a toy balloon and go into the racket ourselves.

From now on, we breathe in the air with a new respect. It's worth money.

BRITISH PEER TO ADDRESS MEETINGS

Tour Under Auspices Of World Committee Fighting Oppression

The plight of German refugees in Europe will be told by Lord Marley, vice chairman of the British House of Lords, in two addresses here Friday. He will be honor guest at a luncheon in Kaufmann's at noon, and will speak at a mass meeting in the Taylor Allderdice High School in the evening.

Lord Marley is touring under auspices of the World Committee to Aid Victims of German Fascism, of which he is chairman, and the American Committee Against Fascist Oppression in Germany.

The Pittsburgh committee of 100 members is headed by the Rev. J. J. Callahan, president of Duquesne University, aided by Dr. John G. Bowman, chancellor of the University of Pittsburgh; Samuel Harden Church, president of Carnegie Institute, and Leo Griffith as vice chairmen.

Lord Marley will present the following program:

Aid to all victims of the Hitler regime, organization of public opinion against this regime and against agents of Hitler in the United States, support of the boycott movement against German goods, and asylum for political refugees in this country.

ROBBERS BUSY OVER WEEK-END

Three thugs escaped with $39 and a watch valued at $10 after they slugged Martin Kril, of 1402 Firth street at Chestnut and East Ohio streets early yesterday, police reported.

J. S. Murray, of 392 Hazel drive, Mt. Lebanon, was robbed of $5 when two men leaped on the running board of his automobile and forced him to drive to Homestead, according to a police report.

While Morris Schwartz was waiting on customers in his butcher shop, at 2287 Shady avenue, a youth grabbed $150 from the cash register and fled, police were told.

Thieves smashed a window, valused at $100 in the store of Sam Schecter, 223 Oliver avenue, and stole a coat valued at $375 and a scarf valued at $45, it was reported.

William Tillip, manager of a store at 421 Climax street, was forced to open a safe by two armed men, who stole the contents, police reported.

Rose Tallo, of 48 Fernando street, told police three youths snatched her purse, which contained $2, while she was walking in Our way, near Logan street, Saturday night.

Police reported thieves gained entrance to Valentino's restaurant, 605 Grant street, and stole liquor valued at $175 and cigarets valued at $40.

Man Stricken Ill, Taken to Hospital

A man identified as Edgar B. Kristin, 24, of Pompton Plains, N. J., is in the Homeopathic Hospital today. He was stricken at a gasoline station in Baum boulevard at Milvale avenue yesterday.

Suicide Attempt Charged to Husband

Frank Chiurazzi, 35, was in St. Francis Hospital today, reported recovering from what police said was an attempt to end his life in his home, 228 Gross street, yesterday.

His wife, Anna, and a domestic, Frances Thear, found him unconscious in the bath of their home, where a gas jet had been opened, police reported.

Streamlined Speedster at Rest

THE UNION PACIFIC'S NEW MOTOR TRAIN . . . . IT'S ON EXHIBITION TODAY AT THE P. R. R.

New Streamline Train Viewed by Throngs Here

Hundreds of Pittsburghers today were inspecting the Union Pacific System's streamlined motor train, which arrived in the city yesterday afternoon on its way back to Chicago from Washington. It was open for inspection at the Pennsylvania Station until 10 p. m.

The train, one of the most outstanding departures from the present-day train in the history of American railroading, consists of three cars, the power plant occupying one-fourth of the first car, which resembles the others with the exception that it has a bowed, grilled front curving back to the engineer's cab with shallow plate-glass windows.

The train is pulled by a 600-horsepower, 12-cylinder distillate-burning motor. The small power plant leaves room in the first coach for the railway mail compartment and baggage room.

Much of the material in the train was manufactured in the Pittsburgh industrial area. Aluminum was supplied by the Aluminum Company of America, glass by the Pittsburgh Plate Glass Company, stainless steel by the Allegheny Steel Company, the generators by the Westinghouse Electric and Manufacturing Company, and other products by the Aluminum Cooking Products Company and the McConway and Torley Company.

Union Pacific officials accompanying the train are Carl R. Gray, president; W. M. Jeffers, executive vice president; F. W. Robinson, vice president; C. J. Collins, assistant passenger traffic manager; John C. Gales, chief special agent; Dr. W. M. Barr, chief chemist, and E. C. Schmidt, director of news service.

AUSTRIA'S IRON MOUNTAIN LOOMS AS PERIL TO PEACE

KNICKERBOCKER SHOWS AIMS OF GERMANY

(Continued from Page One.)

steps cut into the sides of Erzberg, the only real mountain of iron ore in the world.

Here in "Ore Mountain" are 300,000,000 tons of the stuff that guns are made of, and tanks, and airplane motors and everything else that soldiers use. Germany wants it.

Germany wants Austria. Italy, France and her Allies no not want Germany to have Austria. This little country is the focal point of Europe's bitterest struggle, and today Austria is the one place on the continent where war could start.

GERMANY'S AIMS

There are many reasons why Germany wants Austria.

First, because Adolf Hitler was born in Braunau on the Inn, and he never will rest until his Austrian homeland has become part of his, the third reich.

Second, because it is possible that a majority of Austrians want to join the reich, and the union would immediately increase the German population from 65 to 72 million and give the German army another 12 army corps.

Third, because German possession of Austria would encircle Czechoslovakia. It would give Germany contact with Italy, and bring her within 100 miles of the Adriatic. It would give Germany contact with Hungary and, enabling her to bring pressure on Rumania, would promise for the third reich a path to the Black Sea, and thence to all the East, with fields for the empire vast enough to sate the most imperial fancy.

Fourth, because it would expand the internal market of the Germans, bring some economic advantage, and divert attention from the necessarily slow progress of economic recovery in the reich.

Fifth, because it would be the first territorial change in the peace treaties, would serve as a precedent for further changes, and the mere bulk of a nation of 72,000,000 Nazi Germans would exercise an increased attractiveness for the other eight million Germans in Europe outside the reich. It would bring the dream of Pan-Germany very near realization.

Finally, because the possession of Austria would bring Erzberg within the German borders.

IRON ORE COVETED

Erzberg is named last, but it is not least in the list of reasons why Germany wants Austria. Germany today must import three-quarters of her iron ore.

The Treaty of Versailles took away three-fourths of her iron ore deposits. When Germany lost the iron fields of Alsace-Lorraine and Luxembourg and, at least temporarily, the Saar, she suffered the severest of all the blows at her war-making capacity.

At peace, Germany, as her 1927 record showed, can import enough iron ore to satisfy the wartime needs of 1917.

From Sweden, Spain, Algiers, she can import all she needs to prepare for anything she likes. She can lay in vast supplies of ore, as she is now doing under long-term contracts with Sweden, but when war comes Germany, with no command of the seas, is dependent on the ore within her borders.

The German steel trust already owns Erzberg. But Germany wants Erzberg within her borders.

Not many visitors to Austria take the trouble to explore this Alpine factor in international politics. The train leaves Vienna at 10 o'clock in the evening and at 2 o'clock in the morning reaches Leoban. There an excellent hotel, used by the directors of the mighty Alpine-Montan Gesellschaft, present owners of Erzberg, provides a bed until daybreak. At the crack of a freezing dawn the mixed train for Erzberg starts and with half a dozen high-booted mountaineer passengers, puffs off for a climb of 3,000 feet.

AVALANCHE DEFIED

The conductor said we would never get there; an avalanche had blocked the tracks. Punctually at 9:30 we confuted the defeatist spirit of the train crew and pulled into Erzberg. Like gnomes, we dived into the mountain, walked down a tunnel through its heart, and came out on its massive breast.

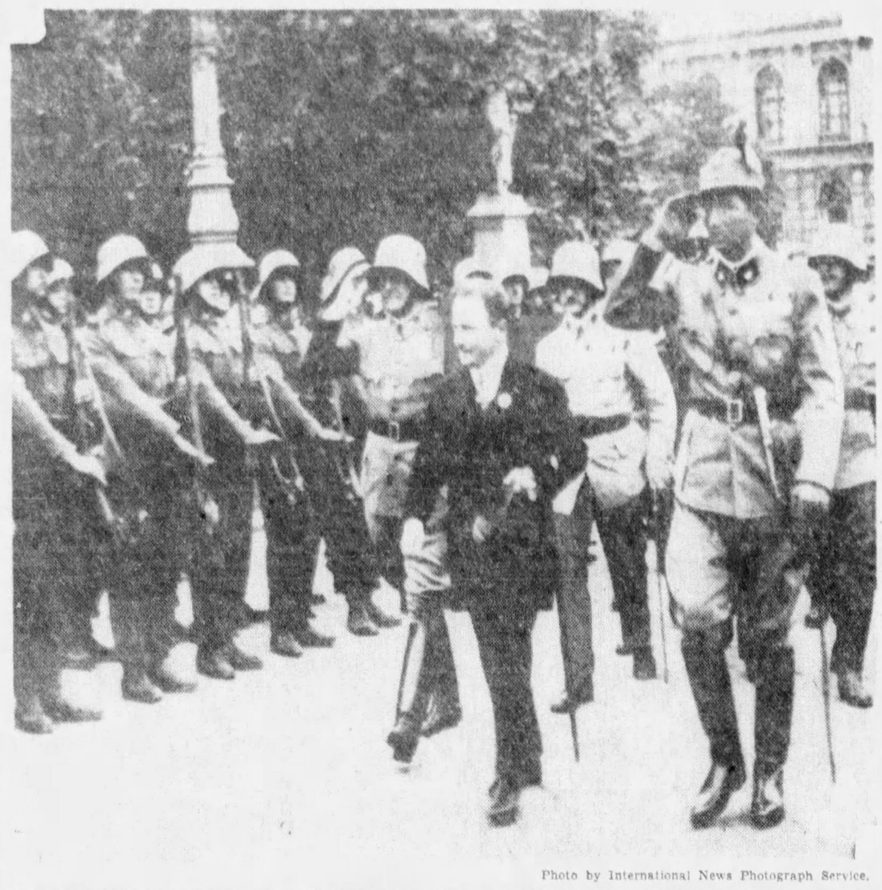

Photo by International News Photograph Service.

CHANCELLOR DOLLFUSS REVIEWING HIS LOYAL TROOPS NEAR AUSTRO-GERMAN BORDER

There lay Erzberg, above and below us, a perfect stairway to take a giant in 60 steps of 50 feet each from the bottom to the top. Out of the tip of the mountain a hundred Cheops pyramids could be built. Each step was brown, or red, or yellow, and the top of each was frosted. Behind the mountain the blue Alpine sky glittered fiercely in the cold sunshine. Each step has its name. There are Adam, and Eve, and Judas, and Paul and Joseph and Kunigunde. Every miner knows the 60 steps as other men know street names.

Romans were the first to pick at Erzberg. They picked a century to gain a ton. Today when the mines are going top speed air drills on every step bite deep. The web of wires that shrouds the mountain carries at one time the spark to 300 blasts and in one mighty roar a ton of dynamite flays another layer of the monster's hide. For minutes the echoes bellow up and down the valley.

Our guide remarked:

"It is marvellous to hear. Sometimes we have war veterans here, and they always say it reminds them of the biggest bombardments they ever heard at the front."

6,000 TONS DAILY

From one day's blasting at this rate the mines gain 6,000 tons or more of ore that runs better than 50 per cent pure iron. In its best year, 1916, Erzberg produced 2,260,000 tons. In 1933 production went down to 270,000 tons. This year Alpine-Montan expects to do 400,000, or about the 1931 level.

Germany of course requires more ore than Alpine-Montan's present or past production. At present the sales to Germany are severely handicaped by freights to the Ruhr. But Alpine-Montan needs German coke and the same cars can take coke to Erzberg and iron ore back to the Ruhr. This is a possibility for peacetime trade between Germany and Austria and is an example of the sort of economic advantage that could result to the two countries from political union.

But Germany is more interested in Erzberg's capacity. Even though it would not suply all of Germany's needs in time of war it could supply an important part of them. The 300,000,000 tons of ore in Erzberg equal about a fourth of the total ore supply that Germany has left to her after losing the French fields. And the convenience of the Erzberg supply, lying on the surface with room for ten thousand men to shovel it away, is unexcelled in Europe.

It seems possible that the former maximum yearly production of 2,260,000 tons could be tripled or quadrupled if need existed, and that would mean that Erzberg in wartime could supply Germany with 40 to 50 per cent of the ore she lacks.

Even when Germany had the ore fields that now belong to France, she appreciated the importance of Erzberg. Erzberg's guest book shows it. This guest book of an iron mine has history and romance in its faded leaves. First name in it, written 40 years ago, is Archduke Francis Ferdinand, heir to the Austro-Hungarian throne, whose assassination 21 years after he visited Erzberg, was the signal for the World War.

WAR LORDS ENROLLED

In 1916 appear the names of German officers come to arrange delivery of ore to war-hungry furnaces. Again and again appear the names of commissioners from the Berlin ministry of war.

After the war comes Castillo Castiglioni, the great Italian inflation profiteer who made and lost a major fortune in the wreck of currencies. Erzberg was for a while in Castiglioni's hands. Then comes the name of Hugo Stinnes, who picked up Erzberg as an item in his fantastic inventory. Then Zimmermann, the commissioner of the League of Nations to Austria. Finally Voegler, German iron master, whose steel trust now owns Erzberg through Alpine-Montan.

After war broke, a long and ominous blank in the guest book reflects the shock that stunned Europe. A full year after August, 1914, the first guests to sign again were five little arch-duchesses with their mamma. After the war ended came another long blank. And then the first guests to sign again were the three little children of Skoda, lord of munitions.

Munitions families can still afford a trip to Erzberg.

AUSTRIAN DEATH TOTAL IN DOUBT

VIENNA, Feb. 19.—(AP.)—All Europe wondered today just how many men, women and children—workers, police and soldiers—died in Austria's civil war last week.

Chancellor Dollfuss declared in an international broadcast, Sunday, that 241 were slain before the four-day Socialist rebellion was put down.

To this number, however, can be added without argument five Socialists who, a government communique said, were slain by Heimwahr (home guard) bayonets yesterday, and seven Socialists hanged for insurrectionary activities.

Counting those, the official death list may be set at 253, but here the argument begins.

Socialist fugitives in Bratislava, Czechoslovakia, said at least 2,500 were killed. Czechoslovakian newspapers hit upon the same estimate, and Chancellor Adolf Hitler, of Germany, said the dead would reach 1,600.

:: OBITUARIES ::

Mrs. Margaret Ricards.

Mrs. Margaret Ricards, widow of Patrick A. Ricards, and a lifelong resident of Pittsburgh, died yesterday at her residence, 275 North Dithridge street.

Mrs. Ricards was a daughter of the late Patrick and Mary Agnes Fallon. She leaves two sons, the Rev. Edward A. Ricards, assistant pastor of St. William's Roman Catholic Church, East Pittsburgh; Emmet Ricards, of Pittsburgh, and a daughter, Mrs. Mary Ricards Romano, of New York; a brother, Stephen Fallon, of Verona, and two grandchildren.

Funeral services will be at 10 a. m. Wednesday, with solemn high mass of requiem in St. Paul's Cathedral. Burial will be in Calvary Cemetery.

Arch S. White.

Funeral services for Arch S. White, 40, who died in Suburban General Hospital Saturday, will be held at his home, 702 Means avenue, Bellevue, at 2:30 p. m. tomorrow. Interment will be in Highwood Cemetery.

Mr. White, who came to Pittsburgh from Virginia, was manager of the Frick-Reid coke plant on Neville Island. He was a graduate of Washington and Lee University, and was a member of the Phi Gamma Delta fraternity.

Besides his wife he leaves two daughters, Frances and Sally, and two sisters, Miss Eleanor White, of Pittsburgh, and Mrs. Paul Mutuis, of Montgomery, Ala.

Mrs. Marianna Fusca.

Mrs. Marianna DePalma Fusca, a lifelong resident of Wilkinsburg, died yesterday at her home, 1124 Maple avenue. Funeral services will be held at the Mother of Good Council Church at 9:30 a. m. Wednesday, with burial in St. Joseph's Cemetery, Braddock.

Mrs. Fusca leaves six sons, Dr. Joseph, of Tarentum; Dr. Donald A., of Oakmont; Frank J., of Dormont; Jack, Richard and Victor Marianna, of Wilkinsburg, and two daughters, Mrs. V. Catino, of Chicago, and Mrs. S. C. Ortale, of Wilkinsburg. She was the widow of Giacomo Fusca.

George Michel.

Funeral services for George Michel will be held at the home of his stepdaughter, Mrs. Harry Benteler, of 103 Hale street, East End, at 2 p. m. tomorrow. He died Saturday.

Mr. Michel was a member of the Wilkinsburg Silent Club. Besides his wife and Mrs. Benteler, he leaves two brothers, Daniel and Louis Michel, both of Pittsburgh, and two sisters, Mrs. Anna Schmit, of Charleroi, and Mrs. Clara Osmond, of Pittsburgh.

Mrs. Caroline Bohn.

Funeral services for Mrs. Caroline Bohn were to be held at her home, 1520 Cumberland street, Crafton Heights, this afternoon. She was a member of St. John's Lutheran Church, Forbes street.

She leaves three sons, Louis, Jr.; William and Charles Bohn, and two daughters, Mrs. Edna Babcock and Mrs. Clara Moreland King, and a sister, Mrs. Sophia Haag.

Mary Margaret Joyce.

Requiem high mass for Mary Margaret Joyce, 10, will be celebrated at Presentation Church, of Midland, Pa., at 9 a. m. tomorrow. She died yesterday in the Rochester General Hospital. Burial will be in Calvary Cemetery, Pittsburgh. She leaves her parents, Mr. and Mrs. Stephen Walsh, a sister, Patricia, and a brother, Morton.

Mrs. Mary J. Thompson.

Funeral services for Mrs. Mary J. Thompson were held at the Curtis & Murphy funeral home, Wilkinsburg, today. She died Friday at her home, 815 Coal street, Wilkinsburg.

William L. Patch.

Funeral services were held today for William L. Patch, 47, husband of Mrs. Edna Bricker Patch, at the home of Fred Silvus, 724 Penn avenue, Irwin. He died Friday in Detroit, Mich.

George J. Pabst, Sr.

Funeral services for George J. Pabst, Sr., 71, were held from his late residence, Center street, Brightwood, Bethel Township, today. He leaves his wife, Mary Schwartz Pabst.

James Newell.

Funeral services for James Newell will be held at the Hershberger rooms, 57 Station street, Crafton, at 2:30 p. m. tomorrow. He died at Elizabethtown, Pa.

H. W. Wickenhiser.

Funeral services for H. W. Wickenhiser, of 1112 State avenue, Coraopolis, was held today at his home. He died Saturday.

McCloskey to Run For Internal Post

HARRISBURG, Feb. 19.—(AP.)—Mayor Eddie McCloskey, of Johnstown announced today that he has changed his mind about running for United States Senator and will seek nomination for Secretary of Internal Affairs, instead.

The former pugilist originally announced his candidacy for the Internal Affairs post, but decided to run for the Senate, he said. After friends had urged him to enter the race.

MACKRELL BARS COYNE ALLIES

Register of Wills Joseph N. Mackrell today refused to recognize the appointment of six Coyne allies to positions in his office—positions which Mackrell is by law powerless to fill.

Auditor General Frank Baldwin announced the appointments of the six to inheritance tax division positions in Mackrell's office.

Each replaced Mackrell's men, effective February 15, although their predecessors were removed February 1.

John M. Kane, brother of Representative Leonard Kane, was appointed appraiser at a salary of $3,600, succeeding Archibald Mackrell, father of Joseph Mackrell.

Others named include William Alexander, Thirteenth Ward, succeeding Robert Conners as index clerk at $1,800; Miss A. S. Holleran, 3450 Ward street, succeeding Mrs. Nettie Thornburg as investigator; John Griffith, Twenty-sixth Ward, succeeding Frank Laughlin; C. M. Gault, North Side, succeeding Frank Happ, appraiser.

Emma Curren, Nineteenth Ward, replaces Miss Loretta Robson as stenographer at $1,600, and Miss Robson was promoted to cashier, at $1,800, succeeding Margaret Schmitt.

OHIO TAX PLAN SAVES VAST SUM

(Continued from First Page, Second Sec.)

regulate the affairs of any one county.

CONSTITUTIONAL BAN

Article III of Section 7 of the Pennsylvania constitution forbids local or special legislation regulating the affairs of counties, cities, townships, wards, boroughs or school districts; changing of county lines, borough limits or school districts; regulating the management of schools or regulating the fees of aldermen, justices of the peace, magistrates or constables.

Several weeks ago a state official in a public address made the following statement:

"If local government is to be placed upon a tax saving rather than a money wasting basis, the Legislature must have a free hand to deal with specific situations. It cannot be confined to generalization.

"The Legislature should have the right to deal with any problem of social or economic nature which comes before it, without fear of violating some ancient constitutional restriction."

If Pennsylvania counties were given home rule such as now exists in Ohio, it would enable this state to catch up to Ohio in the system of tax collections. While Pennsylvania struggles along under the old system of paying commissions to tax collectors, Ohio has a salaried receiver of taxes in each county.

Pennsylvania has 5,612 separate and independent tax levying and tax collecting bodies, and each of the 5,612 has a tax collector. In one year Pennsylvania spent $5,112,000 in commissions for collecting $350,000,000. The same year Ohio collected $322,000,000 at a cost of only $1,187,000.

Help Kidneys

When Colds THREATEN ... VICKS NOSE DROPS

Let that first nasal irritation or stuffiness, sniffle or sneeze be a warning. Quick!...Vicks Nose & Throat Drops, the amazing new aid in *preventing* many colds.

AN eminent physician states that of the 60,000 preventable deaths yearly in the U. S., many are due to neglect in treating the common cold. It is vitally important, therefore, that colds be kept under *control.*

In thousands of clinical tests, under medical supervision, Vicks Plan for better *Control* of Colds has greatly reduced the *number* and *duration* of colds—has cut their *dangers* and *expense.* The Plan provides proper care and medication, at the proper time and place, for different types and stages of colds. Full details of the Plan come in each Vicks package.

If a Cold STRIKES ... VICKS VAPORUB

At bedtime, massage throat and chest with VapoRub, the modern method of *treating* colds. Its night-long poultice-vapor action brings soothing relief. NRA

VICKS PLAN FOR BETTER CONTROL OF COLDS

Don't start the day with a headache!

A headache never helps—either at home or at the office. Get rid of your headaches the easy, dependable way: Drink a Bromo-Seltzer.

How quickly your pain stops. You feel soothed, alert, fit. Bromo-Seltzer is more effective than mere painkillers because it's a balanced compound of five medicinal ingredients, each of them helping you in a special way. It's faster, too, because you take it as a *liquid.* And it's refreshing, pleasant, and doesn't upset the stomach. In fact, Bromo-Seltzer is fine to relieve gas on the stomach, because, as it dissolves, it effervesces.

Keep Bromo-Seltzer on hand ready to relieve headaches, neuralgia or other pains of nerve origin at a moment's notice. Put one of the familiar blue bottles in your medicine cabinet. Have another in your desk. Just be sure to get the one and only "Emerson's" Bromo-Seltzer—a standby for over 40 years.

EMERSON'S NRA

BROMO-SELTZER

Help Keep the "UPTURN" Up!

BUY BEDDING *in February*

MOST assuredly your patriotic duty begins at home in making that home as comfortable and livable as your income permits . . . and foremost among comfort accommodations come the blankets, mattresses, comforts, pillows, sheets, etc. . . upon which one-third of your lifetime is spent! By purchasing this needed merchandise now you will be taking advantage of February Sale prices . . . LOW PRICES because Pittsburgh merchants anticipated your needs and courageously, in the face of falling sales volume, bought vast quantities so that YOU might SAVE on purchases during their February Sales.

Read Sun-Telegraph Ads . . . Act! SAVE!

Make this lip test

LOOK at them . . . and your cheeks, too, *without* make-up. Do they possess the natural glow of health, which comes from a sufficiency of rich, red blood? If they do, make-up is simple . . . if they don't, read on . . . you may find one of the reasons why your skin is not clear.

It is well to remember that you cannot have red lips, rosy cheeks, good health, energy and cheerfulness if your blood is in a run-down condition. Lack of hemo-glo-bin, the red coloring of the blood, may also indicate a weakened condition of the body . . . loss of strength . . . poor appetite.

Neglect of diet, worry, overwork, colds or sickness, frequently break down and retard the natural development of the red-blood-cells and their oxygen-carrying hemo-glo-bin.

Why not set in motion the rebuilding of those all-important blood-cells instead of procrastinating and sacrificing your appearance and the feeling of being well and fit?

S.S.S. is not just a so-called tonic . . . it is a carefully prepared tonic with special properties designed to stimulate gastric secretions, and also having the mineral elements so very, very necessary in rebuilding the oxygen-carrying hemo-glo-bin of the blood. If your condition suggests a blood and body tonic of this kind, try S.S.S. Its value has been proven by generations as well as by modern scientific appraisal.

Try S.S.S. as a part of your regular daily diet. Take it just before meals. Unless your case is exceptional, you should soon notice a pick-up in your appetite . . . your color and skin should improve with increased strength and energy.

S.S.S. is sold by all drug stores in two sizes . . . the large is more economical.

An interesting fact about the blood is that it circulates over the entire body something like 200 times daily. On each trip it passes thru the lungs, before entering the heart, to throw off dead "air" from the tissues. It is just as important that the hemo-glo-bin, of the blood, be kept up to Nature's standard to insure that the body tissues get their *oxygen* and can remove the waste matter as it is to eat wholesome and nourishing food.

SPEAK UP, SISTERS!

Glances Into the Realms of Domesticity and Romance

By MARION BRUNOT

Many Prominent Men Have Married Teachers

What is the matter with the school-teacher as a go-getter where husbands are concerned?

Is she too busy taking off gaiters for other women's children and repeating seven times eight is 56, for her to have anything else but a frazzled sex appeal?

Or is it something deeper than these? Is it that she carries her superior-than-thou attitude so conscientiously in the schoolroom that she cannot let go of it when the boy friend calls?

Pity her if this is the case. A man would rather kiss a pair of pretty lips than to be morally reformed by them.

Teachers are not making the big "dough" that they did. Salaries have been cut. Some jobs have been wiped out. And so from an economical point of view, the husband hunting among the pedagogues has become more of a business.

Many of the teachers are coming around to the conclusion that two in a harness produce more of the long-green than one. Also they have had time to be heart hungry.

And now they are sitting up and begging for advice in the world-old hunt for a man.

And they cry out, in their delirium, that they have not the chance at eligible men. Their profession has limited in the scope of knowing men who are worth while.

Isn't that like a woman!

One writes:

Dear Miss Brunot:

They say a woman can marry ANY MAN IF SHE PLAYS HER CARDS RIGHT. But how is she going to marry him unless she meets him? AND HOW IS SHE GOING TO MEET HIM?

TEACHER PUZZLED

In my profession of school teaching the only men I ever see are two of them on the wall, Abraham Lincoln and George Washington. And the other, the janitor. Two are dead. The other married. Outside my profession, my social contacts have been limited, and I have had few opportunities to meet the type of man that I should like to marry.

I know there are hundreds of girls like myself, who are attractive and well educated, who feel the same way I do. JUST THE NAME SCHOOL TEACHER TACKED TO A GIRL SEEMS TO FRIGHTEN AWAY THE MEN.

But after all when you look over the list of prominent men, you will discover a large percentage of them married school teachers. So we must not be such a drag on the matrimonial market as many people think.

Naturally a girl has to meet a man before she can marry him. And so again I ask, HOW IS A GIRL WHO IS NOT IN THE UPPER SOCIAL CRUST TO MAKE THE GRADE?

MISS SINGLE.

Miss Single is right. Many prominent men have married teachers. Calvin Coolidge met his charming Grace when she was a school teacher. Herbert Hoover not only married a school teacher, but he knew her when she was preparing to be one. Mrs. Roosevelt, the present first lady of the land, taught school up until her husband became first in the hearts of the present generation.

Yet, Miss Single, did any one of these women know these men of theirs were going to reach such high places? Or did they marry when their men were not as yet the upper crust?

Many a man who is the under dog today is the leader of tomorrow. Faith and loyalty and first-aid. These are what a man looks for in the girl to whom he gives his name. And if you are only nosing about for the boy friend who has already arrived "big" and can seat you in an already-bought limousine and in already-bought brown stone front, and take you to already-joined important clubs, the chances are, you'll go on jogging in single blessedness.

For such men are the ones at the top of the ladder. And there is only one rung full.

SUMMER VACATION

If I were a teacher and had in my heart of hearts a desire, that of marriage, I would be a perfect gourmand at storing my pennies for the summer vacation. And when those few precious months came, I'd hie myself to a summer resort. Mountains, seaside, either one. And I'd work over time in my best clothes and using my most winning ways. For there are many men on their vacations, too; and that is their most susceptible time.

I'd use my eyes and see wherein other teachers failed in allurement, and I'd NOT FAIL. I would leave my criticism of people and my sarcasms and my seriousness, right in the school room every evening.

And I would remember no man takes a bundle of advice with him to a night club, if he can help it. He prefers a bundle of pretty rags.

I would observe that a well gotten-up girl who cultivates charm of the heart, is more likely to be dancing to the strains of a German band than is a girl well gotten up in prepared wit and carefully thought-of advice.

Husbands can be found anywhere. But they come for coaxing, and not for orders.

Fay King Admires Those Who Cast Out the Spell of Riches

By FAY KING

Some of the successful and rich, too, readily imagine that all persons who have not climbed so high or accumulated so much, are failures.

They take it for granted that such persons could not reach the greater goals to which they certainly must also have aspired.

But there are countless persons in this world who have preferred the quiet, lesser places in life, and never craved the glare and flare of those wider spheres.

The insatiably ambitious can never quite understand these modest simpler natures. They consider them profoundly stupid.

But these contented souls in their turn look with bewilderment upon the over-ambitious, who, no matter how much they have attained, are never done grasping for more.

They would not wish to change places!

Given in Marriage

A Sequel to Heart of a Wife

By ADELE GARRISON

Avis Pays Her Respects to Bride and Groom

I followed Mary's eyes at her whispered injunction of "Look!" and felt myself sharing her evident panic as I saw Avis Arlen entering the living room and apparently advancing toward us.

"Better hurry over to your places at the buffet table," I counselled in a whisper, "and be ready to cut the cake. I'll tell Katie to have the waitresses start serving at once, and I'll have Mrs. Underwood take my place at the coffee urn, while I keep Avis from getting near you."

"Don't do that!" Mary said. Then, as my eyes widened in surprise, she laughed softly and put her hand playfully, yet with a certain sweet possessiveness, upon Noel's arm.

"I've got him fast, now," she said with dancing eyes, "and I fear neither angel nor devil. For the latter, read the fair maid looking over here with blood in her eye. And I'm not going to give my new papa-in-law a chance to say I didn't do right by his Nell. Noel, this is the first command I'm giving you. Didn't the preacher make you promise to obey? What a shame, I missed that bet! Anyway, you'll do it this time. You toddle along after me, and do just what I do. Pipe your little Mary. Auntie Madge, is my train straight?"

CONGRATULATIONS

She put her hands up to her cap veil, gave it a pat, and then, as I stooped and arranged her train, she whispered mischievously, "Cheerio!" When I released her, she moved swiftly toward the little group of which Avis was a center.

"Auntie Madge has just told me you are not feeling well," she said solicitously. "I am so sorry! Are you sure you are all right now?"

"Oh, yes: perfectly all right," Avis cooed. "Thank you so much for being so concerned. I really wasn't ill; only a bit dizzy. I am only sorry that I haven't had the opportunity before now to proffer you my very best wishes for your lifelong happiness."

She extended her hand, and for a fraction of a second I feared that she meant to give Mary what anybody who knew the girl would have dubbed a "Judas kiss." But she was too versed in social nuances to commit that solecism, and when Mary had grasped her hand and released it, Avis turned to Noel and put out her hand to him.

"I do indeed congratulate you, Noel," she said, her eyes opened wide and fixed upon his face. "And I wish you all happiness."

I watched Noel narrowly. He did not possess that social hypocrisy which comes so naturally to all women but to few men, and I feared that, in Dicky's slangy parlance, he would "spill the lentils" by betraying to the bystanders something of the disgust which he had evinced toward the girl the preceding evening.

"Thank you for both the congratulations and the good wish," he said. "And I am very glad to know you are feeling better."

"We are all glad," I put in briskly. "But I can see Katie peering anxiously through the door. That means that the wedding supper is ready for serving. Noel, will you take Mary up to the serving table? The rest will follow your lead."

BUFFET SUPPER

Purposely I had broken through the tradition that in a "formal" wedding, the keynote of which was Mary's wedding veil, there should be a formal seated supper, with all the traditions of precedence carefully observed. She had longed for a wedding gown and veil, and I had keyed her wedding, small as it was, to that note with this one exception. But, because I wished to aid Mary and Noel in their plan to get away from the hazing always planned for newly married couples, and because I was uncertain as to what Avis Arlen would do at any given minute, I was giving a buffet supper, from which anyone could slip away at any time.

Noel offered Mary his arm with alacrity and they walked toward the laden buffet table, upon which towered the wedding cake. They had hardly left me when Philip Veritzen bowed low before me, and then proffered his arm.

"May I escort you to the coffee urn?" he said. "I believe that is your destination."

But with a sudden thrill of intuition, I knew that was not all he wished to say to me.

Hints for the Household

When making an open jam or treacle tart, rinse the tin in which you are going to bake it in cold water. When the tart is cooked, you will find that, with the help of a knife, it will slip out onto a dish quite easily.

Old hot water bottles that are no longer safe for their original purposes should be cut into mats for use in the bottoms of sinks or washing-up bowls. They will help to prevent the chipping and cracking of china.

Shantung should always be ironed dry on the wrong side, and not while it is damp, as this is liable to give it a harsh, mottled appearance. To keep its deep color rinse the silk in water to which a little clear tea has been added.

Through the Spyglass

Viewing The New

You little shoppers who want to learn the names of the shops whose items are listed in this column day by day . . . call GRANT 6500 . . . and ASK FOR THE SPYGLASS. Or send in a stamped self-addressed envelope for your reply. THE SPYGLASS is always on the alert, peering out new "finds" . . . and you will be answered promptly!

* * *

This time we're stepping over into the shoe situation for spring. For it IS a situation if there ever was one . . . what with jewels on your toes and heels . . . shankless shoes . . . mirrors reflecting your dance steps . . .and Chinese toes!

None of you who are fashion-conscious have overlooked the good "bet" of a cocktail dress (worn as much for semi-formal evening affairs in this town as a regular dinner frock is elsewhere). And hence this news about the cocktail shoes which spring has brought fourth. They're a form of step-in pump . . . cut high as all smart shoes are these days . . . and buckling across the toe with a tiny strap (really more a trimming than an actual strap). Made of satin and crepe . . . black . . . with a mere suggestion of silver piping to accentuate the flowing lines. Perfectly suited to the type of dress that a cocktail dress is . . . perfectly suited to the type of wear you expect to give a cocktail costume.

As to this thing of "rings on your fingers and bells on your toes" . . . the new evening sandals all but wear bells on them! As dazzling as the Arabian Nights Tales, these, with their festoons of tiny colored "jewels" outlining the entire sole of the shoe (which is lined in gold kid) . . . crossing and recrossing the instep and going 'round the angle with a red, blue, and green glint in their eyes!

But the reflection of the evening's gaiety is caught by the shoe which carries rows and rows of winking mirrors in its wide diagonal instep strap, and on the ankle strap. An opportunity to make much of your "Trilbys."

And of course . . . both of these last two shoes mentioned have their toes sticking out as far as any forlorn beggars! This Grecian toe-less mode was "in" last Spring you'll remember . . . and we have it on good authority that this season it is even more to the fore. Evening sandals have (literally) no toes at all . . . but then, they make up for it by the dazzlement they hand you!

A shankless shoe . . . witness the birth of a brainchild whose production pangs took years! There's your sole . . . there's your heel . . . and there's apparently nothing joining them together with the sides of the shoe pulled under the instep and sewed into a neat seam! (Of course, analytical minds will realize that there HAS to be a shank somewhere . . . and it's INSIDE the shoe, invisible!) But the tumult and the shouting over this beautiful new shoe is due to the way the instep hugs the foot . . . something which is unequalled on land or set for fit. You really have to SEE it to appreciate it.

* * *

Then . . . as long as we've been going Chinky-Chinky-Chinaman in our clothes for some months now . . . someone must have thought we might as well carry the idea on right down to the ground. For they evolved this Chinese toe—a widish toe coming to an abrupt point . . . very swank and flattering if you have the right sort of foot for it (it DOES take wearing). Personally . . . we adore it!

—DOROTHY RANDALL.

How to Keep Well

By DR. ROYAL S. COPELAND

Prompt Care May Prevent Scars From Burns, Scalds

Many serious burns and scalds are caused by accidents of one sort and another. They may be from an overturned coffee pot, a leak in a steam radiator, or a curling iron. Any one of these accidents and others that might be mentioned may result in disfigurement or in something even worse if proper care is not given immediately.

Dr. Copeland

Burning as everybody knows, is caused by coming in contact with a hot object or the direct flame. Scalding is the result of similar contact with hot liquid or steam.

Even hot water bottles may be a source of danger. If a person is paralyzed or unconscious, care must be taken when a hot water bottle is applied. If it is too hot the patient may be severely burned without showing any sign of pain.

Acids, lyes and other caustic substances, if carelessly handled, may cause burns. The ultimate effects are about the same as those produced by ordinary burns or scalds.

Burns may be divided into six classes. Those of the first degree merely redden the skin. In the second degree the skin becomes inflamed and blisters form. Third degree burns destroy some of the skin, but do not burn through, while fourth degree burns destroy the skin down to the underlying fat. In the fifth degree, the burn leaves the muscles exposed, and in the sixth degree the part is charred or the whole part is burned away.

Ordinarily, deep burns are not so painful as the superficial ones. The reason for this is that in the former not only are the layers of skin and fat destroyed, but also the nerve endings. In a deep burn, too, the recipient suffers shock and on this account is not sensitive to pain. This is unfortunate because if the person can no longer feel pain he is apt to remain in contact with the hot object for a longer period of time. In consequence, fifth or sixth degree burns may result.

First degree burns, strange to say, are sometimes more dangerous than deep burns. This is because they usually cover a large area. If a-half or two-thirds of the body is burned in this way there is a good deal of shock and in consequence the organs of the body fail to function properly.

In such cases the skin is not able to eliminate the secretions that are normally thrown off by the sweat glands. This makes demand upon the kidneys and causes them to do excessive work so that they may become inflamed.

The poisons collected from any burned area are passed through the system. The result is that in a short time the liver, kidneys or lungs may become severely or even fatally infected. In many cases of severe burns, too, pneumonia may be one of the effects.

The treatment of burns varies slightly with the extent and type of burn. In burns of the first degree such local applications as baking soda, butter or cold cream give relief. If the burn is extensive, sterile gauze soaked in salt solution or a solution of boric acid helps to relieve pain.

Acid burns are counteracted by solutions of baking soda or ammonia water. Burns caused by strong lye or ammonia are best treated by washing the damaged area with vinegar or lemon juice.

If the burn is severe, or if the pain cannot be relieved by simple remedies, by all means call the doctor.

Contract Bridge

HOW TO PLAY and HOW TO WIN

By JOSEPHINE CULBERTSON

Bidding Over a Double

There is one accepted variation of the rule requiring honor-trick strength to give partner a Double Raise. This exception occurs when the Opening bid has been doubled for a Takeout by the opponent next to speak and it appears important to interrupt the line of communication between the opposing players. In such cases, when the hand contains trump support, it is the generally accepted practice to give every Raise the cards held will justify, particularly when it appears that the hand will not be of any great value if played defensively.

An interesting application of this principle, together with an interesting application of a little understood principle of play, occurred in the hand below.

South, Dealer.

Neither side vulnerable.

	♠ Q J 10 9 ♡ 10 7 5 4 ◇ K Q 6 ♣ 8 4	
♠ 8 ♡ A K 3 2 ◇ J 10 8 2 ♣ A 9 5 3	North West East South	♠ 7 6 5 4 ♡ Q J 8 6 ◇ 9 5 ♣ Q J 6
	♠ A K 3 2 ♡ 9 ◇ A 7 4 3 ♣ K 10 7 2	

The bidding:

South	West	North	East
1 ♠	Double (1)	3 ♠ (2)	Pass
4 ♠ (3)	Pass (4)	Pass	Pass

1—West is prepared for any response his partner may make. His hand, so far as honor strength is concerned, is, of course, a bare minimum for a Takeout Double.

2—Had there been no Takeout Double by West, North would have been content to bid merely two spades. However, he is anxious to prevent East from entering the auction if possible.

3—South has a very good hand and above minimum strength. His bid of four spades comes as a matter of course.

4—Of course, West cannot take further action.

In the play the heart King was opened, and the suit continued. The second round was ruffed in the closed hand, and the Declarer then entered Dummy twice by leading diamonds to the King-Queen and ruffed the two remaining hearts with the Ace and King of spades. Using the high trumps in the Declarer's hand to ruff was essential, as otherwise, after Dummy's hearts had been ruffed, it would have been impossible to lead to the Dummy and draw East's trumps. Thus played, the Declarer made seven trump tricks, three of them by ruffing losers in the Dummy, and three high diamonds, the Ace-King-Queen. At the end the two remaining tricks were conceded to the East and West players.

Correct Manners

By MRS. CORNELIUS BEECKMAN

The Prom

Dear Mrs. Beeckman:

1—I am going to a school Prom very soon and I would like to know if I should wear a tuxedo as my girl partner is going to wear formal clothes.

2—I would also like to know if I should insist on paying for the bid, as she invited me to the Prom? I have invited her to go somewhere after the dance, but have said I will pay for it. Is it proper to do this? RAY.

1—If you have formal evening clothes—tail-coat—wear them to this Prom, for a Prom is a formal occasion. If you haven't the formal clothes, then wear your tuxedo.

2—Don't even suggest paying for the ticket or tickets for the Prom. This is the girl's prerogative and social duty, for she is your hostess. If she knows what's what and I am sure that she does—she will not be pleased by your even suggesting that you pay for the tickets.

Fashion Flashes

By ALICE ALDEN

Ladybugs in enamel are used on some fascinating jewelry. A necklace decked with these simulated insects is really a round tube of red leather twisted with black silk cords. There is a bracelet made entirely of the ladybugs joined by narrow gold chains.

Back again comes black georgette, that most flattering of fabrics. It is used for a nice evening dress with large rounded ruches of self material bordering the straight upper part of the skirt and the armholes. In a day dress, also of black georgette, self ruchings border the neckline and the elbow-length sleeves.

Of course you must have a fur beret this winter, and of course it must match the fur trimming of your coat. A smart, slim coat of black wool crepe has an inset yoke of Persian lamb and is worn with a picturesque beret of matching fur with a large silver pin.

JAMES J. LONG'S SPORTS COMMENT

Indians Lead in Holdouts. Only Two Regulars Sign. Many Shifts by Hornsby.

Cronin Respects Tigers. Crawl Stroke Ancient. Army Eleven Hit Hard.

The New York Giants on Saturday became the first club in the major leagues to get every listed player under contract for 1934. From present indications, the last will be Cleveland. Holdout fever appears to have hit the Indians harder than any other outfit in the big show, not excepting even the Senators. Pitcher Mel Harder, usually one of the first to sign, this year was the first to announce himself a holdout. The latest to balk was Pitcher Oral Hildebrand, though he and Harder were among the very few Indians to be offered salary increases.

Mel Harder

Only two men who were with the club all of last season, Outfielder Joe Vosmik and Pitcher Belve Bean have signed contracts. Old Sam Rice, picked up as a free agent, also is in line, as is Catcher Bob Garbark, of Edgewood. Only eleven others, all recruits, have come into the fold. The unsigned list spells practically the whole ball club, including Pitchers Harder, Hildebrand, Ferrell, Pearson, Hudlin, Winegarner, Connally and Clint and Lloyd Brown; Catchers Spencer, Pytlak and Myatt; Infielders Boss, Hale, Knickerbocker, Kamm and Burnett, and Outfielders Porter and Averill. Billy Evans will get a nice spring workout rounding up that army.

HORNSBY BUSIEST PILOT IN MAJOR LOOPS

In St. Louis, Rogers Hornsby has at least won the distinction of being the busiest manager in the major leagues in the matter of shaking up his club. Among his operations were:

Traded Catcher Jack Crouch for Catcher Rolly Hemsley; traded Catcher Mervyn Shea for Catcher Frank Grube; traded Outfielder Carl Reynolds for Pitcher Ivy Andrews and Outfielder Smead Jolley; traded Jolley, Shortstop Jimmy Levey and Pitcher Hebert to Hollywood for Shortstop Allen Strange, Strange.

Purchased Outfielders George Puccinelli and Ray Pepper from Rochester and Pitcher Jim Weaver from the Yankees via Newark, and drafted Pitcher Buck Newsom from Los Angeles.

Shipped Coach Allan Sothoron and Outfielder Teddy Gullic to Milwaukee, and released Catcher Muddy Ruel outright. Picked up Pitcher Ed Baecht, Cub discard, as a free agent, signed Charley O'Leary and Grover Hartley as coaches, and even went into the United States Navy to get Pitcher Howard Mills, star of the U. S. S. Lexington nine.

CRONIN SEES TIGERS AS CHIEF RIVALS

Joe Cronin doesn't agree with Tom Kearney and other betting commissioners in their ratings of the American League clubs for the coming pennant race. The Washington manager doesn't figure the Yankees as his club's most dangerous rivals for the flag. That honor he gives to the Tigers, a team rated by the bookies as a long shot, along with the Indians and Athletics. Cronin admits having a very healthy respect for the leadership of Mickey Cochrane. He refuses to take lightly a batting order that includes Gehringer, Greenberg, Goslin, Cochrane, Rogell and Walker, and he likes the pitching staff of Bridges, Marberry, Sorrell, Fischer and Hogsett.

Joe Cronin

Joe believes the 1934 scramble in the American League will be a six-club race, and besides his own club and the Tigers he names as probable contenders the Yankees, Athletics, Red Sox and Indians. There again Cronin is in marked disagreement with the betting commissioners, who posted odds of only 8 to 1 against the White Sox to win the pennant while offering 10 to 1 against the Tigers. Not only does Joe refuse to share the view that the White Sox are better than the Tigers, Indians or A's, but he puts Chicago, with only St. Louis for company, in the class of clubs that haven't got a chance.

TRACES CRAWL STROKE TO DARK AGES

Capt. Tom Sheffield, who has been making a study of swimming for 30 years, has finished a book on the crawl stroke from way back in the dark ages right down to the champions of today. The stroke has been called the Australian crawl because the swimmers down under popularized and exploited it, though early honors also have been claimed for the United States because Charley Daniels used a variety of it in 1903. Records accepted prior to that time were made with breast, side and trudgeon strokes. However, it is said that the natives of the South Sea islands used the crawl earlier in surf swimming.

Capt. Sheffield doesn't stop there. He gives the Australians credit for picking up the stroke and making a scientific study of it, admitting that Tom Cavill developed it to win wagers that he could beat his rivals with his feet tied together. But Sheffield doesn't let Cavill or anybody else get away with the claim of having invented it, and says he has found a tablet dating back to 800 B. C., which shows an Assyrian soldier swimming a pretty good imitation of the crawl. He adds that the Romans, too, probably used the stroke when they paddled back and forth across the Tiber. Sheffield asserts there are 173 actual movements in one full crawl stroke. He thinks the Japanese swimmers are the world's best, principally because they take swimming seriously, their timing of races is perfect, and they have a tremendous leg drive.

ARMY WILL LOSE EIGHT GRID REGULARS

The Army football team again will be hit hard by graduation before the 1934 season arrives. For the second year in succession eight of the starting regulars will be lost, and in all 16 members of the squad will receive gold bars in June, including the last of the players who performed against Pitt at Forbes Field in 1931 in the Cadets' only Pittsburgh appearance. Headed by Harvey Jablonsky, the magnetic captain of the 1933 eleven, the list of regulars leaving the Military Academy will include two Western Pennsylvania stars in Ralph Bucknam, center, of Langeloth, and Pete Kopcsak, end, of Greensburg, besides Paul Burlingame, Paul Johnson, Travis Brown, Dick Legg, Stacy Gooch, John Hutchinson, John Lawlor, Ken Kenerick, Jim Winn, Jack Smoller, Hank Sebastian, Lew Beazley and Tom O'Neil.

Harvey Jablonsky

Eastern critics agree that this region's contributions to Army teams of the last three seasons will be sorely missed. Kopcsak will leave behind him a record for end play comparable to those of King, Born, Hammond, Nolan, Neyland, Carlmark and Smith. Sure-handed at receiving Jack Buckler's running passes, Kopcsak also could smear a tackle or scatter closed interference in a way that often led opponents to assign an extra man to handle him. Bucknam outfought larger men to win the regular center berth. A wildcat, they called him at West Point. Tall and stringy in build, he gave away 20 pounds and a beating to most of his opponents on the gridiron.

Dukes' Team, Which Battles the Pirates in City Hockey League Game Tonight

BOB GAUGHAN R. W. DEMAS C. DORNING L. W. STEIN JIM SEIFFERT JOE THOMPSON

Photo by Pittsburgh Sun-Telegraph.

DUKES' ICE TEAM FACES PIRATES

CITY HOCKEY LEAGUE

GAME TONIGHT

Duquesne vs. Pirates, Duquesne Garden, 8:30 p. m.

STANDING OF THE TEAMS

	W.	L.	T.	G.	OG.	Pct.
Morgans	6	1	0	35	8	.857
Pirates	4	2	0	20	12	.667
Webers	3	3	0	13	18	.500
Ravens	1	6	0	16	34	.134
Duquesne	0	1	1	2	7	.000
Tech	0	1	1	1	8	.000

The Duquesne University skaters will make a third attempt to chalk up their first victory in the City Hockey League when they meet the Pirates in a league fixture at Duquesne Garden tonight, but they hardly figure to achieve their aim.

The Pirates have won four games in six starts, and two of their triumphs were chalked up at the expense of the Red Ravens, who took the Dukes over the jumps to the tune of 6-1 in the collegians' last league appearance.

The Webers are crowding the Pirates for second place and the Garden entry is not likely to pass up this chance to strengthen its hold on the runner-up position. The Morgans' 7-0 triumph over Carnegie Tech Saturday night indicates that if the collegians are to bag victories they will have to be at the expense of each other. They battled to a 1-1 tie when they were opposed in making their league debuts. The probable lineup:

Duquesne		Pirates
McNally	G	Bodenbaugh
J. Thompson	D	McCutcheon
Baker	D	Scully
Dorning	C	McGovern
Seiffert	W	Davies
McGill	W	Conley

Duquesne spares: Hall, Stein, Paradin, Weard, Roche, Gaughan, Demas and Holleran.

Pirate spares: McMullen, Burke, Friday, McGill and Sills.

JOHN M'GRAW GRAVELY ILL

NEW YORK, Feb. 19.—(AP.)—John J. McGraw, part owner of the New York Giants, who is ill with uremia in a New Rochelle hospital, was reported worse today.

A bulletin issued by his physicians said his temperature and pulse were somewhat increased, and that he spent a restless night.

The attending physician, Dr. Louis B. Chapman, said the baseball leader was in no immediate danger and that there seemed, at this time at least, to be no necessity for an operation. He pointed out, however, that McGraw's age—he will be 61 on April 7—was a factor that must be considered.

Baseball's "Little Napoleon," who piloted the New York Giants to 10 National League pennants from 1902 until his retirement in 1932, first became ill about two weeks ago. A sore throat prevented him from attending the Baseball Writers' meeting on February 4, but two days later he came from his home in Pelham for the National League schedule meeting.

He attempted to attend to his usual duties as vice president of the Giants' offices in Manhattan, but a severe cold finally forced him to remain indoors. On Friday Dr. Chapman decided to send him to the hospital.

Ill health was the major reason for McGraw's dramatic resignation as manager of the Giants on June 3, 1932. Handicapped by illness and advised by his physician not to make any more road trips with the club, McGraw stepped down with the Giants in last place. Bill Terry, first baseman, succeeded him and completely rebuilt the team at the end of the 1932 campaign and came back with a club which won the National League pennant and the world series last year.

Although vice president of the club and a heavy stockholder, McGraw never interfered with Terry's handling of the team. He has remained intensely interested in the Giants, of course, but has made no attempt to control the club's policies on the field.

For the first time in many years, he did not take his usual vacation in Havana this winter. Instead he remained in town and was at the Giants' offices almost daily, attending to routine business matters.

A prominent member of the famous Baltimore Orioles, McGraw joined the Giants as manager in the middle of the 1902 season.

EXPLANATIONS OF RIPLEY'S CARTOONS OF LAST SATURDAY: THE MORE BUSINESS THE LESS EXPENSE—While this statement does not hold true in the larger telegraph offices, where automatic and multiplex systems are used, it is true of the well-known open and closed system of manual telegraphy. Using the instruments shown in my cartoon there is no electrical current transmitted over the telegraph line during spaces between signals, because the bar is held down by the magnet and the current flows through the line. In this system the consumption of electrical energy is greatest when the circuit is idle and keys are closed, and it gradually decreases until a state of continuous operation is reached. THE LONELIEST MAN IN THE WORLD—In the spring of 1929 a small sailboat entered the harbor of Havana, Cuba, and its skipper astonished the authorities by announcing that he had completed the crossing of the Atlantic alone. He was Franz Romer, of Germany, who had spent 58 days at sea, suffering the cold rough storms and burning hot sun of the ocean during his solitary voyage which led him directly across that dreaded sea without a shore—the Sargasso Sea, so weirdly pictured in the mythological account of seafaring. And just as curious as the ship and sailor was the tiny single sail on which was written the word AGA in large letters. Romer hesitantly informed his admirers that AGA was the name of his sweetheart at home, for whom he was making the perilous voyage in hope of gaining sufficient fortune for their marriage.

TOMORROW: THE RECORD ROD AND REEL CATCH.

FOUNDATION'S REPORT TO BE ANSWERED

SOUTH BEND, Ind., Feb. 19.—(INS.)—Officials of Notre Dame University withheld comment today regarding the Carnegie Foundation report criticizing Notre Dame and Southern California jointly for assertedly exploiting their football teams "for commercial purposes."

Director of Athletics Elmer Layden said he would have to study a copy of the complete report before he would consider issuing a statement. Other officials took a similar attitude.

TROJAN CHIEFS SILENT

LOS ANGELES, Feb. 19.—(INS.)—Criticism of football at the University of Southern California by the Carnegie Foundation was received in silence on the U. S. C. campus here today.

Athletic officials said that the statement of Dr. Henry S. Pritchett criticizing U. S. C. and Notre Dame as exploiters of their football teams for commercial purposes was of too grave importance for anyone other than the president of the university to answer.

President Rufus B. Von Kleinsmid said he would not make a statement until he had read the complete report.

'GERMAN DWELLING SAFER'

NEW YORK, Feb. 19.—(AP.)—German student duels have been termed "safer" than American football, in the annual Carnegie Foundation report which criticized "commercialism" in the game and named the universities of Notre Dame and Southern California as exploiters of their teams "for commercial purposes."

The report, written by Dr. Henry S. Pritchett, president-emeritus of the Carnegie Foundation for the Advancement of Teaching, stated that football commercialism is one symptom, perhaps the most striking one, of the current in American life that sets away from intellectual ideals. The report said, in part:

"It is a far cry from the devotion of the fathers who founded Notre Dame and of the earnest men who labored to create a university in Southern California to the three-year contract these colleges have signed to exploit their football teams for commercial purposes.

"Football is grossly demoralizing when developed into a commercial show for the public."

IRISH, TROJANS HIT

Even the duels engaged in by German students are safer than football, Dr. Pritchett wrote.

The report approved Harvard's publication of its football receipts but questioned whether the $166,628 the school paid out as guarantees to visiting teams had any relation to the scholarly standing of the institution.

Dr. Pritchett added that it would be a real contribution to education in the United States if Notre Dame and the University of Southern California would indicate how far the profits of their football teams are used in supporting their intellectual activities, and still more interesting and important if they would indicate the relation of the football industry to the intellectual life.

Salary Cut Cause Of Faber's Quitting

CHICAGO, Feb. 19.—(AP.)—A salary reduction which he considered too drastic, and not Father Time, has caused Urban (Red) Faber to quit the Chicago White Sox.

It was reported by the club front office that Faber, who had served with the Sox for 20 seasons, had decided to "hang up his shoes." Reached by telephone at his home in Cascade, Ia., Faber said the announcement was alright as far as it went, but that he had decided to quit when no offer to negotiate over salary differences was made.

ENGEN SKI VICTOR

ROCHESTER, Mich., Feb. 19.—Rolling up a total of 327 points, Al Engen, of Salt Lake City, yesterday took first honors in the ninth annual tournament of the Detroit Ski Club. Engen emerged 31 points ahead of his brother, Sverre.

CURRY ELIMINATED IN NATIONAL OPEN SOCCER TOURNEY

STAR ST. LOUIS ELEVEN BEATS LOCALS, 4-0

ST. LOUIS, Feb. 19.—St. Louis soccer fans today were cheering the advance of the crack Stix, Bear and Fullers soccer eleven to the Western final of the national challenge cup competition and the sterling defense ability of a pair of Pittsburgh district stars, John Cimarolli and Tony Stanko, members of the Curry team.

The St. Louisians advanced to the final round of the open play, in which they are the defending champions, by defeating Curry, 4 to 0, at Sportsman's Park yesterday, and had it not been for the play of Cimarolli and Stanko, the advantage might have been considerably greater. The game was played before a surprisingly fine turnout of 2,500 fans, who braved a snow and sleet storm to witness the struggle.

GONSALES STARS

Gonsales, of the Stix team, paid little attention to the heavy going on a field soaked and slippery and sent the muddy ball for good distances, scoring two of the Stix goals.

When Cimarolli failed to break up a sally at the Curry net, it was Stanko who came through with a save. During the 90 minutes of play, Stanko was kept busy, since the Stix took 25 clean shots at the goal, but the Curry star made 12 saves several of them brilliant.

The Pittsburgh offensive did not measure up to the defense. Combination play was of the haphazard variety and shooting at the goal on the few openings was wild.

BREAK FAVORS STIX

In the first half the Currys held the Stix to one goal, that an unfortunate break, when O. Cimarolli, in trying to clear a shot from Gonsales, kicked into the own goal.

After two minutes of the second period Gonsales took a pass from McNab and sent it into the far corner, giving Stanko no chance to save.

Twelve minutes later McLean and Nilsen worked the ball into Curry territory and Gonsalves again converted.

Fred Donnelli grabbed and held Nilsen when the latter had an open field later on, but on the penalty kick, Watson kicked far wide of the post. With the match coming to a close, Nilsen made a solo dash, sidestepping two Pittsburgh defenders and planting the sphere well out of Stanko's reach. The lineup:

Stix—4.		Curry—0.
McGowan	G	Stanko
Lehman	R. B.	M. J. Cimarolli
Nolan	L. B.	F. Donnelli
McPherson	R. H.	O. Cimarolli
Watson	C. H.	Chappel
Hebberger	L. H.	Powell
McNab	O. R.	Harriett
Gonsales	I. R.	N. Kirk
Nilsen	C.	A. Donnelli
Foe	I. L.	Wineski
McLean	O. L.	Molly

Scoes by periods:

	1	3—4
Stix		

Goals—Gonsalves 2, Nilsen 1, O. Cimarolli 1 (in own goal). Referee—William Hamilton, Chicago. Linesmen—Jimmy Dunn and Nick Reidy. Time of halves—45 minutes.

RIEHLS BEATEN IN CUP GAME

By TOM BIRKS

The green and gold-clad Heidelberg eleven advanced in national amateur cup play at Greenlee Field yesterday afternoon, easily defeating the Castle Shannon Riehls, 3 to 1. Heidelberg meets Avella in the next round Sunday. The winner of the game will meet the Cleveland Indians here March 4.

The game yesterday lacked the thrills of the first meeting between the clubs.

The Rhiels' defense functioned well during the first half and a rearranged Heidelberg front line, with Stanley Kuten absent, was held in check.

Heidelberg missed some ridiculously easy chances in the first half, but after 20 minutes of play in the second period, Johnny McCosky headed into the corner of the net. Seven minutes later the same player took a pass and again deflected the ball into the net. From a penalty kick, Mike Kuten scored the third goal. With one minute left to play, Zywan scored the only goal for the Riehls.

In the Keystone League Morgan and Gallatin played to a 1-1 tie at Morgan, and in the West Penn Junior cup competition, Avella swamped Cedar Grove, 5 to 1. In the Panhandle League, Manown nosed out the Nathans by a 1 to 0 score. The lineups:

NATIONAL AMATEUR CUP

Heidelberg—3.		Riehls—1.
Kamers	G	Brunetti
M. Kuten	R. B.	Negry
Bobish	L. B.	Cingel
Pollock	R. H.	Dietrich
A. Urbanic	C. H.	S. Kevian
Palka	L. H.	Matthews
S. Urbanic	O. R.	Klink
McCoskey	I. R.	J. Kevish
Barrett	C.	Benick
Stenzel	I. L.	Innocenti
Dolinar	O. L.	Zwyan

Score at half time—Heidelberg 1-0. Referee—Martin. Time of halves—45 minutes. Goals scored—By McCloskey 2, M. Kuten, Zwyan.

WEST PENN CUP

Avella—5.		Cedar Grove—1.
Kasarik	G	Nagy
Zhupanski	R. B.	Stoka
Peris	L. B.	Lenarcic
Catta	R. H.	Adam
J. Valduga	C. H.	Kretes
Deco	L. H.	Readling
Zubert	O. R.	Hannan
Bortat	I. R.	Gonzales
Deplak	C.	J. Gilbert
D. Valduga	I. L.	Peterson
Barwich	O. L.	N. Gilbert

Substitution—G. Valduga. Referee—O'Connor. Time of halves—15 minutes. Goals scored—By G. Valduga, D. Valduga, J. Valduga, Bortat, Barwidi, N. Gilbert.

PANHANDLE LEAGUE

Manown—1.		Nathans—0.
Lorenzo	G	Lemish
Bartletto	R. B.	Fabiseki
S. Bedogne	L. B.	Petrovich
Visnich	R. H.	Lewis
Gondoly	C. H.	Orwaski
Kossar	L. H.	Bruni
McCloskey	O. R.	Travis
Roman	I. R.	Albright
Williot	C.	Gusperson
Legezar	I. L.	Omahne
C. Bedogne	O. L.	Danyo

Score at half time—Manown 1-0. Referee—B. Kelly. Time of halves—45 minutes. Goal scored—By Williot.

KEYSTONE LEAGUE

Morgan—1.		Gallatin—1.
Dreanich	G	Benich
Villani	R. B.	Dailey
Cycle	L. B.	Sickles

Matthews	C. H.	Christaghi
A. Mitchell	L. H.	Paterline
T. Hart	O. R.	Nestor
F. Mitchell	I. R.	Lorenzi
G. Hart	C.	Kevish
Cimerolli	I. L.	Harrison
F. Dreanich	O. L.	Truppa

Referee—Boyle. Goals scored—Harrison, A. Mitchell.

Leon See's 'Inside Story' Of Carnera's Career

EDITORIAL FOREWORD

The author recapitulates what his Idea accomplished with, and for, Carnera, summarizing his own philosophy of fistics and the final triumph of his chimerical, seemingly crazy, champion-making Idea

CHAPTER XXX

A LOOK BACKWARD

By LEON SEE

Developer and Former Manager of Primo Carnera, World Heavyweight Boxing Champion

The time has arrived to form on opinion whether what I have done deserves the most bitter criticism or praise.

I respect all opinions.

Regarding myself, my conscious is at rest; I am proud and happy over what I have done.

Had I employed the usual method, Carnera, like so many others, would probably have had two or three fights and would have definitely retired from the ring's Gehenna . . . Today he would be leading a lamentable existence devoid of all pleasantness, of all hopes.

Primo Carnera

Courageously, he might perhaps have continued to fight in spite of the inevitable beatings. What would have happened to him? Used by promoters in view of his freak size, of his weight and his ponderous strength, he would have been converted into a living punching-bag—disfigured, bruised, cauliflower-eared, with many a stitch in his eyebrows and with his brain atrophied . . . Some day it would be necessary for him to stop fighting, to carry on thereafter his physical and spiritual decline to the end of a life of misery . . .

SUCCESS OF PLAN

After all, what have I done?

A man today is wealthy and happy.

His whole family, after 40 years of work and poverty, is now protected against need.

An entire nation is overflowing with pride because she has a champion of the world.

A hundred promoters owe me a debt of gratitude because, thanks to my showman schemes, they have profited from the shows featuring Carnera.

Hundreds of thousands of spectators have experienced vibrant emotions—deep satisfaction—artificial though they were.

The crowds need idols. I imagined for them an idol unique—a superman of sock!

The crowds like their idols to be invincible . . . Well, Primo Carnera has been steadily victorious.

And if I have produced, through a different method, a champion superior to all his predecessors, does not the end justify the means?

PRIMO'S FUTURE

To what further heights will Carnera go?

The five years—1928-33—the usual length of time for a fighter to reach his highest—have been far different for Primo than for most boxers. He has not had to suffer the severe punishment most pugilists do in their first five years. His vitality and spirit are intact.

The active period of 10 years that represents the whole ring career of the average fighter may be considerably prolonged for a man perfectly intact, mentally and physically. Hence Primo need not be worried by the usual career limits.

In all other sports, the champions last much longer than 10 years. Only boxing provokes a veritable premature wear and tear so much as to be deplorable. Among all athletes, only a boxer is old at 30 years, aged by his fights, by the punishment absorbed, the blows received.

PHILOSOPHIZES ON SPORT

A physical exercise detrimental to health—which enfeebles, atrophies, and develops anemia—should not be called a sport.

What is the definition of the word *sport?* The dictionary tells you:

"Practical exercises, alone or in a group, with a view to developing intelligence and health."

Is boxing a sport?

When I conceived the *Chimerical Idea*—the idea which I qualified, at the beginning of this story, as absurd—I was not moved by any thought of wealth. I am not richer today by a centime than the day when I met Carnera in the street.

I wished to make an experiment.

I wished, however formidable were the difficulties—however insane the method which I decided to employ might seem—to prove that boxing as it is practiced all over the world is infinitely cruel; that to make two inexperienced novices fight each other is inhuman.

I wished to prove that those boxers who wade through many storms of blows to become champions under the usual conditions are veritable survivors—the few who escape from an immense hecatomb; they are comparable to officers at the front who rise in rank because others, less fortunate, have been killed. That necessarily is not advancement by reason of merit, but in proportion to the gaps to be filled.

NEW DEAL IN BOXING

Sport should not be a butchery.

Is it a sensible method which teaches an art by blows?

Does one teach an infant to swim by throwing him into water 10 feet deep to see if he will be able to pull out of it.

Does one begin fencing with pointed foils.

A boxing match should be a harmless lesson and not a depressing ordeal—a contest in which the two opponents come out shattered, the winner as much so as the vanquished often.

The public which frantically applauds a desperate fight should be enlightened. It is not admissable that the crowd should continue to ignore the disastrous effects of barbaric encounters in which the antagonists come out with their eyebrows cut, their hands broken, their teeth uprooted . . .

Physicians of the boxing commissions know all this, and yet they say but little. It is because they are at the ringside—because they cover in a way by their presence the responsibility of the promoters—that such combats are allowed.

URGES REFORMS

All the rules of boxing ought to be revised. Managers' licenses ought not to be granted except to competent men, conscious of the grave responsibilities which they undertake.

If my story opens at last the eyes of those who do not wish to see, helps to preserve health—to save the sight of many young athletes who ignore the sorry example of their myriad predecessors—then I fear no critic.

I have accepted in advance all the responsibility, all the possible blame, because I considered that a striking example—a decisive proof—was necessary.

And what example could be more impressive than the creation of a world champion—through the absurd?

I have finished my story. A story true in every point.

I hope I have convinced even the most incredulous among those who have done me the honor of reading this. I believe I have demonstrated irrefutably the general incompetence of boxing federations and other such current authorities.

I affirm that not a single time were we warned or disqualified when we really deserved it.

I affirm that without a single exception all the suspensions—all the punishment of which we were the victims—were each time unmerited.

This was the absolute, constant, unchangeable triumph of incoherence.

(Copyright, 1933, by Leon See and King Features Syndicate, Inc.)

The End.

WOOD VICTOR IN TEXAS

GALVESTON, Tex., Feb. 19.—(AP.)—Craig Wood, Deal, N. J., professional ace, made a comeback to win the $2,000 Galveston open golf tournament, adding steady rounds of 72-72 to a prior 73-73 for a total of 290, two over par for the 72 holes.

Playing for the first prize of $400, Wood disclosed himself a golf wizard when he remained level with par through 36 holes made extremely difficult by a cold north wind and a water-logged course.

The Deal professional started the final 18 holes with 218 and a lead of two strokes over Tom Creavy, former national P. G. A. champion of Albany, N. Y. He picked up 2 strokes on Creavy's 36 with a 34 on the front nine and then both shot 38's on the back nine.

Sam Parks, Jr., pro at the South Hills Conutry Club, Pittsburgh, took an 83 yesterday for a total of 315.

RISKO TO BOX GODWIN

PALM BEACH, Fla., Feb. 19.—(AP.)—Lou Diamond, boxing promoter, announced today he had signed Johnny Risko and Bob Godwin for a 10-round bout at City Island Park, Daytona Beach, on the night of February 26.

FORD CITY HIGH FIVE BOASTS FINE RECORD

By JULIUS LEVIN

One of the most remarkable records ever compiled by a basketball team in the Western Pennsylvania Interscholastic Athletic League is that of Ford City High School, champion of Section VI for the last seven years and winner of its sectional crown in 10 out of the last 13 seasons.

In winning the championship of its section seven successive seasons, Ford City High School, coached by Neenie Campbell, is believed to have established an all-time W. P. I. A. L. record.

The only other school to approach this mark is Braddock High School, which won its sectional crown 11 times in 16 years, but Braddock does not boast a record that shows seven championships in succession. Braddock, however, has an edge over Ford City in basketball in that it carries off the W. P. I. A. L. championship two years ago, while Ford City has yet to win its first league crown.

DEFEATED BY FIFTH

Braddock's triumph in the W. P. I. A. L. final two years ago was short-lived as Fifth Avenue High School defeated the Hudson-coached team in the first inter-district game. Fifth Avenue went on to the state semi-finals in which it bowed to Erie Strong Vincent at Sharon. Erie Strong Vincent then fell before Old Forge in the state championship game at State College, Pa.

Last year, Ford City made a determined fight to reach the final round of the anual W. P. I. A. L. eliminations, but succumbed in a quarter-final engagement with Monessen, champion of Section V, 16 to 15. In its first appearance in the 1933 tournament, Ford City disposed of Cecil Township, champion of Section XV, 20 to 19.

Neenie Campbell and his Ford City passers apparently are firm believers in the old adage that "if at first you don't succeed, try, try, again, for they are confident that this is Ford City's year to carry off the crown.

HOPE TO WIN TITLE

Ford City will face a real tartar in its first appearance in the series, which gets under way a week from tomorrow. The Campbell-coached quintet has drawn New Kensington, champion of Section I, in a second-round engagement. This contest, the first of the W. P. I. A. L. eliminations to be staged in the Pitt Stadium pavilion, is listed for Saturday, March 3. The remainder of the early games will be played on neutral floors outside of the city.

The Armstrong Countians enter the tournament for the second year in a row without suffering a defeat in their sectional race.

Bozeman, Hoppe Win in Cue Play

NEW YORK, Feb. 19.—Jay Bozeman, Jr., turned in his seventh victory in eight starts by defeating Kinroy Matsuyama, 50 to 25, in 27 innings, in the world three-cushion billiard tournament at New York last night.

Willie Hoppe defeated Allen Hall, 50 to 47, in 60 innings, for his sixth victory in eight matches; Johnny Layton nosed out Arthur Thurnblad, 50 to 49, and Len Kenny defeated Alfredo De Oro, 50 to 44, in 70 innings, in other matches yesterday.

Layton and Welker Cochran, the defending champion, trail Bozeman closely with six victories and one defeat each.

BEARS WIN AGAIN

NEW ORLEANS, Feb. 19.—(AP.)—Lack of practice on the part of the New Orleans All-Star pro football team spelled defeat for them in their game against the Chicago Bears' professional team yesterday. The Bears won, 39 to 7, scoring almost at will against such former stars as Jerry Dalrymple, the powerful Scafide and others of Tulane and Loyola University fame.

SPORT VIGNETTES

The readers write (for the writers to read) . . . From Unfontown comes a letter from a correspondent who wants to know why the Pittsburgh newspapers don't print more about the wrestlers . . . Says there's a tremendous amount of interest in their doings . . . Which may be true—but not in Pittsburgh . . . We have a letter from Jack Curley, the big, big man of wrestling, who says there'll be no more of his grapplers here for some time—At least not until the fans show they are in a reciprocative mood . . . Curley sent on many of his big names for recent shows, bunching them on single cards, but couldn't draw expenses . . . The answer is obvious . . . If the people who read the newspapers won't attend the shows, they won't buy papers to read about the rasslers . . . So what?

From James F. Conlon comes another say-so on the discussion started here last week by a comparison of Teddy Yarosz with late Harry Greb. . . . Says our idea of a "dream bout" between them is applesauce. . . . Says to imagine Teddy in the ring with some of Greb's foes, and cites Bill Brennan, Soldier Bartfield, Mike Gibbons, Battling Levinsky, Jack Dillon, Gene Tunney, Billy Miske, Mike O'Dowd, the Chip brothers, Tommy Loughran, Jack Renault, and others. . . .Wants to know if we would compare them with Eddie (Kid) Wolfe, Jimmy Smith, Young Terry, Vince Dundee and Sammy Slaughter, fought by Yarosz. . . . Suggests that if the comparison is to mean something, Teddy ought to be matched with Charley Massera, the Monongahela heavyweight, to see if he can fight the big fellows, as Greb did. . . . Well, Mr. Conlon evidently knows his boxing records, but he gets us wrong on one point, and that is that the comparison of Greb and Yarosz was based on their ability at a corresponding stage in their careers, not on Greb's peak against Yarosz' best so far.

An anonymous epistle declares its writer on the subject of the Boxing Commission vs. the A. A. U. dispute, and it is full of dynamite . . . The fact that it is not signed keeps its contents from being spread out in printer's ink here, but it will be referred to the interested parties . . . Another letter, from the East End, tells what changes should be made in the makeup of the Pirates for the coming season . . . Ought to write the ball club instead . . . The address is Flannery Building, Oakland.

Johnny Freund says close to 120 years of basketball experience is combined in the squad of the Cleveland Rosenblum-Celtics, who appear here again tonight under his auspices when they meet the Brooklyn Jewels in the South Side Market House . . . Pete Barry is the leader . . . He has been in active service almost 25 years, and the worst part of it is that he shamelessly admits it . . . The Market House, by the way, is the cradle of the professional brand of the floor sport around here . . . The good teams have spread around to many halls, but they always drift back to this spot . . . Maybe that's because there is a sentimental side to Johnny, who concedes that none of the oldtimers could compare with the players of today and that the sport is getting better and better all of the time . . . Just ask him and he will elaborate along these lines all day long and far into the night. —HARRY KECK.

By JESS CARVER

In case any ambitious college basketball team is contemplating coming up with any claims for national championship honors, said team hereby respectfully is refered to Pitt's Panthers and Duquesne Dukes.

And what is more, it looks like Notre Dame, if it plans on setting out on any more extended winning streaks, had best knock the Panthers from the schedule. The Irish have lost three games out of the last 31 they've played and all three have been to Pitt. 'Pears like the Irish do not thrive so well on Panther steak.

Right now, there probably are no better basketball quintets in the country than those representing Pitt and Duquesne. Dissenting voices may be heard in the vicinity of New Wilmington, where flourish the towering Titans of Westminister, but the Titans will get a chance to see just what makes this Pitt outfit tick when they meet the Panthers here Wednesday night.

NO TITLE CLAIMS

Dr. Cliff Carlson, coach of the Panthers, has gone on record with the assertion that the Pitts are not out for any championship. The chances are that Coach Davies, of Duquesne, feels the same way. He hasn't been interviewed on the subject, but same will be done as soon as Chick and his Dukes get back from their short Eastern jaunt. They play Villanova tonight and Temple tomorrow. However, if there are any titular laurels to be scattered about, a goodly share should be bestowed on the two local quintets. It looks very much as though they were going to share the district honors, and when you share basketball honors in this sector, you are sharing something.

Pitt's victory over the Irish, on their own court and before a hostile 6,000 Notre Dame rooters, was all the more remarkable in that the locals played minus the services of one of the main cogs of the machine, Charley Hughes. Charley came up Saturday morning with a severe cold and a fever and Dr. Carlson promptly ruled him out of the contest. So Skippy Hughes went back to guard and Ted Roderick started at forward.

CRIBBS BRIGHT STAR

It was Claire Cribbs, outplaying the highly touted Moose Krause for the second time this season, who led the Panthers to victory. Cribbs is as good a center as there is in the country. His duel here Wednesday with the high-scoring Bennett, of Westminster will be worth the price of admission. As Cribbs goes, so goes the Pitt team, and teams that have been able to check Bennett this season have checked the Titans, if they haven't beaten them.

All in all, the local boys turned in swell jobs of it Saturday night. Pitt beat Notre Dame and the Dukes walloped Bucknell while Carnegie Tech, playing its second game in as many evenings, and with a weakened squad, took the measure of Wash-Jeff.

The team that has 'em all guessing is this West Virginia club. One night the Mountaineers look like aces back to back, and step out and take teams as formidable as Temple and Georgetown, right on their own floors, too. Then they do an about face and put on such sorry exhibitions as they did against the Dukes here last week.

BIRCH SCORING LEADER

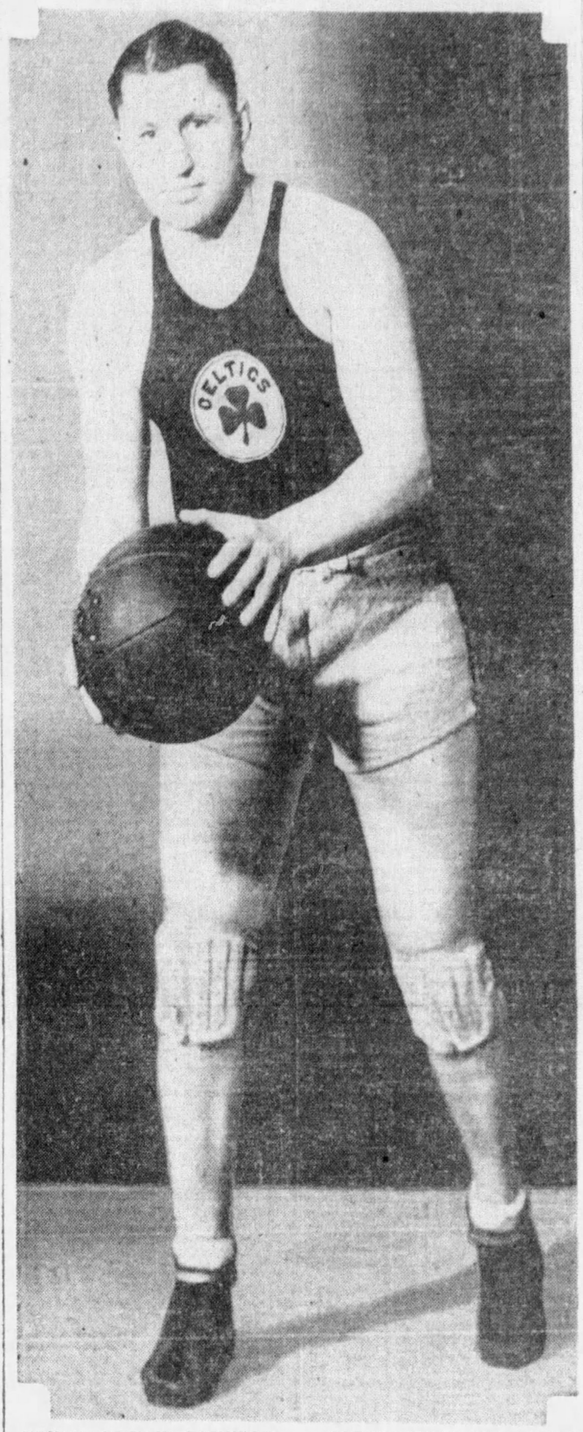
The two walk-overs the Dukes had last week enabled one or two of them to boost their scoring margins to a considerable degree. Paul Birch is leading all the city point-getters with a total of 127 points. Art Feldman is next in line with 123. Cribbs has 110½. Skip Hughes 107 and Irv Brenner 103.

In the Eastern Intercollegiate Conference, Jerry O'Connor, of Georgetown, has replaced his teammate, Ed Hargedan, as the high point man with a mark of 70, Hargedan has 68.

Westminster has the Tri-State Conference situation by the nose and figures to hold to same, even though Ken Loeffler insists his Genevians will take the Titans at Beaver Falls. If the Titans can take Pitt here Wednesday, they will have just claim to the section crown, and that, with a dime, will get 'em a swell loaf of bread in most any store.

Charley Hughes, by the way, is in Mercy Hospital, where he was rushed upon his arrival home from South Bend yesterday with the Pitt team. The star guard was reported doing nicely this morning and is not seriously ill.

'Old Dutch' Returns



HENRY (DUTCH) DEHNERT, . . . CELTICS' PIVOT PLAY STAR

Dehnert, powerful guard of the Cleveland Rosenblum-Celtics, around whom their famous pivot play is built, will be seen in action again here tonight when the Rosies play the Brooklyn Jewels all-Jewish aggregation on the South Side Market House floor.

LOCAL POLOISTS BEAT CULVER

CULVER, Ind., Feb. 19.—The Culver Military Academy poloists could get only an even break in the two-game series with the 107th Field Artillery riders, of Pittsburgh, over the week-end.

The locals won Saturday's tilt, 9 to 8, but yesterday, the Pittsburghers came back to score a 12½ to 8 triumph. Paul Mazuzan, playing-coach of the Artillerymen, was the star of the game and the leading scorer with 9 points. The lineup:

Culver—8.		Artillery—12½.
Fullerton	No. 1	Jones
Owen	No. 2	Mazuzan
Mather	No. 3	Perritt

Score by periods:

107th Artillery	2	3	5	2½—12½
Culver A	2	4½	1	½—8

U. S., French Net Pros Open Series

NEW YORK, Feb. 19.—(AP.)—Rivals for the last several weeks on a nation-wide tour, Bill Tilden and Ellsworth Vines will pool their tennis resources against the French aces, Henri Cochet and Martin Plaa, in the first of a series of international professional team matches starting in Madison Square Garden tonight.

Modelled on Davis Cup amateur lines, the series will consist of four singles and one doubles match. Tonight Tilden will meet Plaa and Cochet will renew his feud with Vines with the doubles immediately following. On Wednesday Vines will tackle Plaa and Cochet will play Tilden.

Derringer, Eldred Win in Florida

SARASOTA, Fla., Feb. 19. —(AP.)—Paul Derringer, pitcher for the Cincinnati Reds, and Vincent Eldred, professional, won a pro-amateur golf tournament here yesterday with a best ball score of 65.

Claydon Attridge, pro, and Burl Bolesta, amateur of Tampa, tied Andy Anderson, pro, and Don Newburn, amateur of Sarasota, for second place honors, each team posting a 66.

CELTIC, JEWEL FIVES CLASH

Pittsburgh's first professional basketball game of the season will be played tonight on the South Side Market House floor when the Cleveland Rosenbloom-Celtics meet the Brooklyn Jewels.

The Jewels made their district debut Saturday night when they defeated the McKeesport Willigs in a close and hard-fought game.

Both of the contesting teams tonight are made up of crack individual performers, the Celtics being especially well known hereabouts, having played on local floors on numerous occacions.

In the preliminary, the Techy-Jucky and Glenshaw quintets will meet in a Greater Pittsburgh League first place battle. The lineup:

Celtics.		Jewels.
Hickey	F.	Kinsbrunner
Husta	F.	Shuckman
Lapchick	C.	Begovich
Barry	G.	Gerson
Dehnert	G.	Pasnok

Referee—Moon Klinzing.

MEMORY TEST

TODAY'S QUESTIONS

How good is your memory of sports events, heroes and dates? Can you answer these questions:

1—What local soccer player returned to his native Scotland and starred in the professional league?

2—What star pitcher, of Verona, retired after being farmed out by the New York Giants to the Bridgeport Club, of the Eastern League?

3—Did any local public links golfer ever win the West Penn Amateur championship?

4—Who was the local boxer who defeated Abe Attel before the latter won the featherweight championship of the world?

5—Name the boxer who took the title from Attel.

(Answers in Want Ad Section tomorrow—see today's Want Ad Section for answers to last Saturday's questions.)

FLOOR GAMES FOR WEEK

WEST PENN LEAGUES

Tonight—Knoxville at Pittsburgh Boys Club.
Tuesday—Coraopolis Artillery at Ferris Club.
Wednesday—Newman Club at I. K. S.
Thursday—Knoxville at Sheridan Lutherans.
Friday—Pittsburgh Boys Club at Newman Club.
Saturday—Sheridan Lutherans at St. Joseph's Lyceum, Ferris Club at Knoxville.

Section I

Tonight—Y. M. H. A. at Lawrence.
Tuesday—Edgewood at Flying Dutchmen.
Wednesday—Flying Dutchmen at Kingsley House; Y. M. H. A. at Browns.
Thursday—Kingsley House at Y. M. H. A.; Browns at Tarentum Y. M. C. A.; Lawrence at Edgewood.
Friday—Flying Dutchmen at Lawrence.

Section II

Tuesday—Becks at Falcons.
Wednesday—Soho Varsity at Goldensons; Falcons at Trojans; Knapils at Goodwill.
Thursday—Goodwill at Becks; Trojans at Soho Varsity; Goldensons at Falcons.

METROPOLITAN LEAGUE

Tonight—Goodwill at Rankin; Edgewood at Pittsburgh Boys' Club.
Tuesday—Oakmont at Goodwill.
Wednesday—Foresters at Oakmont; Pittsburgh Boys' Club at Kingsley House.
Thursday—Rankin at Y. M. H. A.; Kingsley House at Foresters.

POLISH FALCON LEAGUE

Tonight—Beaver Falls at New Kensington.
Tuesday—McKeesport at New Castle; Natrona at Ambridge.
Friday—New Kensington at New Castle; Beaver Falls at McKeesport.
Saturday—Ambridge at South Side.

GREATER PITTSBURGH LEAGUE

Tonight—Glenshaw Club at Tecky-Jucky Club.
Wednesday—Lyceum Comets at Ferris Club.
Thursday—Olympic Club at Glenshaw Club, J. W. Lodge Club at Hernon Club.
Friday—Ferris Club at J. W. Lodge Club, St. Mary's Lyceum at Olympic Club, Hernon Club at B. & O. A. A.
Saturday—Tecky-Jucky Club at Lyceum Comets.

METROPOLITAN LEAGUE

Tonight—Frazier Cadets at Daro Club.
Thursday—Cathedral Chapel at Frazier Cadets.
Friday—Daro Club at St. Michaels Lyceum.

HOMESTEAD STEEL LEAGUE

Tonight—Open Hearth No. 7 vs. Open Hearth No. 2, Mechanical Depts. vs. Structural Dept.
Thursday—Carrie Furnaces vs. General Offices, Plate Department vs. Heat Treating Dept.

ALLEGHENY COUNTY LEAGUE

Wednesday—Homestead Jenkins at Wilmerding Y, Charleroi at I. K. S.
Saturday—Homestead Jenkins at Charleroi, Y. M. H. A. at Wilmerding Y.

STEEL CITY LEAGUE

Tuesday—Norwood at Duke A. C., Sheridan Arrows at First Presbyterian Church.
Wednesday—St. Mary's at Goodwill Reserves, Duke A. C. at St. Anthony's.
Friday—Norwood at St. Anthony's, First Presbyterian Church at St. Mary's, Duke A. C. at American Legion.

IRON CITY LEAGUE

Tonight — Frampton Aces at St. Hyacinth's.
Wednesday—Lyceum Pals at St. Mary's Lyceum, Frampton Aces at Bernhardt's Pals.
Thursday — St. Hyacinth's at Lyceum Owls.
Saturday—St. Hyacinth's at Soost A. C.

BEECHVIEW COMMUNITY LEAGUE

Tonight—Welshes at Smiths, Rubensteins at Beechview.
Friday—Johns at Schminkeys, Welshs at Beechview.

HILL TOP COMMUNITY LEAGUE

Tuesday—St. Joseph at Koerbels.
Wednesday—Koerbels at Schneiders, Gray Brothers at Slater.
Saturday—Hill Top Y at Schneiders.

AMATEURS BOX AT GARDEN

TONIGHT'S FIGHTS

PITTSBURGH BUYER'S GUIDE AND BUSINESS REVIEW

500,000 TAXING BODIES PREY ON U. S. CITIZENS

[This is the first of two articles dealing with the logic and possibility of national sales taxation, written by a recognized specialist in questions entering into the raising of federal revenue.]

By JAMES A. EMERY
General Counsel, National Association of Manufacturers.
(Written for the Hearst newspapers.)

NEW YORK, Feb. 19. — The newspapers tell us that Congress is about to consider a new federal tax bill. But who is interested in taxes, the driest subject in the world?

Many people say:

"I do not pay taxes. I do not own a home or a farm or any piece of land, nor do I pay an income tax. These are the possesions of the well-to-do. I get my pay every week or every month and out of it comes rent, food, clothing and all the expenses of myself and family. These take up my wages or salary, so I am not interested in any kind of taxation."

The man who thinks that way deceives himself.

Wherever he goes, whatever he does, an invisible tax collector follows him like a shadow.

Every time he or his wife or a member of his family spends a dollar, the unseen fingers of their pursuer is TAKING PROBABLY TWENTY CENTS OUT OF EACH DOLLAR TO COVER VARIOUS EXPENDITURES OF GOVERNMENT.

But how can that be if one does not own a house or a lot or a farm and does not earn enough salary or wages or does not receive enough return on savings or little investments to owe the state or the federal government something for income tax?

It follows because each of us is living under at least four forms of government, each of which takes from us what is determined to be necessary to support all forms of public expenditure.

500,000 TAXING BODIES

Thus we have ONE FEDERAL GOVERNMENT, FORTY-EIGHT STATE GOVERNMENTS, THREE THOUSAND COUNTY GOVERNMENTS, MORE THAN TWELVE THOUSAND INCORPORATED CITIES and TENS OF THOUSANDS MORE OF TOWNSHIPS, ROAD, IRRIGATION, RECLAMATION AND SCHOOL DISTRICTS.

So that altogether THERE ARE MORE THAN 500,000 PUBLIC BODIES with the power to take something from the citizen's pocket to support their activities.

The total amount that is thus taken out of the national income represents the tax burden of the American people.

By the "National Income" is meant the estimated value of the goods and services produced by the American people in a single year. In 1933 this was thought to be about $40,000,000,000. Out of that a total of from $8,000,000,000 to $10,000,000,000 is taken for national, state and local government, the latter including cities, townships and all the subdivisions to which reference has been made.

COSTS OF GOVERNMENT

Now, all such taxes paid by any person engaged in producing goods or services for others represents a part of the cost of carrying on his business just as much as the cost of his goods, the labor he employs, the rents he pays, or any other item. So the farmer must recover his taxes in the sale of his crop or he operates at a loss. So must the merchant, the street car company, the railroad or anyone else.

When we compare all the costs of government through taxation with our total national income, we begin to perceive that not less than 20 per cent and perhaps, nearer to 25 per cent, of that income is spent by one form of government or other.

EVERYBODY PAYS

That means 20 per cent to 25 per cent of every dollar.

That means that EVERY INDIVIDUAL IS WORKING on an average of AT LEAST TWO AND A HALF MONTHS OF EACH YEAR TO PROVIDE FOR PUBLIC EXPENDITURES.

Just now the federal government is enormously increasing its expenditures and enlarging the national debt by borrowing vast sums of money, the interest charges on which will put new burdens upon each of us. Let us then examine how the federal government raises its funds, the amount required, and whether the method of obtaining these huge sums to meet the interest and repay the borrowings can be best met.

Tomorrow: Equalizing the Burden.

Brewery Appoints Distributor Here

The Roma Bottling Works Company, of Miltenberger street, has recently been appointed distributor for Red Top Beer.

Officials of the Roma Bottling Works Company have investigated various brands of beer and have decided in favor of Red Top because of the unusual quality of this beer. It is brewed in the former Hauck Brewery of Cincinnati. The making of Red Top beer is under the supervision of the Red Top and old Hauck brewmasters.

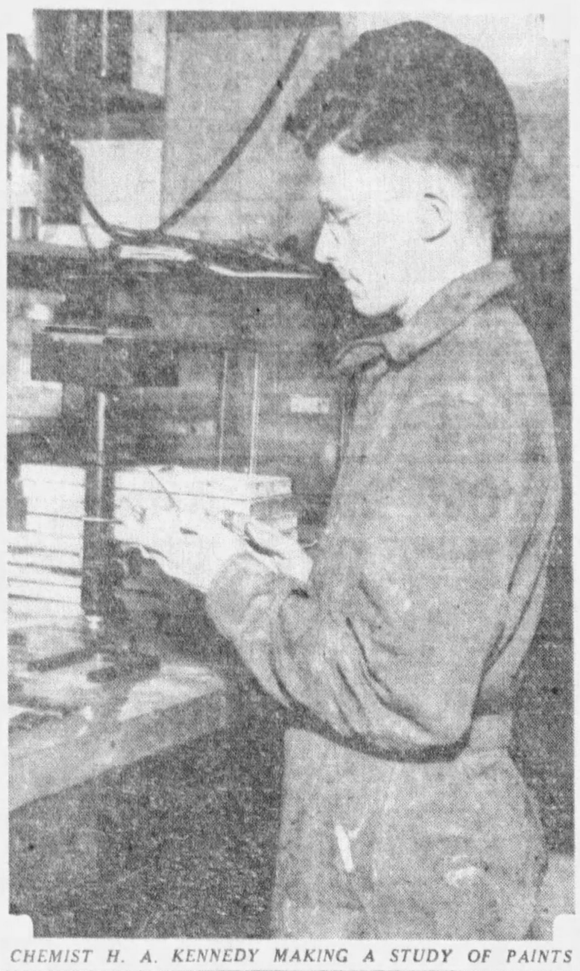
Studying Deterioration



CHEMIST H. A. KENNEDY MAKING A STUDY OF PAINTS

Paint Manufacturing Now Turns to Science

Art Still Has Part But on 50 - 50 Basis

For many year paint manufacturing was an art pure and simple and a very much under-developed art. Deposits of clay were ground up with linseed oil and various adulterants added and it was put out as paint. It wasn't until the turn of the Nineteenh Century that science really crept into paint manufacturing.

In the early days of paint manufacturing it was 100 per cent art. Up to about 1925 it was perhaps 80 per cent art and 20 per cent science, but since 1925 so much progress has been made in the development of new materials, new gums, new pigments and new methods of manufacture that paint manufacturing now is about in proportion of 50 per cent science and 50 per cent art.

Paint manufacturers now make exhaustive studies of their products before they release them to the public. New paints are the developments of years of exposure on test fences in which careful examinations are made at periodic intervals and every variable is tested and checked.

Thompson & Co., of Oakmont, maintain an extensive laboratory to check uniformity of raw materials, uniformity of finished products and development of new paint products. Test panels, after they have been exposed, are taken in and photographed under a photo-micrographic camera. This magnifies the appearance of the exposed paint film about 40 times and gives a permanent record that may be kept and compared with other pictures to determine the degree of deterioration and the manner of deterioration of a paint film under exposure.

LOCAL STEEL RATE GAINS

CLEVELAND, Feb. 18.—(AP.)—Without reflecting buying for construction and railroads, the magizine Steel said today that steel works operations jumped to 43 per cent of capacity, and continued upward last week. The report said:

"Independent of large orders for railroad and construction materials placed last week, rolling of which will not start for several days, steelworks operations made another sharp advance, 4 points to 43 per cent, with the trend still strongly upward.

"Operations at Pittsburgh, heretofore lagging this year, swept up 5 points to 26 per cent, highest since the bulge in shipments last December.

"Actual and prospective tonnage from major consuming lines has expanded. Demand from the automobile industry appears insatiable.

"Railroads are more active in specifying steel products to replenish depleted stocks. Prospects in the structural shape market are improving steadily, with inquiries and orders accumulating for spring delivery."

MOUNT VERNON SALAD MENU FEATURE

If you like color in your meals, February holidays (there are Valentine's Day, George Washington's and Lincoln's birthdays), certainly give you the chance to exhibit your abilities in that line. You can be patriotic with a vengeance . . . and gay as you please.

Virginia Schreiner, of 246 Penn boulevard, sends in a Mount Vernon salad as her idea of an appropriate dish to serve Thursday, the birthday of the "Father of Our Country."

Five Dollar Prize Winner

ANNA RINAL,
61 Holt street.
CRAB MEAT COUFFLES

Fourteen flakey crackers.
One cup of hot milk.
Two tablespoons of butter.
One-half teaspoon of salt.
Two egg yolks (save whites).
One cup of crab meat.

Roll crackers fine, pour hot milk over them and add butter, salt, beated yolks of eggs. Stir the cracker mixture into them. Add flaked crab meat. Beat egg white stiff and fold into cracker-crab mixture. Pour into a buttered baking dish and bake for 30 minutes in a moderate over (375 degrees fahrenheit). Serves six.

Ten $1 Prize Winners

ELEANOR C. HUMBERT,
Main street, Rockwood.
MARMALADE SPONGE CAKE

Six egg yolks.
One cup sugar.
Rind of half a lemon.
One-half teaspoon lemon extract.
One-quarter teaspoon salt
Six eggs whites.
One-half teaspoon cream of tartar.
One-half orange marmalade.
One-half cup shredded cocoanut.

Beat egg yolks until thick and lemon colored. Gradually beat in sugar, which has been sifted, the lemon rind and extract. Add salt to egg whites—beat well. Fold part of whites into yolk mixture, then the sifted flour and balance of egg whites. Turn two-thirds of the batter into an ungreased tube pan and then cover with a layer of cocoanut and on top of that the marmalade. Put in remainder of batter. Bake in a cool over—325 degrees, for 55 minutes. When done invert to cool and serve with whipped cream. This is delicious.

MRS. A. H. SCOTT,
226 N. Walnut street, Blairsville.
STUFFED CELERY AU GRATIN

One large bunch fresh tender celery.
One cup stale bread crumbs.
One-fourth cup sweet milk.
One egg.
Two tablespoons butter.
One-half cup shrimp meats (canned or fresh).
One tablespoon grated cheese (Italian style).
Salt.

Prepare celery. Let stand in cold water until ready to use. Mix together, bread crumbs, milk, melted butter, and egg, well-beaten, and salt to taste. Chop shrimp meats and add cheese, being careful not to get the stuffing too moist. Take one stock of celery, the hollow-side up, fill the entire stock with stuffing, and place another stock over it, tying several times. Continue until the remaining celery stocks and stuffing is used. Place in a baking platter, and keep just enough water to continue baking until tender, in a moderate oven, basting occasionally. When almost ready to remove from oven, sprinkle lightly with cheese and allow to brown. Before serving, cut the threads carefully, replacing them with tooth picks, and put the remaining whole shrimps around the platter with bits of parsley.

MRS. ROSE M. RENST,
1128 Pemberton street.
MOTHER HUBBARD DINNER

Bake a Mother Hubbard squash whole in a moderately hot oven one and one-half to two hours, or until it is tender. Try it with a sharp pointed knife. Remove from the oven; cut a rather thick slice from the top of the squash, remove the seeds and then scoop out the squash itself, mash and season the squash with butter, salt and pepper. Have boiled together in salted water until tender, six whole small onions, three carrots, one-half cup chopped green pepper and pieces of cauliflower from one small head. Fold these carefully into the mashed squash and return to the shell, piling mixture up about the top. Cover with buttered breadcrumbs, top with grated cheese, return to hot oven to brown, about 20 minutes. (400 degrees fahrenheit.) When ready to serve, arrange a circle of minced parsely around the opening of the shell. Place squash in center of chop plate. Around edges arrange butterfly pork chops on toast. Top chops with fried apple rings. Garnish with parsley.

MRS. MARGARET SNYDER,
278 Main street, Brookville.
EGGS A LA KING

Three tablespoons butter.
Three tablespoons flour.
1¼ cups milk.
Salt, pepper.
One can mushrooms.
One green pepper.
Six hard cooked eggs.
One pimento.

Make sauce of butter, flour, seasonings and milk. Add mushrooms and pepper and cook 20 minutes longer. Add eggs cut in pieces and pimento. Serve in patty shells.

IRMA A. WILHELM,
2413 Salisbury street (10).
MOCK BAKED POTATOES

First—Wash potatoes thoroughly, cook with the jackets on until done. Second—Peel the potatoes while hot and place in a double boiler over boiling water, add butter and salt and pepper to taste. Leave them steam about 10 to 15 minutes.

MRS. M. C. RICHARDSON,
301 Orchard street.
SCANDINAVIAN FISH PUDDING

Two pounds fresh haddock or cod.
One small onion (coarsely chopped).
Two eggs.
Four tablespoons melted fat.
Two-thirds cup milk.
One teaspoon nutmeg.
One teaspoon salt
One-fourth teaspoon pepper.
Two tablespoons chopped parsley.
One-half cup bread crumbs.
Two bay leaves.

Cook fish 15 minutes in boiling water (salted) with two bay leaves and onion. Drain off stock and reserve for sauce. Remove skin and bones and press fish through coarse sieve or food chopper or shred it fine. Add eggs and seasonings, then the milk and melted fat. Beat until fluffy. Add parsley, pour into a well greased baking dish. Sprinkle with bread crumbs dot with shortening. Bake in a moderate oven (350) for 30 minutes.

SAUCE

Two tablespoons fat.
Two tablespoons flour.
One tablespoon lemon juice.
One cup fish stock.
One-eighth teaspoon nutmeg.
One-eighth teaspoon paprika.

Melt fat and add flour. Stir until smooth. Add fish stock slowly. Cook until creamy and smooth, stirring frequently. Add seasonings. For variety, add two tablespoons of chili sauce or two hard-boiled eggs. Mince the whites and add them to the sauce with chopped parsley or chives. Then mince the yolks and garnish the top with them. To make this dish really and truly Scandinavian, pour over it some sour cream previously brought to a boil and seasoned with a dash of nutmeg.

L. F. BAXTER,
415 North Graham street.
BEEF PATTIES CREOLE

One and one-half pound chopped beef.
One-eighth pound chopped suet.
Two teaspoons salt.
One-quarter teaspoon pepper.
Two tablespoons chopped parsley.
One-half cup olive oil.
One-half cup chopped green pepper.
Two tablespoons onion (chopped).
One cup tomato sauce.

To the chopped beef and suet add the seasonings. Form into six flat cakes. Pour the oil in a heavy frying pan and heat over moderate flame. Place meat patties in frying pan, brown well on one side, turn over and brown on other. Remove from pan and keep warm for a few minutes. In remaining oil cook slowly the chopped onion and green pepper. Add the cup of tomato sauce. Replace meat patties and allow to simmer for 10 minutes. Serve hot.

ESTHER ROTSTEIN,
5 Oakland square.
SWEET-SOUR EGGS

One tablespoon butter.
Two teaspoons flour.
Pinch of salt.
One-third cup water.
One to two teaspoons lemon juice.
One to two teaspoons brown sugar.

Brown flour in butter. Add water slowly and cook until thick, stirring constantly. Add lemon juice, brown sugar, bay leaf and a couple of whole cloves. Break a raw egg into the sauce, season with salt and pepper and heat until whole is congealed. Serve hot.

VIRGINIA SCHREINER,
246 Pennsylvania boulevard.
MOUNT VERNON SALAD

Two cups tuna, flaked (or other fish).
One cup boiled dressing.
One and one-half cups diced cucumber.
Salt, pepper, paprika to taste.
One tablespoon gelatin.
One-fourth cup cold water.
One tablespoon lemon juice.
One cup whipped cream.

Mix fish, dressing, cucumber and seasoning. Soften gelatin in cold water, dissolve over hot water, and stir into mixture with lemon juice. Fold in whipped cream, mold in square pan and chill. Serves six.

Garnish: At the same time prepare a tomato jelly by cooking two cups of tomatoes with a stalk of celery and a slice of onion for five minutes. Strain, add teaspoon of vinegar, tablespoon of sugar, and salt to taste. Add water to make two cups of liquid, bring to boiling point and dissolve a package of lemon jello in it. When the salad is ready to serve, dip the little melon ball gadget in hot water and scoop out as many red cherries as you want to use. Place a clusteron each oblong, give them green pepper stems, and let the guests rave while you pass additional mayonnaise.

MRS. CLEMENTINA FONTINELLO,
Box 735, Wall.
ITALIAN HOT BREAD

When baking bread save some dough and allow to raise for one hour. Spread on a greased long pan about three-fourths full and prick with fork. Wash and clean about 12 anchovies and cut in pieces, and then three or four tablespoons of canned tomatoes, two pieces of garlic chopped, a small amount of black pepper and one tablespoon of Italian olive oil. Allow to raise for about a half hour, then bake in moderate oven for 45 minutes at 350 degrees.

A STUNNING MODEL FOR A BRIGHT SPRING PRINT
PATTERN 1776—By Anne Adams

There's nothing like a print frock to suggest spring—to brighten up our wardrobe—and our spirits! We'd love the model sketched here in one of the colorful all-over designs so popular this season. It has truly flattering, feminine lines—the gracefully flared sleeves, the slim semi-belted waistline and length-giving skirt panel. With the neckline worn open, artificial flowers posed at the neckline add a chic note. For added interest tiny buttons trim the back bodice. Sleeves may be omitted or may be made of contrast.

Pattern 1776 is available in sizes 12, 14, 16, 18, 20, 30, 32, 34, 36, 38 and 40. Size 16 takes four yards 39-inch fabric. Illustrated step-by-step sewing instructions included.

Send FIFTEEN CENTS (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly name, address and style number. BE SURE TO STATE SIZE.

THE NEW SPRING, 1934 EDITION OF THE ANNE ADAMS PATTERN BOOK features all the best spring styles for adults and children. Send for your copy of this interesting, helpful book and be chic this spring. PRICE OF BOOK FIFTEEN CENTS. BOOK AND PATTERN TOGETHER, TWENTY-FIVE CENTS.

Address orders to Pittsburgh Sun-Telegraph Pattern Department, 243 West Seventeenth street, New York City.

NATIONAL DEBT SMALL SAYS INSTITUTE

When the federal debt reaches its estimated maximum of nearly thirty-two billion dollars it will still be less than England's current debt of about forty-one billion dollars under which England has managed to survive, says the Alexander Hamilton Institute in its current bulletin which continues:

"It is true that a comparison of the American debt with the English debt provides some grounds for comfort although the situation is not as favorable as the comparison of the debts of the national governments indicate. A true picture requires the inclusion of the debts of political sub-divisions. The total debts of the states and municipalities in the United States amount to approximately nineteen billion dollars, whereas corresponding debts in England total less than seven billion dollars. This means that when the federal debt in the United States reaches its maximum, the total public debt of the United States will amount to fifty-one billion dollars as compared with the total English debt of forty-eight billion dollars or an excess of three billion dollars."

The comparison, however, is still favorable to the United States because this country's income and wealth is much greater than Great Britain's, according to the institute. Estimates made in 1925, which are the latest available, indicate the national income of Great Britain amounted to nineteen billion dollars while the national wealth totaled one hundred and eighteen billion dollars. In the same year, according to estimates, the United States had an income of seventy-nine billion dollars while its wealth totaled three hundred and fifty-six billion dollars. These figures indicate that the United States has an income four times as great as that of Great Britain and three times as much wealth.

It is thus probable that the United States could support a debt of three to four times as large as that of Great Britain and still manage to carry on. The prospective United States debt of fifty-one billion dollars thus appears relatively small as compared with a debt ranging from one hundred and forty-four billion dollars to one hundred and ninety-two billion dollars, which it would need to total before it became as burdensome as Great Britain's debt.

99 OF EVERY 100 ON DEVIL'S ISLAND 'DESERVE FATE'

French Official Holds No Brief for Convicts

By GORDON SINCLAIR

CHAPTER XVII.

CAYENNE, French Guiana.—If a bandit is sentenced to five years in Kingston or Sing Sing he spends four years and eight months in jail, all of it behind the bars.

If he's a Frenchman and gets shipped to Devil's Island for five years, he spends 10 years, at least half of it in the open air, with little discipline or supervision.

If he gets eight years in Kingston he spends seven years and four months during which, if he wants to, he can learn a trade.

If the Frenchman gets eight years he is transported for life. Never again, under any circumstance, may he return to his native land although, after the first eight years, he becomes a "libere" and is technically free to wander about the jungles of Guiana.

A committee from the French Chamber of Deputies is touring the 12 Guiana prisons to see if this system of double punishment should be changed.

Gov. Maurice Lemay says:

"Ninety-nine men out of every hundred who are transported to these colonies deserve the fate they suffer."

"What about the other man in every hundred?"

"He is unlucky: no more, no less. But the men who are here are the bandits of Corsica, the pirates of China, the night rider of Sahara, the scum and riff raff of Paris and the Marseilles water front."

Wants No Change

"Then you won't recommend that the double system of punishment be abolished?"

"No; I will not?"

"But, governor, what about the man who is sent here for five years only? He, after serving 10 years, is free to go back to France, isn't he?

"Yes; too free."

"But the government does not pay his fare or any part of his fare and there is no chance for him to work and save up the fare even if he was strong enough to work."

"Of course we don't pay his fare. Are we in the tourist business? Already some call this the convict's Riviera. If the convict can raise $60 we'll ship him to Havre."

"In a convict ship—the only remaining convict ship on the seas?"

The governor laughed:

"Nonsense. In a liner; a mail boat, if you please, with a menu as long as your arm. You think that our liberes are badly dealt with, don't you?"

I declared:

"I certainly do. They are far, far worse off than the convicts. They are turned loose in a climate that few men can stand; they are already shells of men. They cannot get a job yet they have to feed, clothe and shelter themselves or die, as most of them do."

"So! That's what you have seen after 15 days. You think these men want to work! I invite you then to visit Capt. Pean, of the Salvation Army."

Salvation Army

So I prowled down the blood red street in the rain. Hammers rang out and men sang as they worked on the rafters of the new Salvation Army building.

There was a big sign out listing the meals ex-convicts could get for a nickel. The only place in all Cayenne, incidentally, where you could get fresh garden grown lettuce, celery and tomatoes.

A gramophone yowled. Some men splashed gleefully in a hot shower bath. Others sat behind steaming bowls of onion soup and dunked brown bread.

The captain, a slim handsome athlete with enough beard for a cartoonist's Bolshevik, showed me over the dormitories, kitchens and meeting rooms for ex-convicts. He smiled:

"At least we are paying our own way."

"How?"

"Principally from the profits of my book about this place, but we also grow and prepare all our own food. After five years we are what you call out of the red and we have a job waiting here for every ex-convict in all Guiana. To go further we have a job for every convict the moment he is released. It brings no less than $5 a week together with board and lodging."

"And the governor tells me many lifers lazily scorn your offer and refuse to work?"

"It is true; terribly true. They will not work. Through the years they have grown unaccustomed to it. They don't know how to work."

"You mean, captain, that the convicts, as convicts in road gangs, do not work?"

"Oh, yes, those work. They make a pretense at work, but even then it is rather feeble. But long before a convict becomes a libere he has ceased to do anything except the most trivial tasks. For cutting a half acre of grass, say once a week, he is fed, clothed, sheltered and paid."

Net Three Cents

"Paid?"

"Come come, of course you knew that. All convicts here are paid."

"Yes, I knew that. But six cents a day! And half of that goes back to France to pay for the man's trial."

"Even so; at three cents a day, a man can smoke, he can buy rum. He can do more than you might suspect. Do you know that a work gang can smoke but the guard who supervises the gang may not? Do you know that if a guard, even in self-defense, assaults a prisoner he is automatically suspended without pay? Do you know that no convict in these colonies is ever physically punished for anything?"

"But you picture this as the pleasant Riviera the governor suggests . . ."

The captain put in:

"No, no. It is a place of horror. The hospitals. They make you shudder. But you asked me about these empty shells of men who have excited such gruesome curiosity and such abject pity in the outer world. It is true that they will not work. I myself offer a job to any ex-convict in this place. I have argued and pleaded—yes, even prayed—with them to work but they will not."

"And this hospital?"

"Oh, it is hell. Just hell. Worse than hell."

Lack of Fare Keeps Those Freed as 'Prisoners'

The captain has recently submitted a report on the convict hospital to French colonial officials. If you'd like to peek over his shoulder for a moment, here is the printable part of it:

"There are in this hospital 268 sick, wounded and dying men. if one can use the word dying for the martyrdom of these human beings consumed by loathsome diseases and who, lying on dirty mattresses and uttering blasphemies, will soon breathe their last.

"Two of the wards are noisy with the sinister racking coughs of consumptives and I see their pale, emaciated faces contort at each spasm.

"Another ward is for the infirm, maimed and crippled who, in their beds the whole day, have no way of passing the time. There is a ward for those who are in their last agony. Just one big room where they die. I see them stretched on their infected bedding, deformed paralyties and sufferers from cancer of the face with no bandage to cover their sores."

Incidentally, speaking of maimed and wounded men, hundreds of these, knifed in dormitory brawls, are treated every year. Where do the knives come from?

STOCKS QUIET IN TRENDLESS SHUFFLE

NEW YORK, Feb. 19.—(AP.)—Stocks displayed symptoms of spring time lassitude today and most of the leaders shuffled along in a trendless fashion.

A few specialties showed signs of life, but trading in the early hours lacked the lustre of the past week's sessions. Both buyers and sellers seemed to be shy, although most of the latter failed to offer what might have been considered "bargains."

Silver was a bright spot in the speculative firmament, the spot metal advancing ½ cent an ounce to 46¾ cents, or within ⅛ of a cent of its four-year peak. Grains were a little easier, as were cotton and rubber. Sterling was strong in terms of the dollar, but the gold currencies were narrow. Bonds were again fairly firm.

The continued advance of silver prices has been accompanied by numerous rumors of some imminent action by Washington in behalf of the metal. Gossip had it that the President might commandeer all the silver in the country, which, at present prices, would cost about 92 million dollars. At the same time, the Treasury could begin a gradual marking up of its buying price the same as it did with gold.

Although the outlook for business and industry over the next several months apparently is bright, some market commentators were suggesting caution for the moment, due to probable irregularities having to do with the so-called "consolidation" of recent gains and other technical factors.

Proponents of the advance were watching closely the plans of the administration for a huge expansion of credit. Hopeful potentialities were seen in the new foreign trade bank, designed to aid in financing dealings with Russia and South America, as well as the proposal for 12 regional "intermediate credit" banks which would make loans, not exceeding five years, direct to industry or in co-operation with private banking institutions.

The new gold rush from Europe to America was attracting the attention of stock brokers and bond dealers. Approximately 52 million dollars in gold arrived in New York over the week-end, consigned principally to bankers who bought it in London and Paris for the purpose of selling it to the Treasury at a substantial profit.

LOWER CABLES HIT COTTON

NEW YORK, Feb., 19.—Cotton futures opened barely steady, 5 to 9 points decline in response to lower Liverpool cables and under liquidations and southern selling. March, 12.13; May, 12.29; July, 12.50; October, 12.65; December, 12.80; January, 12.83.

The trade bought at the start, but March liquidation was in considerable volume and further scattered realizing appeared. The bulge met increased offerings from one source or another. After selling up from 12.28 to 12.34, May eased again; active months ruling about 6 to 8 points net lower at the end of the first half hour.

The market was comparatively quiet later in the morning. There was sufficient trade demand or scattered buying to hold prices fairly steady within a narrow range. Buyers, however, showed no aggressiveness and prices at midday were within a point or two of the lowest for the day so far, with active months showing net declines of 7 to 9 points, under some further realizing or liquidation.

LIVERPOOL, Feb. 19.—Cotton, no receipts. Spot moderate business done; prices 11 points lower; quotations in pence: American strict good middling, 7.26; good middling, 6.96; strict middling, 6.81; middling, 6.66; strict low middling, 6.51; low middling, 6.26; strict good ordinary, 6.06; good ordinary 5.76. Futures closed quiet and steady. March, 6.27; May, 6.24; July, 6.23; October, 6.21; December, 6.23; January, 6.23.

Corporate Earnings

Harbison - Walker Refractories Company reports for the year ended December 31, 1933, net profit of $760,267 after deducting all charges. This was equivalent to 42 cents a share on the common stock after deducting preferred dividends. This compared with a net loss of $609,952 in 1932. The report stated that profits for the first quarter of this year may be expected to be about equal to the average of the preceding three quarters. This would be about 20 cents a share. A loss was reported for the first quarter of last year. At the close of 1932 the company had bank loans of $2,050,000, all of which have been paid off.

Thermoid Company and subsidiaries excluding the Southern Asbestos Company had net income in 1933 of $115,718 after fixed charges equal to $3.66 a share on the 31,578 shares of 7 per cent preferred stock outstanding. This compared with a net loss of $199,868 in 1932.

S. R. Dresser Manufacturing Company had net profit of $45,606 in 1933 compared with $11,621 in 1932.

Lehigh Portland Cement Company 1933 net loss was $847,420, after taxes, depreciation, depletion and obsolescence, against net loss of $1,998,189 in 1932.

American Metal Company, Ltd., net profit for 1933 amounted to $103,217 after fixed charges and a special provision for metal price fluctuations against inventory of unsold metals had been made amounting to $397,389. In 1932 the company's deficit from operations before depreciation, depletion and other charges amounted to $945,210.

United Carbon Company and subsidiaries report for 1933 shows profit of $656,217, after depreciation and other deductions, but before federal taxes. This compares with profit of $145,615 in 1932.

National Transit Company and subsidiary, report for the year 1933 shows net income of $222,171 after depreciation, taxes and profit and loss items equal to 43c a share, comparing with net of $45,870, or 9c a share, in 1932.

Dividend News

Schiff Doubles Payment.

Schiff Company declared a quarterly dividend of 50c on the common stock. In previous quarters 25c was paid. The company also declared the regular quarterly dividend of $1.75 on the preferred stock. Both dividends are payable March 15 to record of February 28.

Favorable Trends Noted

By B. C. FORBES

IMPORTANT business developments—let us leave events at Washington out of the question for the moment — are almost all favorable.

Examples:

Mr. Forbes

1—Leading automobiles manufacturers are paying twice as much in wages as they paid a year ago.

2—Steel production is expanding briskly.

3—Retail trade is far ahead of twelve months ago.

4—Railway traffic is running more than 13 per cent ahead of this time last year.

5—Bank clearings show an increase of 13½ per cent over last year.

6—Electric power consumption is up.

7—Dividend increases are announced almost daily.

8—Latest corporation reports in nearly every instance reveal substantial progress.

9—Retail merchants report gains of from 20 to 40 per cent.

10—Commodity prices have moved moderately upwards.

11—Stocks closed the week with appreciable net gains.

12—So did bonds.

13—Bank deposits are mounting.

14—Gold is flowing into this country at a rate without precedent in world history.

15—The administration announces its decision to postpone the guarantee of bank deposits in excess of $2,500, a declaration affording deep relief to the banking community.

16—Life insurance, after a lull, is enjoying a spirited revival.

17—Wealth is rushing into the United States from other countries, especially European countries, seeking investment in American securities.

18—The international value of the dollar has been brought to approximately the figure desired by our government.

19—Not all, but several, labor troubles have been settled.

20—The latest governmental offerings of securities have been heavily over-subscribed.

21—Banks are showing at least some disposition to lend less timidly.

22—Railroads are placing more substantial contracts for equipment.

23—Oil companies report distinctly better earnings, with some increases in dividend disbursements.

24—The rubber industry is enjoying marked recovery, also with tangible results to stockholders.

25—Public construction, after much dilatoriness, is going ahead.

26—The important copper industry expresses hopefulness that a workable, beneficial code will be formulated.

27—Since America is an important silver producing country, a rise in the price of the metal to new heights spreads cheer.

28—Reviving sentiment is reflected by more extensive buying of securities, at advancing quotations.

29—More businesses and families are now installing than giving up telephones.

30—Many companies are increasing their business-getting efforts, including advertising.

OF COURSE, there are one or two flies in the ointment.

The hasty cancellation of all air mail contracts, without hearing both sides, has not created a favorable impression in conservative circles.

The incident has aroused apprehension that Washington may adopt similar tactics in other directions.

Particularly in the financial world, there have arisen misgivings lest bureaucracy be carried to un-American lengths. But in view of the unexampled power today wielded by Washington, responsible men of affairs hesitate to speak out publicly.

THE MORE speculative elements in Wall street are delighted over the disposition shown in Washington to modify the bill designed to regulate stock exchanges.

LARGE EMPLOYERS are eager to have Washington restrain from doing anything which will make it less feasible for them to absorb the many thousands of unemployed who are shortly to be separated from CWA payrolls. Their contention is that, for the moment, it is more essential to concentrate on bringing about recovery than to multiply "reforms".

(Copyright, 1934, B. C. Forbes.)

Kelly Tire Group Opposes Management

NEW YORK, Feb. 19.—(AP.)—A move to unseat the management of the Kelly Springfield Tire Company was launched today by a committee of minority stockholders which is asking proxies for the annual meeting on March 13.

The committee asserts that the company has not done as well as other tire manufacturers, and says "the board of directors and executive committee in our opinion have failed to function properly for the past year and a half."

Another criticism is that the $45,000 a year salary of W. H. Lalley, president, is "excessive."

Steel Prices.

Steel prices for 100 pounds, f. o. b. Pittsburgh: Blue annealed sheets, hot rolled, 190. Galvanized sheets, 285. Black sheets, hot rolled, 225.

NEW YORK BOND MARKET

NEW YORK, Feb. 19.—(AP.)—Transactions in the most active bonds on the New York Stock Exchange today were as follows (000 omitted in sales column. United States bonds in dollars and thirty-seconds of dollars):

Memory Test

Answers to Saturday's Sports Memory Test questions follow:

1—The Pitler family provided stars in three different sports. They were Harry Pitler (Johnny Ray), lightweight boxer, Jake Pitler, baseball player, and Dave Pitler, who was a quarterback in football at Pitt.

2—Numerals on football players' jerseys originated with the old Pitt (WUP) team at Exposition Park, on the North Side, being devised as an incentive for the sale of programs.

3—Gene Tunney's 12-round knockout of Tom Gibbons after the latter had gone 15 rounds with Jack Dempsey, clinched a title match with Dempsey for Tunney.

4—Charley Ellis and Charley McCourt, local players, held the National three-cushions billiard title.

5—Moe Yellow Horse, the Indian, was the Pirates' pitcher whose name became a slogan with the fans, who still yell "Put Yellow Horse in," when an emergency arises.

(Today's questions in Sports Section.)

FOR RENT
Furnished Rooms 30

ATTRACTIVE suite, gentleman, two rooms, private bath, modern home, beautiful location, $30 month. Hazel 5473.

AVALON, 635 Center—Room, private home, hot water heat, $3.50. Linden 5981-J.

CARNEGIE, 739 Washington ave.—Neatly furnished front room. Phone Carnegie 324-J.

DORMONT—Front rooms; unlimited telephone; one square cars; reference; $3.50. Lehigh 1868.

IF YOU do not find what you want in this column phone Rental Service, Grant 5400 for additional listing of furnished rooms.

LAWRENCEVILLE—Sleeping room, next to bath, private family, 32 week. Schenley 2922.

FOURTH DEGREE

By K. S. DAIGER

(Continued from Saturday.)

CHAPTER XL.

"Who is it?" we begged.

But Anderson only laughed teasingly, "Maybe I'm 10,000 miles wrong."

"Cleveland?" asked Carroll.

"Maybe."

"Then it must be Paige," I hazarded.

"Maybe," said Anderson again, and we both understood that he did not wish to be questioned further.

"Think you were followed, Kay?" said Carroll.

"I don't think so. I was awfully cautious. How did you get here, Dickey?"

"I never left," answered Carroll. "The Inspector phoned me to come out here this afternoon about dark. I mixed in with the other policemen on guard and when they left, I just didn't. I stepped in that big hall closet and stayed there until it was completely night. Then I came down here and unlocked the cellar window for you two."

Misleading Actions

"You heard nothing?" asked Anderson.

"Not a thing from the time you and the men left until Kay appeared.

"Were you out here, Andy?" I asked in surprise. "How did you work it?"

"Oh, I came out immediately after the examination this afternoon, ostensibly to remove the guard and to see that the house was locked up. I left when the others did in my car. Down in that thick strip of woods the other side of Towson, I dropped out and hid in a thicket until it was quite dark. Then I walked over here fairly slowly. Inspector Mason, who looks very much like me, took my place in the machine and went directly to my office where he has remained strictly private ever since.'"

"Do you really think that you were watched?"

"I haven't a doubt of it. I think everyone of the detectives probably were, the more important ones, anyway. That's why you and Carroll are invaluable to me. Kay here is supposedly sick and either home in bed or at his office. I've handed out statements all day that Carroll is still unconscious and seriously ill. I am accounted for and all the rest of the force. Undoubtedly the murderer has checked up on these things—or tried to—even although he may not come to this house until well after midnight. Indeed, he may not come at all, but if my guess is correct, I think that he will. But not for some time."

"It must be getting late now," said Carroll.

"Then we must be getting under our bags," announced Anderson. "Our friend will be here any minute now."

"What bags?" we asked.

"These coal bags," replied the Inspector with a chuckle. "When the murderer comes to search this cellar we don't want him to see us stretched out on the coal like three stiffs, do we?"

Hide Under Bags

He reached to one corner of the bin and drew out some dark soft stuff which I could tell by the feel was the coarse bagging which is used to carry coal from a wagon to a cellar.

"Get down well under these," he said. "There're lots of them and they will cover us up completely. Leave just room enough to peep through. It may cost you your lives if you don't."

The three of us drew well apart so that we would not make a conspicuous mass. We clutched our guns in our right hands, and the bags covered us entirely. To a hurried observation we must have appeared nothing more than a heap of old bags tossed on top of the coal.

We commanded an excellent view of where Anderson assured us the electric bulb was located and we trained our pistols on that point.

And far away in the big church tower at Towson we heard the hour of midnight boom.

Now Anderson suggested that we should not talk any longer. Our voices, he explained, might carry better than we imagined, and it would be a pity to scare off our quarry with a single false move.

After we stopped our conversation, I began to think. The blood coursed through my body in great surges that were caused partly by excitement and partly by fever. Singularly, however, I felt icy cold. The hand that held my revolver was numb, and I was continually obliged to lay the gun down and rub my hands together.

There was not a sound except the dismal croaking of the frogs down on the Gunpowder. They kept up a mournful chanting which after a while began to get on my nerves. Around the house itself absolute silence reigned.

Long Wait

As 1 o'clock approached, we became more alert. Now, we figured, was the proper time for the murderer to make his appearance. I wondered how the Inspector knew who it was and whether he really did know, at all, or if he were just guessing to amuse us.

However, I had seen enough of Anderson in action to realize that he seldom made an exaggerated or wild statement. His reasoning was logical and based upon facts only. Unlike Carroll, he was not the man to make a wild surmise and then seek the facts to bolster it up. To my way of thinking, he was an ideal officer—faithful, courageous, conscientious, and blessed with enough sense and reasoning power to give your average criminal a good run for his money.

One o'clock passed—then—two—then three. The coal became unendurably hard. Anderson had asked us to make as little change in our position as possible, since the shifting of our bodies moved the lumps and started them sliding.

It seemed to me that I had lain on that bed of coal since time immemorial—that I should never lie anywhere else. Even if the day dawned and I were permitted to move, I imagined that my body would have stiffened into that one position beyond any hope of change.

I wondered what Reynolds was doing down at the office. He had undoubtedly kept his word with me. He had come down about 10, written a fine thrilling description of the Paige cellar and the story of Tim Stokes that had set us off on this mad hunt. Then he had waited hopefully for me until 12, maybe 1, and had gone on down to the dressing room where he had stretched himself out on his lounge and gone comfortably to sleep. Lucky devil! Even the thought of a bed . . .

JUNIOR PATROL

We want to thank all the members who sent us valentines, especially those to Junior, Spike and the other members, fellows!

It's quite a while after Valentine Day, but it's never too late to thank a friend, is it? Special thanks to Mary Margaret Gorman, Janet Lawry and Marian Yost. Marian tells Spike to wear a good warm coat this kind of weather or he'll freeze.

Spike is tough and healthy, Marian, but we'll tell him. You know, he isn't exactly wealthy, and maybe he is saving up to buy a coat. Lots of people are that way these days. We heard President Roosevelt ask the Boy Scouts to collect furniture and warm clothes for the needy last week. We hope as many Junior Patrol members as can will help this good work, too.

Capt. Lucy Morrone, of Presto, Pa., writes today:

"We all received our pins and membership cards. But I didn't get my captain's badge. I want to thank you personally for printing one of my letters in the paper. Our club is getting along fine and I hope it will continue to do so."

Your badge will be along soon, Lucy. It takes longer to get a captain's badge ready sometimes. We're very glad your club is getting along so well. In your next letter, please tell us what you are doing and how you are helping others.

Now here is a swell letter from Dorothy Gibbons, of 359 Atwood street, Oakland, Pittsburgh. She writes:

"I lost my pin and I want to know if you will send me another one. I go to the H. C. Frick school and I am in the sixth grade. I am reading a very good book called 'Swallows and Amazons'." As soon as I finish that I will read 'Swallowdale,' a sequel to 'Swallows and Amazons.' I am going to try to start a patrol in Oakland, as I find when I read the 'Mail Box' that there are lots of members from Oakland."

We hope other members write and tell us what good books they have read, Dorothy. And we surely hope too that you can start a patrol. We are sending you another pin.

WISE WORDS

Who makes quick use of the moment is a genius of prudence.—Lavater.

As we advance in life, we learn the limits of our abilities.—Froude.

Unless one is a genius, it is best to aim at being intelligible.—Sir A. Hope Hawkins.

The whole world is my native land.—Seneca.

JUNIOR PATROL PLEDGE

I promise to help children less fortunate than I am,
I promise to do my best to make my parents proud of me.
I promise to watch carefully when crossing streets and to aid other children in keeping out of danger,
I promise to study hard and do errands willingly.
I promise to be a 100% Junior Patrol member.

Signed .....

Date of Birth ..... Address .....

School .....

Address this pledge to the JUNIOR Patrol, Sun-Telegraph, Pittsburgh, Pa. Upon its receipt you will be registered as a member of the JUNIOR PATROL and will be forwarded a membership card and an official emblem.

PICTORIAL EDUCATION

After a Painting by E. Corbould

CAPT. SMITH, ABOUT TO BE KILLED BY INDIANS, IS SAVED BY POCAHONTAS

Capt. John Smith (1586-1631) an adventurer, soldier, explorer and author, was sent, together with 105 emigrants, by the London Company to America to establish under Royal Patent the colony "Virginia" (1607). During one of his exploration trips he was captured by the Indians and about to be executed, when Pocahontas, daughter of the chief Powhatan, shielded him with her own body.

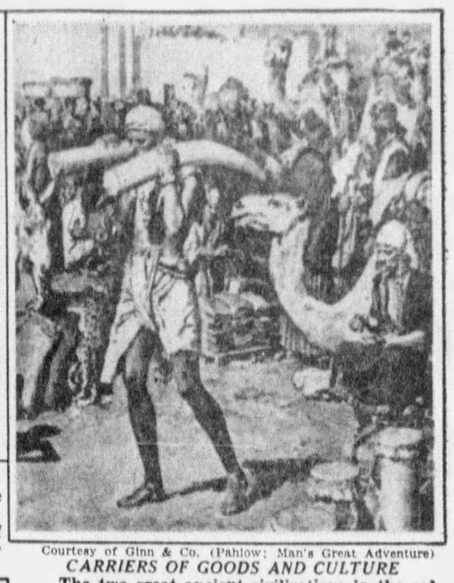
Freed, Smith soon became the head of the Jamestown settlement, the first permanent English colony within present U. S. boundaries.

At the renewal of the Virginian charter (Virginian Company), Smith returned to England (1609). Later he explored the New England coast. In 1624 Virginia became a royal colony.

Pocahontas; christened Rebecca, married John Rolfe, whose descendants became prominent Virginians. (U.S. Hist.)

SCHOOL ROOM OF THE CHALDEANS

The Second Babylonian or Chaldean Empire saw great advance also in learning. In their schools the children were taught the secrets of reading and writing, which was done on clay tablets. (Ancient History)



Courtesy of Ginn & Co. (Pahlow: Man's Great Adventure)

CARRIERS OF GOODS AND CULTURE

The two great ancient civilizations in the valleys of the Rivers Nile (Africa) and Tigris-Euphrates (Asia) had a lively exchange of goods and ideas through the centrally located Arameans, Phoenicians and Hebrews, who developed remarkable genius for these activities. They became important carriers and contributors of ancient culture. The main trading cities were Damascus, Tyre and Sidon. (World History)

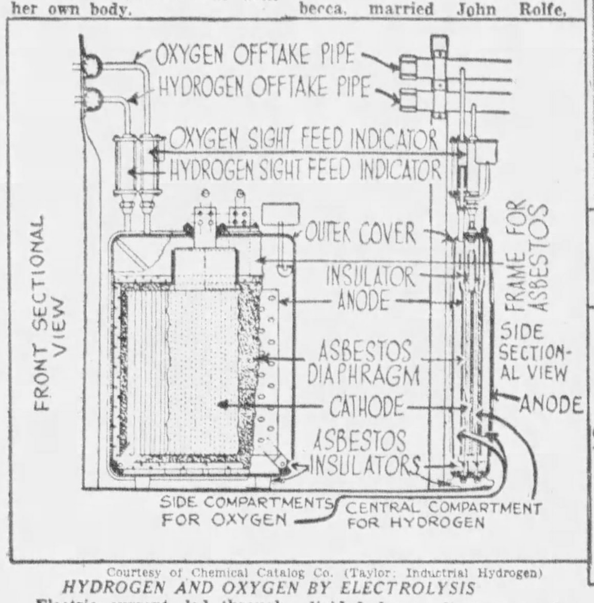
MORE CYLINDERS. SMOOTHER RUN

Increasing number and decreasing size of engine cylinders (for same power) result in more frequent, but less violent explosions, making power distribution more uniform.

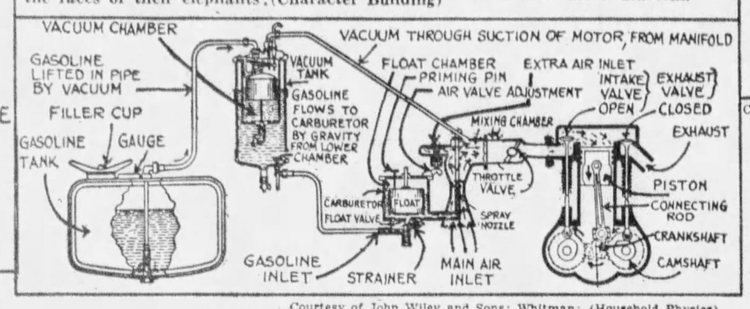


Courtesy of Chemical Catalog Co. (Taylor: Industrial Hydrogen)

HYDROGEN AND OXYGEN BY ELECTROLYSIS

Electric current, led through water solution of acid or base (electrolyte) decomposes the water (electrolysis) into its constituents: oxygen and hydrogen. The former is liberated at the anode (+ electrode), the latter at the cathode (— electrode). Arranging the electrodes in compartments divided by a diaphragm, the pure gases are collected separately.

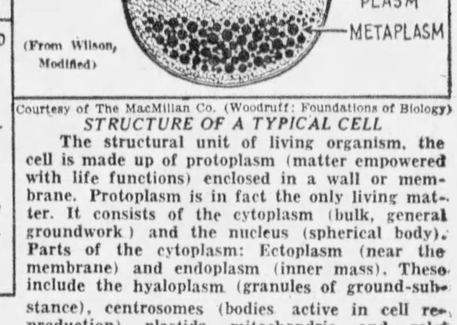
Above: The Levine generator using cobalt-plated cathode and nickel-plated anode; the electrolyte is alkaline. By decomposition of water (H_2O) the volume of obtained hydrogen is double that of oxygen. (Chemistry)



Courtesy of John Wiley and Sons: Whitman: (Household Physics)

GASOLINE SUPPLY SYSTEM OF AUTOMOBILES

Gasoline is stored in a tank generally situated in the lower rear part of car (above). The gasoline is lifted, forwarded by vacuum to a smaller tank (vacuum tank) connected with the intake manifold. From vacuum tank gasoline flows by gravity into the carburetor, where a float keeps it at constant level. Motor sucks through carburetor air, which rushes past the nozzle connected to float chamber. Gasoline is lifted in a fine spray from nozzle by rushing air, furnishing the explosive charge of the cylinders into which it enters through the opened inlet valves. (Automobiles)



Courtesy of The MacMillan Co. (Woodruff: Foundations of Biology)

STRUCTURE OF A TYPICAL CELL

The structural unit of living organism, the cell is made up of protoplasm (matter empowered with life functions) enclosed in a wall or membrane. Protoplasm is in fact the only living matter. It consists of the cytoplasm (bulk, general groundwork) and the nucleus (spherical body). Parts of the cytoplasm: Ectoplasm (near the membrane) and endoplasm (inner mass). These include the hyaloplasm (granules of ground-substance), centrosomes (bodies active in cell reproduction), plastids, mitochondria and golgi bodies (seats of special physiological functions); the metaplasm is incidental lifeless matter. The nucleus, which regulates especially growth and reproduction, consists of linin and chromatine meshworks with karyosomes (dense spots) and sometimes one round nucleolus. It is the highest type of organization in the cell.

So Near and Yet So Far

Bugs Baer

Ball Players Softening Up

Along about this time the baseball teams start toward Dixie and California.

Few bugs know that it wasn't always that way.

Now, the players dabble in sunshine, eat oranges and autograph palm leaf fans. Six weeks in the tropics and they come north again to open the season and get bronchitis.

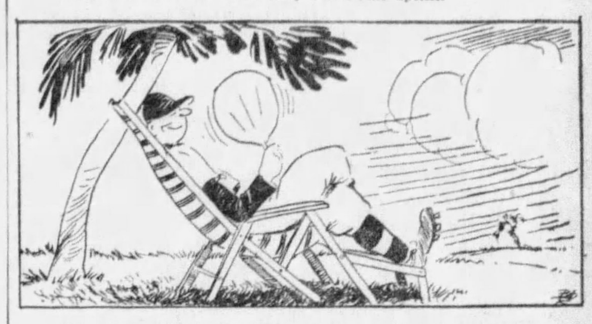
In the old, old days, the teams went north. The idea was to toughen them up.

We have records of players who traveled as far up as Nova Scotia in February and worked their way back by easy stages. The training was mostly road work and standing on your head in the snow.

When the season opened they were as hard as kegged nails. Even at that no base runner ever took off his overcoat until he got to base.

If they want to know what's wrong with baseball it is effeminacy. The boys ain't corrugated any more.

They can't take it. And they can't run uphill.



Of course, fellows like Babe Ruth are throwbacks. Babe belonged to the days of Anson and the oldtimers. And even Babe wouldn't qualify entirely. He's too good-natured.

Teams are no longer matters of civic pride. The players refuse to work it up. Way back in Philly we used to run the Giants out of town every game.

Those 18 players were around the umpire so often you couldn't tell which side was in the field.

Then the bleachers chose up sides too. John McGraw will still tell you how some Philly rooter smacked him in the face with the check for Billy Penn's bronze hat.

The hat weighed 14 tons. The check was in proportion.

So, if Commissioner Landis wants to bring back baseball interest he will cancel marching orders and send the teams north to train.

Take 'em off those wicker rockers on the veranda and put 'em on dog sledges.

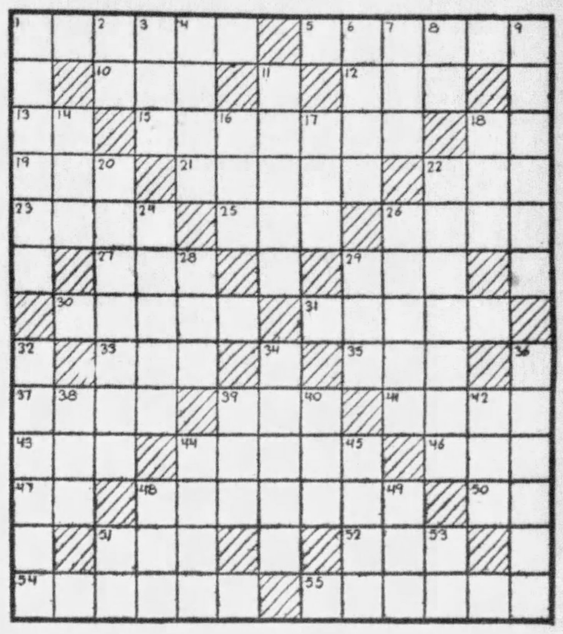
Today's Crossword Puzzle



HORIZONTAL

1—Excuse.
5—Grills.
10—Goal.
12—Total.
13—A railroad.
15—Thoughtful.
18—Comparative ending.
19—Mist.
21—Din.
22—Land measure.
23—A wide-mouthed pitcher.
25—Obstruct.
26—Attracted.
27—Title.
29—A dance.
30—Sturdy.
31—Attempted.
33—An Indian tribe.
35—An eagle.
37—A planet.
39—A head covering.
41—Tale.
43—Female sheep.
44—A title.
46—A constellation.
47—Point of compass.
48—Refer to.
50—Note of scale.
51—Cereal.
52—Plaything.
54—Distribute.
55—Find out.

VERTICAL

1—Favor more.
2—Sun god.
3—A plunge.
4—A prophetic sign.
6—Rant.
7—Poem.
8—Fish.
9—Scattered.
11—Native of Asia.
14—Not high.
16—To incline the head.
17—Doctrine.
18—Before.
20—Action intended to emphasize opinion.
22—An armory.
24—Disturbances.
26—A store devoted to the sale of milk.
28—Regret.
29—Prefix, before.
32—Corrects.
34—Planet.
36—To consecrate.
38—Reverential fear.
39—To have the means to.
40—Hawaiian food.
42—A thing, in law.
44—Letter in Greek alphabet.
45—Observe.
48—Girl's name.
49—Negative.
51—Else.
53—Biblical pronoun.

Herewith is the solution to Saturday's puzzle:

Zoning Stands

The Attempt to Nullify the Regulations is a Reminder of the Need of Vigilance

The attempt, sponsored by Mayor W. N. McNair, to nullify the zoning regulations has failed.

The application for a garage permit which would have violated the legal requirements has been withdrawn.

We have no assurance, however, that Mayor McNair will not again tell the Board of Adjustment, in some other case, to "forget the law."

The incident which precipitated the crisis will have served a useful purpose if it has taught Pittsburgh property owners the lesson that they must be constantly on the alert to protect their homes.

The publicity given the Mayor's action brought forth a public protest which led to the withdrawal of the application. But other offensive applications may not be so widely advertised.

We must rely chiefly on the hope that the Board of Adjustment will not yield to political or other pressure.

History Deficiencies

The School Authorities Should Rectify Rather Than Stupidly Defend Them

A number of educators have rushed to the defense of the new history textbooks ordered for the Pittsburgh public schools, which have been criticized in these columns because of their deficiencies.

If the education of Pittsburgh children were not at stake, these efforts to justify serious omissions would be amusing. One pundit solemnly informs us, for example, that a satisfactory textbook covering the history of this region cannot be written until a survey has been made by the Historical Society of Western Pennsylvania and the facts established!

Admitting that local history was not done justice in the public schools, the educational authorities recently announced that new textbooks had been ordered which would give Pennsylvania "adequate" treatment.

Examination of the hundreds of pages of the new texts showed that while much was said about Buffalo Bill there was not a word about Gen. John Forbes, who captured Fort Duquesne from the French and decided the fate of this part of North America; that while there was a chapter on captains of industry there was no mention of Frick, that titanic figure in the development of the coke and steel industries, nor of Drake, who drilled in Western Pennsylvania the first commercial oil well and gave mankind the industry that made the automobile and airplane possible; that while space was given to the story of the Mayflower and Plymouth the first settlements in Pennsylvania were ignored.

We have received a number of communications from officials conected with the public school system stupidly and stubbornly attempting to defend the deficiencies. They would do better to rectify them. If it is not too late, the orders for the deficient new texts should be canceled, and arrangements made for the preparation of a really adequate work.

Pennsylvanians resent these efforts to belittle their state and its men.

The famous British historian Green in his "Short History of the English People" shows greater understanding of the importance and world-wide significance of the fall of Fort Duquesne than some of the Americans to whom the education of Pittsburgh children has been entrusted.

The one heartening thing in the letters to the Sun-Telegraph is the statement that the history texts are supplemented with oral information.

We have the word of a man who graduated from Pittsburgh grade and high schools that he was told nothing about the battle of Grant's Hill and only learned of it through seeing the commemorative tablet on the courthouse.

We hope there has been improvement since then in the teaching of local history.

Liquor Sales Compared

The Figures Issued by the State Stores Will Be Valuable as a Business Index

The State Liquor Control Board reports that sales in the state stores in Pennsylvania for the week ended February 10 were $829,948, of which $229,423 was received in Philadelphia and $157,340 in Allegheny County.

That makes the per capita sales in the state 8 cents and 6 mills; in Philadelphia, 11 cents and 7 mills, and in Allegheny County, 11 cents and 4 mills.

The people of Allegheny County are giving Philadelphia a race in the matter of liquor consumption; but notwithstanding that the profits from the liquor purchases are applied to meritorious purposes we should not be unduly zealous to lead.

We can take satisfaction from the thought that the money is going to the state, and not to bootleggers.

Moreover, a per capita consumption of 11 cents worth of liquor a week undoubtedly reflects total abstinence in a large part of the population.

As the state's liquor trade becomes stabilized, the weekly sales figures should acquire value as a business index.

It's No Sin to Spend

Despite Benjamin Franklin

Dr. Alvan L. Barach, of the College of Physicians and Surgeons in New York, calls attention to an unfortunate psychological effect of the depression—excessive thriftiness which makes the person with money feel sinful about spending it.

Thrift, the doctor wisely points out, is just as foolish now as excessive spending was in the so-called good old days. Refusal to spend has as bad an effect on the social organism as refusal to eat or exercise would have on the healthy body.

Curtailed buying reduces production and cuts down employment. It's the start of a vicious circle which very soon hits individual buying power.

The thing to do, it seems, is to amend Benjamin Franklin's advice about a penny saved is a penny earned. That was true as far as it went, but it did not go far enough.

Work, earn to SPEND to create more employment, to make more buying power for yourself and the nation.

Buy now.

SUN-TELEGRAPH'S PLATFORM

For Pittsburgh and Western Pennsylvania

A better, cleaner, more beautiful city
Improved transit facilities.

Electrification of railroads.
Fair public utility rates.

Drums in the Jungle

By Nelson Harding

In that steel and iron jungle,
In that forest made of weapons,
Barbed entanglements and pitfalls
War drums never cease their booming.

Uncle Sam can hear them plainly
Echoing across the water.
He will keep out of the jungle
As a burnt child shuns the fire.

NEW YORK DAY BY DAY

By O. O. McIntyre

NEW YORK, Feb. 19.—Diary: Betimes and a note from Constance Collier; she misses the New York sunshine in London. Also came an original George Belcher crayon which Frank Crowninshield sent my lady and we hung it in the bedroom hall between etchings of Henry L. Doherty and a Morgan Dennis Scottie.

Working until twilight and through the town, meeting Lee Olwell, the gazetteer, who told me as comical a tayle of a clink-pot as ever I heard. Then came upon Walter Chrysler, Jr., and pretty Betty Shuster gazing into the shop windows. And idled with them a moment.

To dinner with the Messmore Kendalls and much high but stimulating nonsense. Home and to bed by 11 reading Elizabeth Cobb's "She Was a Lady!", a grand bit of fiction I did not put down until 4 a. m., wondering how one so young acquired such knowledge of life.

* * *

Every man who has incubated a setting of jitters trying to sleep in a strange town will understand this one. It was 3 a. m. and from the Hotel Astor emerged a sleepy-eyed pajamaed figure muffled in an overcoat. Proceeding to the middle of the car tracks he twisted a man-hole covering half around, waited to hear if passing cars resounded with the same clackety-clack. And when they didn't slouched back to the hotel.

* * *

A disillusioned and wealthy young man has left the Rialto flat after several experiments angeling shows. He is Joseph V. Reed, whose love for the theater is keen but he found the chicane in the stage world degrading, so he quit cold. The chiselers, however, only smile. They know there will be many more "reeds to be shaken by the winds."

* * *

Unseen radio audience proves far more terrifying than in-the-flesh audiences to even those accustomed to appearing in public. When Katharine Hepburn made her first broadcast recently her hands trembled so an announcer had to hold her manuscript. Merlin Aylesworth, who as head of a big broadcasting chain, knows microphone technique better than the average, has to fight off terror. And such old stagers as Amos 'n' Andy have occasional flurries of fright. But most terrifying of all is to go on the air, turn a page and find the next one gone!

* * *

Literary teas to "successful authors" are not touching off temperatures any more. It began to dawn upon the unsuspecting just what they were—a publisher's three-sheeting for a doubtful scribbler. The writer of good books does not need such circusy drawing room didoes to boost sales. Sinclair Lewis abhors them. As do Louis Bromfield, F. Scott Fitzgerald, Willa Cather and William McFee. And Ring Lardner never attended one in his all too short career.

* * *

The Singer Building on lower Broadway, first "tallest building" to waver across the downtown sky, was also first to employ women elevator operators. They were young girls then but became matronly after 25 years and so far as I know are still there. There was one I remember startlingly remindful of Lotta Faust, whose decollete stage gowns uptown brought out all the first row rams of the era.

* * *

Bagatelles: Singapore now has a Frank Buck movie theater . . . Bing Crosby is another to put it all in annuities . . . Russell Wilson, of Cincinnati, is the only dramatic editor to become mayor of a first class American city . . . Freddie Kaplan, Broadway lawyer, is considered the town's best backgammon player . . . A roundup of owners of unmuzzled police dogs, goody, goody, is ordered . . . Somerset Maugham writes in longhand and dictates from it . . . Kathleen Norris learned Italian to be able to read Dante's Inferno in the original.

* * *

Lucius Boomer tells of the hangover from the Beaux Arts ball that teetered in at noon next day, looking for the cap to his mandarin costume. He knew exactly where he had left it in the large ballroom under a certain table. A women's luncheon was in progress in the hall but he went in, looked about and, bewildered, inquired: "Let me see another one of your big roomy rooms!"

ISN'T IT SO?

No man goes into politics for his health.

Short sermons are remembered longer.

The best of all shock absorbers is a sense of humor.

The girl worth while is the girl you make smile—not laugh.

Some knocks in a car come from the party on the back seat.

LISTEN, WORLD!

By Elsie Robinson

Hate Can't Hurt You—Unless You Let It In

Hate used to disturb me terribly.

Like all lively, reckless people, I unconsciously made myself a target for it by continually disturbing my neighbor's comfortable Status Quo. As a consequence, somebody was usually gunning for me; which, after all my snooty talk, I should have taken philosophically.

But I couldn't! I could be sufficiently calm in the face of almost any other trouble, but I couldn't be calm in the face of hate. It did something to me. Something tangible. It not only messed up my mind and spirit but it gave me the jitters, physically—as some vicious, slow poison would have done.

Part of the disturbance, of course, was caused by my own anger. Hate made me furiously angry. The injustice of it! If I'd tried to hurt anyone, it would have been my just due. But to hate me merely because I was what I was—to hate just because the hater liked to hate—I couldn't understand it; I couldn't bear it.

Hate got my goat. Gave me, literally, the blind staggers. How many days, months, years have I wasted—I wonder!—shadow-boxing hate. Plenty of them. And then, gradually, I began to make a tremendous discovery.

I BEGAN TO DISCOVER THAT I NEEDN'T BE HELPLESS BEFORE HATE.

I had been blaming Hate for the demoralization of my life. I had been thinking of Hate as a hideous Power. But hate wasn't a Power. Hate had no power—UNLESS I GAVE IT POWER. Hate couldn't do anything to me—UNLESS I LET IT.

What was Hate? Why was Hate? It was the gesture of an angry, frightened spirit—a spirit that wanted to strike and hurt because it was angry and frightened.

What had made it angry and frightened? Sometimes I had, by my own carelessness or selfishness. And when Hate was my fault, it was up to me to face and fix that fault.

But oftener Hate came from the other fellow's own weakness—some bitterness or envy or confusion in himself. In either case, whether I caused the Hate, or whether it was the other fellow's own stewing, Hate, itself, was only a gesture.

AND THAT GESTURE COULDN'T HURT ME UNLESS I LET IT.

It might make plenty of outside trouble for me. It might mess up my outside life. But I didn't live in my outside life, in the things I owned, or the things I did. My real life lay deep inside, in the things I thought and the things I felt. And over these things I had control.

HATE COULDN'T TOUCH THESE THINGS UNLESS I LET IT.

Hate was the product of anger and envy and fright. But Hate couldn't pass on that anger, envy and fright to me—unless I permitted it. Hate couldn't even bewilder me.

But how could I prevent it? BY UNDERSTANDING IT. IF I ONCE UNDERSTOOD WHAT LAY BEHIND HATE, IT COULD NO LONGER MAKE ME ANGRY.

If a frightened child struck me, I didn't become angry, did I? If a sick or insane woman in her delirium called me names—spread vicious stories—even menaced my life—I didn't hold her responsible, did I? I took reasonable precautions to protect myself but I didn't get rattled; I didn't let my inner life be demoralized.

No, I accepted it as I accepted the other nuisances and accidents of life—and went right on with my work and dreams.

Then why not accept Hate in the same way? Hate, too, was the frantic gesture of a sick soul. If I understood the gesture—if I understood what lay behind hate—I would see that Hate was a weak, not a strong thing, and the sick spirit behind it was pitiful, not powerful.

AND THAT VERY PITY WOULD TAKE THE STING FROM HATE.

Hate no longer demoralizes and demolishes me as it did once. Being human, I still get hot under the collar and have my mean moments of longing for revenge.

But I've learned how silly such moments are—how dangerous to myself. I've learned that they are the only real menace in Hate. MY OWN ANGER IS THE ONLY HARM THAT HATE CAN DO ME.

So—even if I don't give two hoots for the other fellow—even if I'm moved by no motive higher than common selfishness—I try not to let Hate get under my skin. And, sometimes, I succeed!

(Copyright, 1934, King Features Synd., Inc.)

MARRY-GO-ROUND

By Helen Rowland

Wives—and Ex-Wives

Not many women understand "finance;" but, these days "finance" seems to consist in reading about billions and billions and then going through your husband's pockets to find a dime to tip the hall-boy.

* * *

Pedigreed dogs may be all right, however bad their tempers—but, thank heaven, we haven't yet come to being run down by pedigreed motor cars.

* * *

In the average woman, love is the essence of unselfishness—and the most selfish thing in the world; highly distilled sweetness—and concentrated bitterness; slavish adoration—and complete tyranny. I have often thanked

heaven that I am a woman—because I don't have to be married to one! It is easier to endure that purely selfish, vacillating desire—which a man calls "love."

* * *

In a modern husband, love is expressed in many ways—sometimes by giving his wife the heart of the tenderloin, and sometimes by giving her a ticket for the West and enough alimony to buy a gigolo.

* * *

A woman is not actually past middle-age, until she begins to get crowsfeet under the eyes because she thinks that she's "too young" to put on eyeglasses.

Love, in a savage, was expressed by clubbing a gal over the head and dragging her around by the back hair; in a civilized man it is expressed by tricking her out like the show window of a jewelry store and then using her as a sales promotion.

* * *

When a women is overly kind to a man, it burns him up to have to feel "grateful" to her, and his regard for her is as tender as that of a creditor.

* * *

You simply can't trust these ex-husbands and ex-wives together. Leave them alone at a lunch-table, and the first thing you know, they are flitting off to California on a second-honeymoon.

(Copyright, 1934, King Features Synd., Inc.)

Text for Today

But he answered and said, It is written, Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God.—Matthew, iv:4.

Avoid Air Blunder

Disaster Courted in Political Tampering With Aviation and Merchant Marine

After the manner of history, the course of which they frequently shape, editorials sometimes REPEAT THEMSELVES.

Here is an editorial on the development of the American merchant marine and American air transport, both as transportation agencies and as auxiliaries of the national defense, WHICH WAS PUBLISHED LAST SEPTEMBER IN THE HEARST NEWSPAPERS, NORTH, EAST, SOUTH AND WEST.

This editorial enunciates principles as applicable now as then and as pertinent now as then to the professed friends of our merchant marine and our air transport in the executive and legislative branches of the federal government.

"Of vital interest to the common defense and the public welfare is an investigation which a special committee of the United States Senate is making of the American merchant marine and American air transport.

"This investigation was ordered by the Senate in the closing days of the last Congress in the name of economy. Its avowed purpose is to determine whether government aid for the revival of our merchant marine and the development of our air transport is being wasted or wisely expended.

"If this investigation is impartially conducted in an honest effort to evaluate the effectiveness of existing laws designed to make the United States independent on the seas and supreme in the air, it will be of large and lasting benefit.

"If this investigation is utilized, however, as an excuse to discredit our merchant marine and air transport policies, with a view to depriving them of government aid and nullifying established policies, it will delight and advantage special privilege at the expense of the public welfare and the common defense.

"Toward the revival of our merchant marine and toward the development of American air transport at home and throughout Latin America, great progress has been made by the United States in recent years.

"A wise Congress in 1928 and 1929 recognized the urgent national need of doing both by the enactment of the Jones-White merchant marine act and the foreign air mail act to supplement legislation previously enacted for the same purpose.

"By these enactments it was declared to be the policy of the United States 'to do whatever may be necessary to develop and encourage' the maintenance of a merchant marine and the upbuilding of air transport.

"As a result of the Jones-White act, a splendid fleet of fast new ships has been built. It is now possible to ship and sail under the American flag from the principal ports of all the coasts of this country direct to all important foreign markets.

"Thirty-five per cent of the total value of our foreign commerce is now carried under the American flag. This means that this proportion of freight money paid by American citizens is kept at home.

"If this progressive policy is steadfastly pursued, the greater part of AMERICAN COMMERCE WITH ALL FOREIGN COUNTRIES WILL SOON BE CARRIED UNDER THE AMERICAN FLAG.

"As a result of the Morrow Commission's investigation of aviation, under the Coolidge administration, Congress became air-minded. It enacted a five-year program for military and naval aviation and legislation designed to put civil aviation on a sound basis.

"Then Congress turned its attention to the menacing control of Latin America aviation by European interests.

"At that time German and French companies were pressing the development of their air transport among the Latin-American republics. They were preparing to make the Panama Canal the operating center of extensive air transport activities north and south.

"WITHIN TWO YEARS AFTER CONGRESS ENACTED THE FOREIGN MAIL ACT, THE UNITED STATES WAS LINKED WITH ALL LATIN-AMERICA BY AMERICAN AIR TRANSPORT COMPANIES OPERATING AMERICAN PLANES, MANNED BY AMERICAN CREWS AND FLYING THE AMERICAN FLAG.

"Domestic air transport, due to government aid authorized by Congress, has gone forward in recent years with increasing success.

"We now have national systems of air transport running north and south as well as east and west.

"All this development of our merchant marine and our air transport has been due to government aid extended in support of private enterprise under strict government regulation.

"IT WILL BE A NATIONAL CALAMITY IF THIS DEVELOPMENT IS RETARDED UNDER THE PRETENSE OF ECONOMY, BY ANY COMMITTEE OF EITHER HOUSE OR CONGRESS."

It only remains to be said in re-enforcement of this self-repeating editorial of September last that—

It will be a FATUOUS BLUNDER which may prove disastrous to the DEMOCRATIC PARTY, if this development of the American merchant marine and American air transport, is retarded, either by maladministration at one end of Pennsylvania avenue or by the insatiable greed of obscure politicians at the other for personal publicity bought at the expense of the common defense and the public welfare.

Human Side of the News

John Charles Thomas' Remarkable Career—The Son of a Pennsylvania Methodist Preacher

By Edwin C. Hill

THE lights of the old Metropolitan Opera House blaze high. Upon the stage, Guiseppe Verdi's La Traviata, and that lovely lady and splendid actress, Rosa Ponselle, in the part of Violetta, singing her heart out over the departure of her young lover. The story of Camille in every episode and scene.

Through the flower-hung doorway comes a stalwart figure, broad-shouldered, robust, radiant with the lustiness of health, the lover's father, Germont, to plead with the girl to surrender his boy. And then the magnificent duet between the two—between dark-eyed Rosa Ponselle with her voluptuous beauty, and John Charles Thomas, always the Viking, even in the garb and trappings of opera in Italian fashion.

John Charles Thomas, great American-born singer, close to the public heart, making his first appearance in the great Metropolitan Opera House of New York! And then storm on storm of applause, crashing to the ceiling, billowing the heavy draperies, shaking the very walls. And up in the topmost gallery the sons and daughters of Italy, who know the perfection of song when they hear it—for opera is in their blood—leap to their feet and smite their hands together and shriek: "Bravo!" and "Brava!" for five minutes without a drawn breath.

* * *

Enjoys Life To the Utmost

JOHN CHARLES THOMAS has taken his place in Metropolitan Opera with brilliant success, another step in a career which, with all its fame and wealth, has stolen not one friendly note from the changeless simplicity and humanity of a great artist. Warmth and vitality, love of life, pulse in this man's every vein and make him what he is—the darling of the public as well as the model of the captious critics.

* * *

Came From Methodist Parsonage

FROM the home of a Methodist circuit rider in Pennsylvania—simple, sturdy folk—he strode with lusty vitality into operetta, then to the concert stage and then to three years with the Royal Opera in Belgium. Then back to his own country, to opera and concert and radio, and now to the Metropolitan to take his place with the great-great ...ith the De Rezkes, with Scr... and Caruso.
